**Bernard Malamud Revisited** Edward A. Abramson, 1993 Despite the fact that Bernard Malamud 1914 1986 wrote about selflessness and love as they applied to all human beings he has long been referred to first and foremost as a Jewish American writer a term he disliked Malamud s most significant works including *The Assistant* 1957 *The Magic Barrel* 1958 *The Fixer* 1966 and *The Tenants* 1971 dealt with aspects of Jewish experience in both the Old World and the New He felt however that his characters should be understood not for their Jewishness but rather as symbolic of the human condition as sufferers Furthermore such well known novels as *The Natural* 1952 and *A New Life* 1961 are about men who either are not Jewish or do not practice their Judaism *Bernard Malamud Revisited* is the first comprehensive study of the author and all of his works including the posthumous 1989 publication of *The People and Uncollected Stories* Edward A Abramson follows the development of Malamud s themes and techniques through a chronological study of his eight novels and a thematic discussion of his short stories Abramson s analysis of the writer s impact proves that Malamud deserves a place in the American tradition alongside Hawthorne Melville Faulkner and Hemingway writers whose fiction is moralistic and frequently uses a particular type of allegory Malamud is not simply a chronicler of Jewish life but a universal artist whose characters grow to a moral maturity that many other American fictional protagonists never reach **BOOK JACKET Title Summary field** provided by Blackwell North America Inc All Rights Reserved **The Magic Worlds of Bernard Malamud** Evelyn

, 1993 **Ideology and Jewish Identity in Israeli and American Literature** Emily Miller Budick, 2012-02-01 By creating a dialogue between Israeli and American Jewish authors scholars and intellectuals this book examines how these two literatures which traditionally do not address one another directly nevertheless share some commonalities and affinities The disinclination of Israeli and American Jewish fictional narratives to gravitate toward one another tells us much about the processes of Jewish self definition as expressed in literary texts over the last fifty years Through essays by prominent Israeli Americanists American Hebraists Israeli critics of Hebrew writing and American specialists in the field of Jewish writing the book shows how modern Jewish culture rewrites the Jewish tradition across quite different ideological imperatives such as Zionist metanarrative the urge of Jewish immigrants to find Israel in America and socialism The contributors also explore

how that narrative turn away from religious tradition to secular identity has both enriched and impoverished Jewish modernity
