Bernard Of Clairvaux On Loving God:

On Loving God St Bernard Of Clairvaux,2011-05 In this 11th century text St Bernard of Clairvaux Doctor of the Church gives the reader his insights and advice on Love describing the four separate kinds of love that seekers experience on their path to Loving God self love selfish love loving God objectified and loving one s self in God This desire for Deity the Saint asserts is both a duty because He loved us first miserable sinners with a love so great and free and a delight as God bestows upon those who attain to the fourth stage of Love the blessed state of the Heavenly Fatherland free from pain sorrow and despair St Bernard s poetic medieval prose is surprisingly accessible full of intriguing imagery flashes of humor and deep wisdom Loving God: The Teachings of Bernard of Clairvaux Ellyn Sanna,2011-05 Love is the essence the very substance

of God Bernard of Clairvaux had a tremendous influence on the eleventh century and his understanding of Divine love can still inspire and challenge us Anamchara s modern version of Loving God brings Bernard s teachings into the twenty first century allowing modern mystics the opportunity to once again sit at the feet of this great theologian All things are ordered measured numbered and weighed by love s structure and nothing is left outside love s realm Bernard of Clairvaux **On**

Loving God is the most spiritual work written by Saint Bernard of Clairvaux This work has been written for students scholars or anyone who wants to understand the love of God for His children Saint Bernard explains what divine love is defines four degrees of love souls experience in their growth in God Selfish Love Dependence on God Intimacy with God Being United with God s Love A soul fixed in God loves God God loves Himself in his creatures this love increases with loving motion which ends in His Eternal Kingdom God wants to be known and love is attracting us to understand Him On Loving God Bernard

De Clairvaux,2009-12 We should love God because he first loved us and also for his many gifts to us Christians more than others should know this Loving God brings a reward of peace we cannot find in earthly things There are four degrees of love for God It is natural that it should begin with loving God for selfish reasons but we can love God at a higher level by loving our neighbors and by loving God for his own sake to the extent that we love him without even thinking of ourselves but because his essence is love Saint Bernard of Clairvaux 1090 1153 was born near Dijon France After joining the austere Cistercian order he was charged with establishing a new monastery which he named Clairvaux The monks at Clairvaux lived

on a diet of bread vegetables and herbs but despite the hardships of this life the monastery flourished Bernard a powerful writer preacher and administrator would eventually found over 160 such monasteries in countries across Europe Among his other actions he drafted a rule for the newly formed Knights Templar *On the Love of God* St. Bernard of Clairvaux, The first and greatest commandment is this You shall love the Lord your God with all your heart with all your soul with all your strength and with all your mind Medieval monk and church leader St Bernard of Clairvaux explores four stages of love by which the follower of Christ moves from selfishness deeper and deeper into a life of all consuming love for Almighty God His deeply insightful words penned centuries ago ring just as inspiring and true today as they did the day they were written

Saint Bernard on the Love of God Saint Bernard (of Clairvaux),1982 **On Loving God, and Selections from Sermons** Saint Bernard (of Clairvaux),1981 Bernard de Clairvaux 1091 1153 a charismatic Cistercian who did much to transform the the order into a great European institution is here represented by the full text of *On Loving God* one of his shorter works and by selections from his 86 sermons on the Song of Solomon **Saint Bernard on Loving God** Saint Bernard (of Clairvaux),1909 **Saint Bernard on the Love of God** Saint Bernard (of Clairvaux),1881 **Mystics** William Harmless,2008 Mystics are path breaking religious practitioners who claim to have experience the infinite word defying Mystery that is God Many have been gifted writers with an uncanny ability to communicate the great realities of life with both a theologian s precision and a poet s lyricism They use words to jolt us into recognizing ineffable mysteries surging beneath the surface of our lives and within the depths of our hearts and by their artistry can awaken us to see and savor fugitive glimpses of a God drenched world In *Mystics* William Harmless S J introduces readers to the scholarly study of mysticism He explores both mystics extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harmless s case study approach brings things down to earth restoring mystics to their historical context Harmless highlights the pungent diversity of mystical experiences and mystical theologies Stepping beyond Christianity he also explores mystical elements within Islam and Buddhism offering a chapter on the popular Sufi poet Rumi and one on the famous Japanese Zen master Dogen Harmless concludes with an overview of the century long scholarly conversation on mysticism and offers a unique multifaceted optic for understanding mystics their communities and their writings Geared toward a wide audience *Mystics* balances state of the art scholarship with accessible lucid prose

The Asymptote of Love James Kellenberger,2018-10-16 In *The Asymptote of Love* James Kellenberger develops a theory of religious love that resists essentialist definitions of the term and brings into conversation historical debates on love in Western philosophy and Christian theology He argues that if love can be likened to a mathematical asymptote which is a straight line that infinitely approaches a curve but never quite reaches it then the asymptote of love reaches toward the

infinite endpoint of love at its uttermost namely God's love Drawing upon a broad range of thinkers who have put forth classic debates on love such as St Augustine of Hippo Anders Nygren and St Thomas Aquinas as well as some lesser known figures in the debate such as Leo Tolstoy and Albert Schweitzer Kellenberger explains the profound connection between human agape and God's infinite love in its capacity to offer both directive guidance and to exist beyond human conception

A Theology of Love Werner G. Jeanrond, 2010-03-21 *Saint Bernard on the Love of God. (The Book of Saint Bernard on the Love of God. - Fragments from Saint Bernard's "Sermons on the Canticle of Canticles")* Saint Bernard (of Clairvaux), 1937

Scripture in the Search for the Doctrine of God, 2025-10-24 Scripture and the Search for the Christian Doctrine of God examines the dynamic exegetical traditions that shaped the fourth century Trinitarian controversies and how these legacies of biblical reading have influenced both evaluations of the fourth century and subsequent use of patristic materials by scholars and theologians Part I Legacies focuses on pre Nicene reading practices with an eye towards how they were received in the fourth century and beyond Part II Traditions investigates how fourth and fifth century theologians received and inherited pre Nicene traditions of biblical reading Part III Receptions highlights the way that patristic exegesis has been received in a variety of post patristic contexts including Medieval Chinese Christianity early Renaissance Humanism and Contemporary Evangelicalism The result is a greater appreciation of the deeply biblical character of the early Christian search for the doctrine of God

Embracing Contemplation John H. Coe, Kyle C. Strobel, 2019-02-26 What does a Christian life lived by the Spirit look like Bringing together Protestant scholars and practitioners of spiritual formation this volume offers a distinctly evangelical consideration of the benefits of contemplation Drawing on historical examples from the church including John Calvin Richard Baxter Jonathan Edwards and John Wesley this book considers how contemplative prayer can shape Christian living today
