Bernie Flies A Helicopter:

Bernie Flies a Helicopter Derek Radford,1996-01-01 **Jungle Fishing Misadventures 1974-2012** Stephen Orndorf,2012-10 For close to 40 years Steve Orndorf and his brother Dave have traveled to the jungles of South America in the pursuit of adventure and trophy fish While the fishing hasn't always been productive there's been no shortage of adventures Journeying through seven countries they've encountered logistical nightmares hostile Indians and a host of intimidating creatures piranhas electric eels poison dart frogs vampire bats caimans freshwater rays snakes bullet ants and more The richly biodiverse Amazon and Orinoco River basins have served as backdrops for most of these trips Here a brief walk in the jungle can expose one to an astonishing array of different species more perhaps than would be revealed in a month of walking in most parts of North America For the Orndorf brothers sportsfishing has opened the door to exploring this magnificent region truly one of our planet's last remaining frontiers **Bernard Fall** Dorothy Fall,2006 Bernard Fall wrote the classics *Street Without Joy* and *Hell in a Very Small Place* which detailed the French experience in Vietnam One of the first and the best informed Western observers to say that the United States could not win there either he was killed in Vietnam in 1967 while accompanying a Marine platoon Written by his widow Dorothy Bernard Fall *Memories of a Soldier Scholar* tells the story of this courageous and influential Frenchman who experienced many of the major events of the twentieth century His mother perished at Auschwitz his father was killed by the Gestapo and he himself fought in the Resistance It focuses however on Vietnam and on two love stories The first details Fall's love for Vietnam and his efforts to save the country from destruction and the United States from disaster The second shows a husband and father dedicated to a cause that continuously lured him away from those he loved With a foreword by the late David Halberstam *Doubly Blessed: The Life of an Adopted Child* Mary-Louise Hinch,2015-03-02 There was a time when having a child out of wedlock was socially unacceptable Many young mothers had to go away during their pregnancy to avoid moral condemnation My birth mother was one of these For every one of these young women however there was another woman desperate to start a family with her husband yet unable to conceive My adopted mother was one of these I was the very lucky baby who was given the opportunity to know and love both of these courageous mothers and their spouses This book is an attempt to describe just how fortunate I am to have had two sets of parents in my life and a total of three siblings It is one thing to grow up in a family and be nurtured and loved by them but to have had two such experiences is beyond wonderful It is nothing short of a miracle I know there are adoptees like myself who have found a birth parent and experienced quite a different outcome than I have To these people I offer my hope that your adoptive parents have given you the love and the support that you needed in order to become all that you could be The plain and simple fact is that some people should never have children To those adoptees contemplating searching for their birth mother or father I would encourage you to open that potentially fearful door just be prepared emotionally for what may come of the attempt to find your roots You might be rejected because

it would create too many problems at this point in your birth parent's life. On the other hand, you might be received with open arms and love, what you find as I did. You might also be welcomed and not like what you find. At least, however, you would know where you began. Whether or not our birth parents are people with whom we can connect emotionally, they still gave us life. I have had relatives and good friends ask why I am writing this book. I see it as a way of honouring both sets of parents. My adopted parents died before I felt the need to find my birth mother. I pray that they are aware of how successful my search was and of the deep bond that has developed between my birth mother and myself. I would like to think that they would not be threatened by this relationship. Though I genuinely love my birth mother, it is a different kind of relationship that we have because she was unable to raise me. This memoir is meant to honour my adoptive parents while at the same time confirm my gratitude to and love for my birth mother.
