Bernie The Bulldog:

Bernie the Bulldog Nicole Rubel, 1984 The Real Bernie Madoff Ralph Griffith, 2021-11-30 The Real Bernie Madoff Ralph Griffith wrote a book that no one else could have Sara Stratso November 9 2020 There has been no shortage of books written about Bernie Madoff but Ralph Griffith's book stands out above all the rest because the author and Madoff were incarcerated together for seven years Bernard Lawrence Madoff a prominent Wall Street figure was serving time in North Carolina's Federal Medical Center in FCI Butner Madoff the former chairman of NASDAQ National Association of Securities Automated Quotations Dealers had been sentenced for 150 years for an elaborate multi billion dollars Ponzi scheme targeting investors Griffith had been doing time because of bank robbery and parole violations Both had heart conditions and thus were sequestered together in the federal medical facility Griffith was working in the prison library as the law clerk Griffith humorously describes their friendship with We spent 7 years living in a 60 man unit It did not have the square footage of a decent sized home As such we had a lot of idle time on our hands It does not take a lot of imagination to understand the opportunity that presented itself to me After Griffith writes Picture Bernie Madoff sitting in your living room for seven years he continues to pen an extremely comprehensive expose of the nefarious dealings of Wall Street These dealings according to Madoff are aided and supported by the federal and state governments in the U S and Europe along with various regulatory agencies Griffith is fearless in his critique of corporations politicians and judges He is fond of quoting one of Bernie's favorite sayings It's all a bunch of s--- There is a disclaimer at the beginning of the book on page 2 in which Griffith proclaims All information about the subjects of this book are controlled by the government and financial services industry Anyone who should write and expose these truths will never be employed in private government or any universities again This in itself is a hook to catch a reader's interest This statement certainly caught my attention An especially important takeaway from this book is that Griffith points out that these villainous practices still continue today **MONKEY HOUSE** Ralph Griffith, 2017-10-11 Ralph Griffith's Monkey House is a memoir of his time served at the Federal Medical Center FMC Butner in North Carolina He spent the last seven years of his sentence with Bernie Madoff Jonathan Pollard Nicky Scarfo Carmine Persico and other well known criminals FMC Butner is a high security prison that houses inmates with serious medical conditions and mental health issues The prison also has a designation for high profile criminals Griffith describes the prison as a giant Monkey House for the criminally insane Monkey House is a fascinating and often humorous account of prison life Griffith writes about the day to day routines of the inmates the power dynamics within the prison and the challenges of living in close quarters with dangerous criminals He also shares his insights into the minds of some of the most notorious criminals in the world The book has been praised for its honesty humor and insight It is a must read for anyone interested in the world of crime and punishment Here are some of the things that make Monkey House such an interesting and memorable book The author's unique perspective Griffith is not a typical prison memoir writer He is a skilled storyteller with a sharp wit and a

keen eye for detail He is also able to see the humor in even the bleakest situations The cast of characters Griffith s fellow inmates are a fascinating bunch They include some of the most notorious criminals in the world as well as lesser known offenders with their own unique stories to tell The setting FMC Butner is a unique and challenging environment It is a place where the rules are constantly changing and where danger is always lurking around the corner If you are looking for a book that is both entertaining and thought provoking I highly recommend *Monkey House* It is a book that you will not soon forget
