Heinz-Uwe Haus and Brecht in the USA Daniel Meyer-Dinkgräfe, Heinz-Uwe Haus, 2019-08-22 Heinz Uwe Haus was the first renowned director from the German Democratic Republic to be allowed to direct in the USA. This book presents relevant material written in relation to his productions, specifically of Bertolt Brecht's plays. This includes Haus's notes for his casts, announcements of the productions in the media, newspaper reviews, and academic articles about the productions, conference contributions, and reflections by cast members, both professional actors and university faculty, and designers, set, costume, light, music. The material on the productions is then discussed in the contexts of approaches to directing, actor training, the academic debate of Brecht in the USA, and historical and biographical dimensions. A conversation with Haus as the final chapter of the book further contextualises the material brought together here.

This subject code system was designed to facilitate referrals from the Index to the main body of the text and to allow for cross-referencing between sections.

Introduction **Brecht's America** Patty Lee Parmalee, 1981 **The Image and Influence of America in German Poetry Since 1945** Gregory Divers, 2002
Examines the image of the US in German poetry and the reception and influence of American poetry in Germany since 1945. This book focuses on the image of the US in German poetry and the reception of American poetry in Germany since 1945. Gregory Divers examines poems by major figures in 20th-century German literature: Benn, Brecht, Bachmann, Jandl, and Grass, among others, and by other poets who shaped America's postwar image in Germany. Divers traces America's postwar status in Germany from the prisoner-of-war poems of Günter Eich to the pop poetry of Rolf Dieter Brinkmann and Peter Handke. Continuing, he finds that although the 1960s protest poems of Erich Fried and others

reflect the tarnishing of America's image due to Vietnam 1970s travel poems by Brinkmann Kunert and Kunze confirm the resiliency of that image Finally *Divers* looks at poems by Hartung Delius and Kling to illustrate the new heights reached by America's image within German literary circles during the 1980s and the status of America in Germany after reunification In charting these developments in postwar German poetry *Divers* also shows how American influences are crucial to its understanding not only surveying postwar German reception of Whitman Eliot Pound and William Carlos Williams but also examining the influence of such figures as Charles Olson and Robert Creeley Allen Ginsberg and the Beats Frank O'Hara and John Ashbery and Robert Lowell and Sylvia Plath Gregory *Divers* is Assistant Professor of German at Saint Louis University

Bertolt Brecht's *Furcht Und Elend Des Dritten Reiches*: A German Exile Drama in the Struggle Against Fascism (Studies in German Literature, Linguistics, and Culture) John J. White, Ann White, 2010 First thorough treatment in English of one of Brecht's most important antifascist works Brecht's *Furcht und Elend des Dritten Reiches* Fear and Misery of the Third Reich gives a compelling documentary picture of life in Nazi Germany Close readings of individual scenes are accompanied by a detailed analysis of their role within the play's overall structure Contrary to the assumption that it is a work of Aristotelian realism Brecht is shown to employ covert alienation devices that are an integral part of his literary campaign against Third Reich Germany This first study in English on the subject of Brecht and fascism offers a corrective to the overconcentration on the play's artistic aspects It considers Brecht's relationship to the Popular Front's campaign against the National Socialist regime Attention is paid to the play's genesis and in the case of *The Private Life of the Master Race* to the partial shift from the Third Reich of 1933-38 to the war period predicted in the original *Furcht und Elend* cycle The play's central theme of resistance its propaganda value and its political and artistic reception are addressed within their historical and ideological framework The result is a challenging assessment of the play's strengths and limitations as a response to German totalitarianism John J. White is Emeritus Professor of German and Comparative Literature at King's College London and Ann White is Senior Lecturer in German at Royal Holloway University of London
