*Bertolt Brecht's Furcht Und Elend Des Dritten Reiches: A German Exile Drama in the Struggle Against Fascism (Studies in German Literature, Linguistics, and Culture)* John J. White, Ann White, 2010 First thorough treatment in English of one of Brecht's most important antifascist works Brecht's *Furcht und Elend des Dritten Reiches* Fear and Misery of the Third Reich gives a compelling documentary picture of life in Nazi Germany Close readings of individual scenes are accompanied by a detailed analysis of their role within the play's overall structure Contrary to the assumption that it is a work of Aristotelian realism Brecht is shown to employ covert alienation devices that are an integral part of his literary campaign against Third Reich Germany This first study in English on the subject of Brecht and fascism offers a corrective to the overconcentration on the play's artistic aspects It considers Brecht's relationship to the Popular Front's campaign against the National Socialist regime Attention is paid to the play's genesis and in the case of *The Private Life of the Master Race* to the partial shift from the Third Reich of 1933-38 to the war period predicted in the original *Furcht und Elend* cycle The play's central theme of resistance its propaganda value and its political and artistic reception are addressed within their historical and ideological framework The result is a challenging assessment of the play's strengths and limitations as a response to German totalitarianism John J White is Emeritus Professor of German and Comparative Literature at King's College London and Ann White is Senior Lecturer in German at Royal Holloway University of London

*Brecht and the Art of Spectatorship* Laura Bradley, 2025-07-04 Bertolt Brecht's epic theatre sought to change how spectators watched performances equipping them to critique and intervene in the world outside the theatre Taking its cue from his call for theatre to develop the art of spectatorship this major new study explores vision observation and spectatorship in twelve of his plays spanning his career It relates this analysis to Brecht's own formative experiences of spectatorship to his poems and theories and to productions directed by Brecht and his close collaborators Finally it investigates Brecht's attempts to transform the composition of the audience and cultivate critical spectatorship at the Berliner Ensemble the theatre he founded with his wife the actor Helene Weigel in East Berlin after the Second World War Brecht's plays foreground scenarios in which watching matters as characters witness acts of injustice watch trials or punishments engage in surveillance or observe scientific experiments These instances of onstage spectatorship play a key role in Brecht's drive to transform the viewing practices of the theatre audience showing the audience what characters notice what they overlook and how they use or ignore the knowledge that they have gained through spectatorship Drawing on archival material and sources that have previously been rarely consulted Laura Bradley shows how Brecht and his close collaborators Erich Engel Benno Besson Peter Palitzsch and Manfred Wekwerth dealt with

onstage spectatorship in performance presenting characters as observers and spectators from whom the theatre audience should learn By combining analysis of text performance and reception Brecht and the Art of Spectatorship provides rich insights into Brecht's plays rehearsal methods and stagings and the experiences of spectators at productions of his plays in the Weimar Republic in exile and in the GDR
