Although a century and a half of Christian proselytizing has only led to the conversion of about one percent of the Japanese population the proportion of writers who have either been baptized or significantly influenced in their work by Christian teachings is much higher The seventeen authors examined in this volume have all employed themes and imagery in their writings influenced by Christian teachings Those writing between the 1880s and the start of World War II were largely drawn to the Protestant emphasis on individual freedom though many of them eventually rejected sectarian affiliation Since 1945 on the other hand Catholicism has produced a number of religiously committed authors led by figures such as Endo Shusaku the most popular and influential Christian writer in Japan to date The authors discussed in these essays have contributed in a variety of ways to the indigenization of the imported religion The Christian Writer's Manual of Style Robert

Hudson, 2016-08-30 The standard style guide of the Christian publishing industry The Christian Writer s Manual of Style 4th Edition compiled by veteran Zondervan editor Robert Hudson contains clear guidance on style questions related to religious writing including many topics not addressed in other references or online Nearly half of this fourth revision is made up of new material including information about turning blogs into books the effects of digital media on writing adverbial doubles vanishing accents word choice strategies endorser guidelines and much more It also contains an all new Word List which makes up more than a third of the book The most needful information remains entries on capitalization abbreviation citations fictional dialogue and more but it has all been updated to keep pace with changes in English language usage This fourth edition also corresponds with The Chicago Manual of Style 16th Edition 2010 though it isn t afraid to chart new territory where that reference is unhelpful on issues of religious writing Comprehensive yet easy to use The Christian Writer s Manual of Style 4th Edition is a go to resource for Christian authors pastors teachers copy writers editors proofreaders publishing and ministry professionals executive assistants and students anyone who writes or edits as a part of their work or study and for grammar aficionados everywhere Christian Writers' Market Guide 2003 Sally Stuart, 2003-01-21 Lists Christian book and periodical publishers by subject area Includes greeting card gift and specialty markets as well as directories of
