correspondents showing Bradbury's progression through life as he knew it and not necessarily as the public perceived him. Letters to and from mentors and other writers are followed by correspondence with such film directors as John Huston, François Truffaut, and Federico Fellini. Letters with publishers and agents are followed by letters that capture moments of national and international recognition, the shadows of war, and family members who shared the memories of his life. Among the writers whose letters illuminate Remembrance are Theodore Sturgeon, Sir Arthur C. Clarke, Twilight Zone writers Charles Beaumont and Richard Matheson, Dan Chaon, Bernard Berenson, Nobel Laureate Bertrand Russell, Graham Greene, Anaïs Nin, Gore Vidal, Carl Sandburg, and Jessamyn West. Remembrance illuminates the most elusive aspect of Ray Bradbury's wide-ranging writing passions: the correspondence he sent and received throughout his long life, each letter intended for an audience of one.

Becoming Ray Bradbury Jonathan R. Eller, 2011-08-10 Becoming Ray Bradbury chronicles the making of an iconic American writer by exploring Ray Bradbury's childhood and early years of his long life in fiction, film, television, radio, and theater. Jonathan R. Eller measures the impact of the authors, artists, illustrators, and filmmakers who stimulated Bradbury's imagination throughout his first three decades. Unprecedented access to Bradbury's personal papers and other private collections provides insight into his emerging talent through his unpublished correspondence, his rare but often insightful notes on writing, and his interactions with those who mentored him during those early years. Beginning with his childhood in Waukegan, Illinois, and Los Angeles, this biography follows Bradbury's development from avid reader to maturing author, making a living writing for the genre pulps and mainstream magazines. Eller illuminates the sources of Bradbury's growing interest in the human mind, the human condition, and the ambiguities of life and death, themes that became increasingly apparent in his early fiction. Bradbury's correspondence documents his frustrating encounters with the major trade publishing houses and his earliest unpublished reflections on the nature of authorship. Eller traces the sources of Bradbury's very conscious decisions following the sudden success of *The Martian Chronicles* and *The Illustrated Man* to voice controversial political statements in his fiction. Eller also elucidates the complex creative motivations that yielded *Fahrenheit 451*. Becoming Ray Bradbury reveals Bradbury's emotional world as it matured through his explorations of cinema and art, his interactions with agents and editors, his reading discoveries, and the invaluable reading suggestions of older writers. These largely unexplored elements of his life pave the way to a deeper understanding of his more public achievements, providing a biography of the mind, the story of Bradbury's self-education, and the emerging sense of authorship at the heart of his boundless creativity.
