**Demons by Daylight** Ramsey Campbell, 1973      The Modern Weird Tale S.T. Joshi, 2015-11-16 This is a critical study of many of the leading writers of horror and supernatural fiction since World War II The primary purpose is to establish a canon of weird literature and to distinguish the genuinely meritorious writers of the past fifty years from those who have obtained merely transient popular renown Accordingly the author regards the complex subtle work of Shirley Jackson Ramsey Campbell Robert Aickman T E D Klein and Thomas Ligotti as considerably superior to the best sellers of Stephen King Clive Barker Peter Straub and Anne Rice Other writers such as William Peter Blatty Thomas Tryon Robert Bloch and Thomas Harris are also discussed Taken as a whole the volume represents a pioneering attempt to chart the development of weird fiction over the past half century      Short Story Index: 1969-1973 , 1974      **Short Story Index** , 1960      **Speaking of Horror** Darrell Schweitzer, 1994-12-01 Interviews with Ramsey Campbell Dennis Etchison Charles L Grant Tanith Lee Thomas Ligotti Brian Lumley William F Nolan F Paul Wilson and more      Supplement, 1969-1973 Estelle A. Stoneheart, 2011-11-23 During the night in the middle of the desert whirling ice crystals slammed the earth at lightning speed The crystalline spears of death pierced the ground and shattered in million pieces against the hot sand The earsplitting scream of glass breaking magnified hundreds of times and ascended to maximum capacity creating a sand storm with heavy rain and wind spinning counterclockwise in the middle of the remote region The horrible noise hovered in mid air overwhelmed the surrounding wasteland and disintegrated A sheet of red transparent mist developed and lingered a few inches above the top layer of the sand The moon a great big round luminescent sphere burned with raging force among the chaos The shocking manifestation lasted for a split second Eerie silence blanketed the earth A shiny black stone dropped from the sky and cracked open From the stone's cavity surfaced bubbling smoke with exploding electric currents The smooth flow of electricity erupted within the blinding lights and stretched outward A mysterious life awakened within the center ripped open the veil of kaleidoscope colors and entered the realm Black bones materialized on the sand Skin made of synthetic material wrapped the black bones and the process of metamorphosis initiated Once the transformation completed human giants rose from the sand to stand upon the earth

**Specters of Cavafy** Maria Boletsi, 2024 The Greek Alexandrian poet C P Cavafy 1863 1933 has been recognized as a central figure in European modernism and world literature His poetry explored the conditions for animating the past and making lost worlds or people haunt the present Yet he also described himself as a poet of the future generations Indeed his writings address concerns and desires that permeate the twentieth and twenty first centuries How does poetry concerned with the past memory loss and death carry futurity How does it haunt and how is it haunted by future presents *Specters of Cavafy* broaches these questions by proposing spectral poetics as a novel approach to Cavafy's work Drawing from theorizations of specters and haunting it develops spectrality as a lens for revisiting Cavafy's poetry and prose fiction and

nonfiction as well as his poetry's bearing on our present. By examining Cavafy's spectral poetics, the book's first part shows how conjurations work in his writings and how the spectral permeates the entanglement of modernity and haunting and of irony and affect. The second part traces the afterlives of specific poems in the Western imagination since the 1990s in Egypt's history of debt and colonization and in Greece during the country's recent debt crisis. Beyond its original contribution to Cavafy studies, the book proposes tools and modes of reading that are broadly applicable in literary and cultural studies.

Reader's Guide to the Cthulhu Mythos, 1973      **Demons Among Us** Michele Erdmann, 2014-03-04 The supernatural world is real. Be sober, be vigilant, because your adversary the devil walks about like a roaring lion, seeking whom he may devour. 1 Peter 5:8 Many believe demons only exist in Hollywood horror films, but there is real demonic activity at work in the world. It is strategic, dangerous, and it seductively entraps unsuspecting people, leading them into the ambush of veiled occult activity. *Demons Among Us* is a true account of author Michele Erdmann's victory over the demonic influences in her life: how she found the truth about fortune tellers and new age teachings and a vivid warning to those who unknowingly entertain demonic activity in their homes, schools, and churches. This bold testament of warning and instruction will help you to wake up and be alert to evil forces. Be vigilant against the subtle infiltration of the enemy. Prepare for battle to protect your home and family. In a time when the subtle infiltration of the enemy is destroying families, taking lives, and blinding people from the truth, *Demons Among Us* encourages believers to live in victory. Now is the time to be spiritually empowered to see the enemy's strategy and evade his deadly traps.      **Science Fiction, Fantasy & Horror**, 1987      **The Count of Thirty** S. T.

Kressel, Sasson Bar-Zvi, Aref Abu-Rabia, 2014-04-15 The authors provide a comprehensive picture of burial, mourning rituals, commemoration practices, and veneration of the dead among the Negev Bedouin. A primary emphasis is the pivotal linkages between the living and the dead embodied in the intermediary role of healers, sorcerers, seers, and other arbitrators between heaven and earth who supplicate publicly and privately at the gravesite of chosen awliyah, deceased saints. This book brings together integrated findings of three scholars based on decades of field work that combine close to 65 years of scrutiny. It maps out the locations and particularities of venerated tombs, the identity of the occupants, and their individual abilities vis-à-vis the Almighty. Attitudes, beliefs, and customs surrounding each gravesite, when combined on a longitudinal scale, reveal changes over time in beliefs and practices in grave worship and burial, mourning, and condolence customs. Analysis of the data reveals that the dynamic of grave worship among the Negev Bedouin throws light on ancient traditions in a complex relationship with mainstream Islamic doctrine and

the impact of modernity on Bedouin conduct and belief The authors observations and interviews with practitioners about their beliefs are compared and augmented with references that exist in the professional literature including grave worship elsewhere in the Arab world The Charm of Graves is essential reading for anthropologists scholars of the sociology of religion and students of Islam at university and popular levels The topic has received only marginal attention in existing anthropological works and has been keenly awaited

**The Scripture on Great Peace** Barbara Hendrischke, 2015-03-18 This first Western language translation of one of the great books of the Daoist religious tradition the Taiping jing or Scripture on Great Peace documents early Chinese medieval thought and lays the groundwork for a more complete understanding of Daoism s origins Barbara Hendrischke a leading expert on the Taiping jing in the West has spent twenty five years on this magisterial translation which includes notes that contextualize the scripture s political and religious significance Virtually unknown to scholars until the 1970s the Taiping jing raises the hope for salvation in a practical manner by instructing men and women how to appease heaven and satisfy earth and thereby reverse the fate that thousands of years of human wrongdoing has brought about The scripture stems from the beginnings of the Daoist religious movement when ideas contained in the ancient Laozi were spread with missionary fervor among the population at large The Taiping jing demonstrates how early Chinese medieval thought arose from the breakdown of the old imperial order and replaced it with a vision of a new more diverse and fair society that would integrate outsiders in particular women and people of a non Chinese background
