## **Demythologizing Heidegger:**

**Demythologizing Heidegger** John D. Caputo, 1993-11-22 Caputo addresses the religious significance of Heidegger's thought

Demythologizing Heidegger John D. Caputo, 1993 Assesses Heidegger's achievement as a thinker while locating the source of his alleged ethical insensitivity and political blindness Jkt

**Heidegger and Nietzsche** Louis P. Blond, 2010-01-01 Examines the birth of a new philosophical position resulting from Heidegger's notorious confrontation with Nietzsche

**Heidegger, Metaphysics and the Univocity of Being** Philip Tonner, 2011-10-27 In Heidegger Metaphysics and the Univocity of Being Philip Tonner presents an interpretation of the philosophy of Martin Heidegger in terms of the doctrine of the univocity of being According to the doctrine of univocity there is a fundamental concept of being that is truly predicable of everything that exists This book explores Heidegger's engagement with the work of John Duns Scotus who raised philosophical univocity to its historical apotheosis Early in his career Heidegger wrote a book length study of what he took to be a philosophical text of Duns Scotus Yet the word univocity rarely features in translations of Heidegger's works Tonner shows by way of a comprehensive discussion of Heidegger's philosophy that a univocal notion of being in fact plays a distinctive and crucial role in his thought This book thus presents a novel interpretation of Heidegger's work as a whole that builds on a suggested interpretation by Gilles Deleuze in Difference and Repetition and casts a new light on Heidegger's philosophy clearly illuminating his debt to Duns Scotus

**Heidegger's Black Notebooks and the Future of Theology** Mårten Björk, Jayne Svenungsson, 2017-12-14 This book probes the relationship between Martin Heidegger and theology in light of the discovery of his Black Notebooks which reveal that his privately held Antisemitism and anti Christian sentiments were profoundly intertwined with his philosophical ideas Heidegger himself was deeply influenced by both Catholic and Protestant theology This prompts the question as to what extent Christian anti Jewish motifs shaped Heidegger's own thinking in the first place A second question concerns modern theology's intellectual indebtedness to Heidegger In this volume an array of renowned Heidegger scholars both philosophers and theologians investigate Heidegger's animosity toward the biblical legacy in both its Jewish and Christian interpretations and what it means for the future task and identity of theology

Heidegger and the Will Bret W. Davis, 2007-04-11 The problem of the will has long been viewed as central to Heidegger's later thought Focusing on this problem this book aims to clarify key issues from the philosopher's later period and demonstrates how his so called turn is not a simple turnaround from voluntarism to passivism

*Appropriating Heidegger* James E. Faulconer, Mark A. Wrathall, 2000-08-28 This volume is unique in bringing together representatives of many different approaches to Heidegger's philosophy

**Heidegger's Silence** Berel Lang, 2018-09-05 In What Is Called Thinking Martin Heidegger wrote Man speaks by being silent Berel Lang demonstrates that Heidegger's own silence spoke consciously and deliberately in response to what has been called the Jewish Question Posed simply the Jewish Question as it gained currency in the nineteenth and the first half of the twentieth centuries asked how or if the Jews were to live among

the nations The Holocaust radically altered the significance of the Jewish Question and still the great philosopher did not speak Lang interrogates Heidegger's silence for its possible meanings He asks What does it tell us about someone who prided himself on his ability to think that Heidegger never felt compelled to address the Jewish Question or to respond to the Nazi genocide Lang demonstrates that Heidegger's silence after the Holocaust had its foundation in his silence on the Jewish Question before its occurrence That earlier silence he suggests was based in the conceptual and historical role Heidegger ascribed to the Volk and in particular to the German Volk Heidegger's silence Lang concludes was thus not simply an expression of prejudice or of his public persona It derived from his philosophical thought and becomes therefore a necessary consideration in assessing Heidegger as a thinker In this context Lang suggests Heidegger's silence still speaks **The Adventure of Weak Theology** tefan tofaník (1976–2014), 2018-10-16 tofan k provides a unique personal reading of weak theology and tries to inhabit the gap between it and its founder John D Caputo In this distinctive exploration of John D Caputo's work tefan tofan k traces Caputo's journey of philosophical discovery from his earlier more conventional academic writings to his later almost confessional works of weak theology and his deep engagement with Derrida tofan k draws upon Caputo's life story to help explain sudden shifts in Caputo's thinking offers intricate readings of philosophical passages that have all too often been taken for granted and joins in Caputo's effort to find a theology that can be trusted and that does not rely upon dogmatic and hierarchical authority At the same time tofan k subtly disagrees with aspects of Caputo's view and turns to the work of Antoine de Saint Exupéry as a way to suggest that one cannot take leave of the tradition of theology as easily as Caputo thinks At times *The Adventure of Weak Theology* reads like a letter to Caputo and tofan k's own passion for theology his deep understanding of Caputo's work and his gift for writing makes this an immensely appealing book for both admirers and critics of Caputo tefan has read my work with extraordinary care and he has done so with a very acute ear for my authorial voice this person whom I impersonate when I write this persona I inhabit in my books I am not sure if this fellow who appears in print is the real me or a put on the one who I really am or the one I want to be Either way he only emerges or emerges best of all when I write and tefan had a pitch perfect ear for that voice He didn't miss anything He caught it every time it was important from the Afterword by John D Caputo *Heideggerian Theologies* Hue Woodson, 2018-11-27 In light of Martin Heidegger's contextualized influence upon them John Macquarrie Rudolf Bultmann Paul Tillich and Karl Rahner engage in theologies that in their respective tasks and scopes venture into existential theology following Heideggerian pathmarks toward the primordially of being on the way to unconcealment or aletheia By way of each pathmark each existential theologian assumes a specific theological stance that utilizes a decidedly existential lens While the former certainly grounds them fundamentally in a kind of theology the latter by way of Heideggerian influences allows them to venture beyond any traditional theological framework with the use of philosophical suppositions and propositions In an effort at explaining the relationship between humanity's being and God's Being each existential theologian examines what it means

to be human not strictly in terms of theology but as it is tied inextricably to an understanding of the philosophy of existence the concept of what being is *Historical Destiny and National Socialism in Heidegger's Being and Time* Johannes Fritzsche, 2023-04-28 There has been much debate over the relationship of Heidegger's philosophy in particular his book *Being and Time* to his practical involvement with National Socialism Yet the question has never been addressed through a comparison of *Being and Time* with other texts on history and politics written at the time Johannes Fritzsche does this providing a detailed interpretation of the relevant passages in *Being and Time* especially sections 72-77 on fate community and society He analyzes for comparison two other authors who explicitly regarded themselves as rightists Adolf Hitler *Mein Kampf* and Max Scheler *Formalism in Ethics* and other writings and two authors on the left Georg Lukács *History and Class Consciousness* and Paul Tillich *The Socialist Decision* Fritzsche concludes that *Being and Time* is a brilliant summary of right wing politics in general which proposes the destruction of liberal society in order to regenerate an idealized community In addition Heidegger rejects positions on the right such as Scheler's that enabled their authors to distance themselves from the most extreme political rightists and thus he paves the way for National Socialism *Being and Time* Fritzsche demonstrates must be seen as a clear case for the National Socialists and their project of revitalization of the Volksgemeinschaft the community of the people This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 There has been much debate over the relationship of Heidegger's philosophy in particular his book *Being and Time* to his practical involvement with National Socialism Yet the question has never been addressed through a comparison of *Being and Time* *On Heidegger's Being and Time* Simon Critchley, Reiner Schürmann, 2020-04-15 *On Heidegger's Being and Time* is an outstanding exploration of Heidegger's most important work by two major philosophers Simon Critchley argues that we must see *Being and Time* as a radicalization of Husserl's phenomenology particularly his theories of intentionality categorical intuition and the phenomenological concept of the a priori This leads to a reappraisal and defense of Heidegger's conception of phenomenology In contrast Reiner Schürmann urges us to read Heidegger backward arguing that his later work is the key to unravelling *Being and Time* Through a close reading of *Being and Time* Schürmann demonstrates that this work is ultimately aporetic because the notion of Being elaborated in his later work is already at play within it This is the first time that Schürmann's renowned lectures on Heidegger have been published The book concludes with Critchley's reinterpretation of the importance of authenticity in *Being and Time* Arguing for what he calls an originary inauthenticity Critchley proposes a relational understanding of the key concepts of the second part of *Being and Time* death conscience and temporality *Sovereignty and Event* Calvin D. Ullrich, 2021-01-18 In this study Calvin D Ullrich argues for the political significance of the philosopher theologian John D

Caputo's radical theology Against the backdrop of present debates the author traces the notions of sovereignty and event by drawing on the political theology of Carl Schmitt and Caputo's evolving engagement with postmodern thought from its genesis in Martin Heidegger to its deeply involved association with Jacques Derrida Calvin D Ullrich shows that contrary to some misleading interpretations of his religious deconstruction Caputo has always held nascent political concerns which culminate in his radical theology Writing for scholars working in contemporary philosophy and theology this book offers one of the first major in depth analyses covering Caputo's writings of the last four decades and seeks to defend their relevance for discussions responding to ongoing political theological challenges

**On Heidegger's Nazism and Philosophy** Tom Rockmore,1997-01-01 American philosopher Tom Rockmore boldly refutes suggestions that German philosopher Martin Heidegger's political stance was accidental or adopted under coercion Rockmore argues that Heidegger's thought and his Nazism are inseparably intertwined Combining extensive documentation with philosophical and historical analysis this book raises profound questions about the social and political responsibility of philosophy

**An Ethical and Theological Appropriation of Heidegger's Critique of Modernity** Zohar Atkins,2018-08-18 This book is at once a deeply learned and original reading of Heidegger and a primary text in its own right It demonstrates the relevance of Heidegger's thought in responding to the moral and religious challenges of 21st century existence It shows that Heidegger's project can be defended against many criticisms once its existential character is taken seriously What emerges is a powerful exercise in thinking not about Heidegger but with and against him As such Atkins engages Heidegger as a means of advancing a defense of spirituality in the modern world that holds spirituality itself accountable for its lapses into the mundane Addressing the most influential figures in recent Continental philosophy such as Emmanuel Levinas and Theodor W Adorno this is a work that will be of timely use to philosophers theologians artists and seekers

Heidegger's Polemos Gregory Fried,2008-10-01 Gregory Fried offers in this book a careful investigation of Martin Heidegger's understanding of politics Disturbing issues surround Heidegger's commitment to National Socialism his disdain for liberal democracy and his rejection of the Enlightenment Fried confronts these issues focusing not on the historical debate over Heidegger's personal involvement with Nazism but on whether and how the formulation of Heidegger's ontology relates to his political thinking as expressed in his philosophical works The inquiry begins with Heidegger's interpretation of Heraclitus particularly the term polemos war or in Heidegger's usage confrontation Fried contends that Heidegger invests polemos with broad ontological significance and that his appropriation of the word provides important insights into major strands of his thinking his conception of the human being understanding of truth and interpretation of history as well as the meaning of the so called turn in his thought Although Fried finds that Heidegger's politics are continuous with his thought he also argues that Heidegger's work raises important questions about contemporary identity politics Fried also shows that many postmodernists despite attempts to distance themselves from Heidegger fail to avoid some of the same political pitfalls his thinking entailed

**Heidegger and the**

**Quest for the Sacred** F. Schalow, 2013-06-29 Although there are various religious traces in Heidegger's philosophy little effort has been made to show the systematic import which his thinking has for outlining a full range of religious and theological questions Precisely because his thought is opposed to the construction of any dogma his vast writings provide clues to what meanings the Sacred and the Divine may have in a postmodern age where the very possibility of faith hangs in the balance By showing how Heidegger's own thinking can be interpreted as a struggle to come to terms with religious questions this book undertakes a postmodern investigation of the Sacred which both draws upon and transcends various world religions and denominations A postmodern non-sectarian vision of the Sacred thereby becomes possible which is open to the plurality of religious experiences on the one hand and yet affirms on the other Heidegger's emphasis in *Beiträge zur Philosophie* on the last god as the displacing of all sectarian visions of god This book will have special appeal to Heidegger scholars as well as students interested in the overlap between phenomenology and philosophical theology Postmodern Theory and Biblical Theology

Brian D. Ingraffia, 1995-12-07 This book explores the relationship between postmodernism and Christianity Whereas deconstructionists claim all religious discourses can be radically undermined Ingraffia argues that the version of Christianity constructed by Nietzsche Heidegger and especially Derrida ignores Christianity's unique ontological status This truth Ingraffia claims is an unacknowledged influence on leading postmodernist thinkers thereby demonstrating the priority of the Judaeo-Christian tradition over secular attempts to displace it **Placing Aesthetics** Robert E.

Wood, 2000-03-15 Examining select high points in the speculative tradition from Plato and Aristotle through the Middle Ages and German tradition to Dewey and Heidegger *Placing Aesthetics* seeks to locate the aesthetic concern within the larger framework of each thinker's philosophy In Professor Robert Wood's study aesthetics is not peripheral but rather central to the speculative tradition and to human existence as such In Dewey's terms aesthetics is experience in its integrity Its personal ground is in the heart which is the dispositional ground formed by genetic cultural and personal historical factors by which we are spontaneously moved and in turn are inclined to move both practically and theoretically in certain directions Prepared for use by the student as well as the philosopher *Placing Aesthetics* aims to recover the fullness of humanness within a sense of the fullness of encompassing Being It attempts to overcome the splitting of thought even in philosophy into exclusive specializations and the fracturing of life itself into theoretical practical and emotive dimensions

**Phenomenology and Imagination in Husserl and Heidegger** Brian Elliott, 2004-11-30 This book introduces a systematic and comprehensive analysis of the idea of the imagination in Husserl and Heidegger The author also locates phenomenology within the broader context of a philosophical world dominated by Kantian thought

### Demythologizing Heidegger Introduction

In the digital age, access to information has become easier than ever before. The ability to download Demythologizing Heidegger has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Demythologizing Heidegger has opened up a world of possibilities. Downloading Demythologizing Heidegger provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Demythologizing Heidegger has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Demythologizing Heidegger. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Demythologizing Heidegger. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Demythologizing Heidegger, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Demythologizing Heidegger has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
