Der Verdacht:

The Short Story in German in the Twenty-first Century Lyn Marven, Andrew Plowman, Kate Roy, 2020 Since the 1990s the short story has re emerged in the German speaking world as a vibrant literary genre This volume aims to establish a framework for further research into this rich field The introduction and six thematic chapters discuss theories of the short story form literary aesthetic questions and key trends in the twenty first century Seven chapters on significant literary figures from Germany Austria and Switzerland then offer a range of theoretical and thematic approaches to individual stories and collections Finally two original translations showcase contemporary short story writing in German The Devil Next Door Vera B. Profit, 2014-08-15 Rather than theoretical or abstract above all else this monograph endeavors to serve as a practical guide a handbook for helping us navigate a dark terrain It neither presumes to examine the sources of evil nor suggest radical cures These pages strive only to continue the process of naming the signs of individual evil that we might recognize these persons before they inflict even more damage Scott Peck says it best If evil were easy to recognize identify and manage there would be no need for this book Of course he was referring to his own pioneering treatise given the realities of our day the need remains as great as ever Vera B Profit is Professor of German and Comparative Literature University of Notre Dame Previous monographs include Interpretations of Iwan Goll s late Poetry with a comprehensive and annotated Bibliography of the Writings by and about Iwan Goll Ein Portr t meiner Selbst Karl Krolow s Autobiographical Poems 1945 1958 and Their French Sources Menschlich Gespr che mit Karl Krolow She earned her Ph D in Comparative Literature French and German at the University of Rochester NY and spent two years studying abroad one at the University of Vienna the other at the Sorbonne **Neues und Vollständiges Deutsch-englisches Wörterbuch Zu J.
