Kafka Reiner Stach, 2021-11-09 Telling the story of Kafka's final years as never before the third volume in the acclaimed definitive biography This volume of Reiner Stach's acclaimed and definitive biography of Franz Kafka tells the story of the final years of the writer's life from 1916 to 1924 a period during which the world Kafka had known came to an end Stach's riveting narrative which reflects the latest findings about Kafka's life and works draws readers in with nearly cinematic precision zooming in for extreme close-ups of Kafka's personal life then pulling back for panoramic shots of a wider world blighted by World War I disease and inflation In these years Kafka was spared military service at the front yet his work as a civil servant brought him into chilling proximity with its grim realities He was witness to unspeakable misery lost the financial security he had been counting on to lead the life of a writer and remained captive for years in his hometown of Prague The outbreak of tuberculosis and the collapse of the Austro-Hungarian Empire constituted a double shock for Kafka and made him agonizingly aware of his increasing rootlessness He began to pose broader existential questions and his writing grew terser and more reflective from the parable-like *Country Doctor* stories and *A Hunger Artist* to *The Castle* A door seemed to open in the form of a passionate relationship with the Czech journalist Milena Jesenská But the romance was unfulfilled and Kafka an incurably ill German Jew with a Czech passport continued to suffer However his predicament only sharpened his perceptiveness and the final period of his life became the years of insight **Standardization in the Middle Ages** Line Cecilie Engh, Kristin B. Aavitsland, 2024-11-18

We live in a world riven through with standards To understand more of their deep rich past is to understand ourselves better The two volumes *Standardization in the Middle Ages Volume 1 The North* and *Standardization in the Middle Ages Volume 2 Europe* turn to the Middle Ages to give a deeper understanding of the medieval ideas and practices that produced and were produced by standards and standardization At first glance the Middle Ages might appear an unlikely place to look for standardization The editors argue that on the contrary generating predictability is a precondition for meaningful cultural interaction in any historical period and that we may look to the Middle Ages to learn more about the historical social and

cognitive processes of standardization This multidisciplinary venture which includes medievalists from the fields of history intellectual history art history philology numismatics and more as well as scholars of cognitive science informatics and anthropology interrogates how medieval people and groups envisioned and enforced predictability uniformity and order and how they attempted to obtain and maintain standards across vast distances and heterogeneous social and cultural structures

L'universalisme 1769-1989 Franck Hofmann, Markus Messling, 2020-11-23 2019 witnessed the 30th anniversary of the German reunification But the remembrance of the fall of the Berlin Wall coincided with another event of global importance that caught much less attention the 250th anniversary of Napoleon Bonaparte's birth There is an undeniable historical and philosophical dimension to this coincidence Napoleon's appearance on the scene of world history seems to embody European universalism soon thereafter in the form of a modern imperial project whilst scholars such as Francis Fukuyama saw in the events of 1989 its historical fulfilment Today we see more clearly that the fall of the Berlin Wall stands for an epistemic earthquake which generated a world that can no longer be grasped through universal concepts Here we deal with the idea of Europe and of its relation to the world itself Picking up on this contingency of world history with an ironic wink the volume analyses in retrospect the epoch of European universalism It focusses on its dialectics polemically addressing and remembering both 1769 and 1989 L'ann e 2019 a marqu e par le 30 e anniversaire de la r unification de l'Allemagne clipsant un autre v nement d'envergure mondiale le 250 e anniversaire de Napol on Bonaparte La dimension philosophico historique de cette co ncidence ne peut pourtant pas  tre n glig e si l'arriv e de Bonaparte sur la sc ne de l'histoire mondiale semble incarner l'av nement de l'universalisme europ en bien t amen prendre sa forme moderne et imp riale certains penseurs ont sugg r  avec Francis Fukuyama que 1989 marquait son accomplissement historique Aujourd'hui il appara t au contraire que la chute du mur de Berlin a t un v ritable tremblement de terre pistique et rendu inop rants les concepts universels Dans le monde d'apr s c'est l'id e d'Europe et sa relation au monde que nous avons affaire Revenant par un geste ironique sur cette contingence historique le pr sent volume se veut une analyse r trospective de l' poque de l'universalisme dans toute la dialectique que les comm morations de 1769-1989 ont fait surgir **Weber and the Persistence of Religion** Joseph W. H. Lough, 2007-05-07 There is an increasing interest in religion and belief and the diverse forms these take in the contemporary world This timely book provides a unique analysis of these issues through a discussion of the work of Marx and Weber Taking Max Weber's interpretations of capitalism and religion as its point of departure Weber and the Persistence of Religion re-examines a wide range of classical and contemporary texts including Immanuel Kant Foucault and Jean Baudrillard to help explain the peculiar character of religion and spirituality in mature capitalist societies This book shows how the peculiar disembodied character of contemporary spirituality and religion along with the disenchanted character of public life may be formally related to the increasingly disembodied immaterial character of value in capitalist societies It will be of interest to students and scholars of Social Theory History the Sociology of Religion and Philosophy [German-Language Children's and Youth Literature In The Media Network 1900-1945](#) Petra Josting, Marlene Antonia Illies, Matthias Preis, Annemarie Weber, 2023-11-16 With the research of German language children's and youth literature and its media associations in the period from 1900 to 1945 as well as the recording of all data in an online portal for research and visual analysis an innovative contribution to the historiography of children's and youth literature is available The introduction provides information on the
