Antisemitism in Film Comedy in Nazi Germany Valerie Weinstein, 2020-03-04 How party propagandists worked behind the scenes to create unspoken racist messages in the German culture even in the most lighthearted of movies Today many Germans look back fondly on 1930s film comedies viewing them as a part of the Nazi era that was not tainted with antisemitism Here Valerie Weinstein scrutinizes these comic productions and demonstrates that film comedy despite its innocent appearance was a critical component in the effort to separate Jews from Germans physically economically and artistically Weinstein highlights how the German propaganda ministry used directives pre and post production censorship financial incentives and influence over film critics and their judgments to replace Jewish wit with a slower simpler and more direct German humor that affirmed values that the Nazis associated with the Aryan race Through contextualized analyses of historical documents and individual films Weinstein reveals how humor coded hints and traces absences and substitutes in Third Reich film comedy helped spectators imagine an abstract Jewishness and a German identity and community free from the former As resurgent populist nationalism and overt racism continue to grow around the world today Weinstein's study helps us rethink racism and prejudice in popular culture and reconceptualize the relationships between film humor national identity and race

The Essay Film Timothy Corrigan, 2011-08 Why have certain kinds of documentary and non narrative films emerged as the most interesting exciting and provocative movies made in the last twenty years Ranging from the films of Ross McElwee Bright Leaves and Agnes Varda The Gleaners and I to those of Abbas Kiarostami Close Up and Ari Folman Waltz with Bashir such films have intrigued viewers who at the same time have struggled to categorize them Sometimes described as personal documentaries

or diary films these eclectic works are rather best understood as cinematic variations on the essay So argues Tim Corrigan in this stimulating and necessary new book Since Michel de Montaigne essays have been seen as a lively literary category and yet despite the work of pioneers like Chris Marker seldom discussed as a cinematic tradition The Essay Film offering a thoughtful account of the long rapport between literature and film as well as novel interpretations and theoretical models provides the ideas that will change this *Literatur, Film, Theater und Kunst* Wolfgang Benz, Brigitte Mihok, 2014-12-12 Das Handbuch des Antisemitismus widmet sich allen Aspekten der Judenfeindschaft von den Anfängen bis zur Gegenwart und ohne geographische Begrenzung Im siebten Band geben in knapp 300 Lemmata 120 Autoren einen Überblick über den kulturellen Antisemitismus im Film und Theater in der Literatur und Kunst Der ewige Jude der Ahasver Legende wird ebenso thematisiert wie die historische Figur Jud S Informationen zum Film Schindlers Liste finden sich neben Erläuterungen zur Judenfeindschaft in mittelalterlichen Passionsspielen und den Kontroversen um Nackt unter Wölfen oder Wilhelm Buschs Bildergeschichte Plisch und Plum Romane und Bühnenspiele Filme und Werke der Bildenden Kunst werden als Vehikel der Judenfeindschaft behandelt Eintrag zu literarischen Versuchen den Holocaust zu verstehen oder dem Antisemitismus zu wehren runden das Werk ab Nazis and the Cinema Susan Tegel, 2007-08 A comprehensive account of the films made in Nazi Germany from 1933 to 1945 including the notorious feature film Jud Suss and the compilation documentary Der Ewige Jude **Being and Film** Christine Reeh-Peters, 2021-03-16 This book develops the so called solaristic ontology of film by building a philosophical system based on an inquiry into the nature of film being and reality This solaristic system appropriates the aesthetic ideas and principles of thought present in the 1972 sci fi movie Solaris by Andrei Tarkovsky This movie is the main center of analysis here since it is highly symptomatic of the medium's philosophical self reflexivity and its intriguing correlation with reality and being The solaristic science is a fictional science introduced in the movie's diegesis and dedicated to the investigation of the planet Solaris an unattainable challenge In this sense the solaristic system closes the film's narrative by telling a philosophical story on the planet Solaris The book thus details a philosophical form of concept art and at the same time builds on previous results of film philosophy as well as the speculative turn in contemporary philosophy Films That Work Harder Vinzenz Hediger, Florian Hoof, Yvonne Zimmermann, Scott Anthony, 2025-10-01 What unleashed the forces of global capitalism which continue to shape the world that we live in Economists and economic historians variously point to innovations in logistics and trade the emergence of a new set of business friendly values and the emergence of new forms of applied knowledge in early modernity to solve this riddle This book focuses on the moving image as a factor of economic development In a series of in depth case studies at the intersection of film and media studies science and technology studies and economic and social history Films That Work Harder The Circulations of Industrial Film presents an in depth global perspective on the dynamic relationship between film industrial organization and economic development Bringing together new research from leading scholars from Europe Asia Australia and North America this book combines the
