demonic oppression possession and curses through the power of Jesus Christ Understanding Demonology, Spiritual Warfare, Healing, and Deliverance Lee Ann B. Marino, 2017-12 The study of the divine and the demonic and how the two affect humanity has been a source of fascination and intrigue for thousands of years While divine interaction humanity has always brought about the benefit and growth of human beings demonic interaction is never so uplifting The demonic realm has caused humans to lose their status with God venture where they should not fall into sin and at times into places of oppression depression and possession How are the divine and demonic understood in such situations and how do we fight liberate and deliver those when such situations arise Hailed as the most comprehensive textbook on the topics of demonology spiritual warfare and healing and deliverance you will ever need this writing stands as a thorough and complete examination of matters that relate to all things we encounter but many that we cannot easily see with the naked eye Learn about the realms and operation of both the divine and the demonic spirits and identifying types of spirits demonology and mythology around the world the occult witchcraft and magic superstitions spiritual warfare from the perspective of Ephesians 6 and the War Scroll from the Dead Sea Scrolls needed spiritual disciplines healing and deliverance having the right attitude about healing and deliverance ethics in healing and deliverance regulating healing and deliverance ministry and helping others maintain healing and deliverance Designed for classroom use perfect for discussion and containing textual assignments for each chapter this book is a must have for any serious student who wants to learn the truth about and the proper ways to handle all matters of spiritual warfare healing deliverance and ultimately spiritual discernment *African Pentecostalism in Catholic Belgium* Joseph Bosco Bangura, 2025-09-18 This book explores the recent rise of African Pentecostalism and its rejuvenation of the Protestant Evangelical minority religion in a secular and liberal Flemish Belgium Beginning with an overview of developments within African Pentecostalism the author discusses how after arriving in Belgium African Pentecostals are using pneumatic mission theologies to establish migrant churches that interculturally engage the needs of the African diaspora in a secular Flemish Belgium The author argues that despite their position of marginality followers of African Pentecostalism have attempted to dialogue with a heterogeneously diverse minority Protestant Evangelicalism through implementing a myriad of liturgical practices reflective of the African Christian imagination By deploying Pentecostal mission theologies the author pivots the intercultural contributions that African Pentecostalism makes towards solidifying peaceful coexistence respect and dialogue in a secular plural and liberal Flemish Belgium **Deliverance from Demons and Diseases** Eric M. Hill, 2004 Bloomsbury Handbook of Religious Ecstasy Alison Marshall, Rubina Ramji, Michael Wilkinson, 2025-03-20 Why do people seek a connection to something beyond the social dimensions of the world Ecstatic experiences are often labelled religious spiritual mystical or even sacred However ecstasy is not just extraordinary for many people throughout the world it is an ordinary part of daily life The Handbook highlights the diverse individuals who have experienced ecstasy in the past and present from ordinary people to mystics pastors healers spirit

mediums and urban neo therapeutic shamans Chapters show that ecstasy may be experienced during trance possession prayer and even through the use of drugs such as soma peyote ayahuasca ibogaine mushrooms LSD and other substances While institutional expressions of religion may be on the decline experiences of religious ecstasy and interactions among living people and gods saints angels and demons individually and collectively are happening everywhere occurring at home online in the community and through prayer dance song possession and the ingestion of drugs Ecstatic religious experience as this handbook shows provides meaning belonging and for some profit in the late capitalist marketplace The Pentecostal World Michael Wilkinson,Jörg Haustein,2023-04-01 The Pentecostal World provides a comprehensive and critical introduction to one of the most vibrant and diverse expressions of contemporary Christianity Unlike many books on Pentecostalism this collection of essays from all continents does not attempt to synthesize and simplify the movement's inherent diversity and fragmented dispersion Instead the global flows of Pentecostalism are firmly grounded in local histories and expressions as well as the various modes of their worldwide reproduction The book thus argues for a new understanding of Pentecostal and Charismatic movements that accounts for the simultaneous processes of pluralization and homogenization in contemporary World Christianity Written by a distinguished team of international contributors across various disciplines the volume is comprised of six parts with each offering a critical perspective on classical themes in the study of Pentecostalism Led by a programmatic introduction the thirty six chapters within these parts explore a variety of themes history and historiography conversion spirit beliefs and exorcism prosperity politics gender relations sexual identities racism development migration pilgrimage interreligious relations media ecumenism and academic research The Pentecostal World is essential reading for students and researchers in anthropology history political science religious studies sociology and theology The book will also be very useful for those in related fields such as culture studies black studies ethnic studies and gender studies *Warding Off Evil* Michael J. Morris,2017-10-24 In this study Michael J Morris examines aspects of synoptic gospel demonology specifically human responses to demonic evil It is clear that early Christian demonology can be more fully understood against the background of early Jewish traditions In the Dead Sea Scrolls for instance there are two fundamental ways by which protection against demons is sought The first anti demonic method is exorcism and the second is characterized by its preventative nature and is typically referred to as apotropaism Although many contributions have been made on the topic of exorcism in the gospels less attention has been paid to the presence of apotropaic features in the gospel texts Therefore Michael J Morris offers a timely examination of apotropaic tradition in early Judaism and its significance for demonological material in the synoptic gospels
