Marxism and Social Science David Marsh, Tony Tant, 1999 Has Marxism ceased to be part of our political present and future Has its theory or doctrine anything to contribute to our understanding of the new millennium In these original commissioned essays the contributors argue that Marxism continues as a living tradition They show how it still engages with other theoretical positions how it has evolved in response to both these engagements and contemporary world changes and they assess its relevance and contribution to modern social science

The Politics of Think Tanks in Europe Jesper Dahl Kelstrup, 2016-05-20 In the 21st century think tanks have become more than a buzzword in European public discourse They now play important roles in the policy making process by providing applied research building networks and advocating policies The book studies the development of think tanks and contemporary consequences in the United Kingdom Germany Denmark and at the EU level A Continental think tank tradition in which the state plays a pivotal role and an Anglo American tradition which facilitates interaction in public policy on market like terms have shaped the development of think tanks On the basis of a typology of think tanks quantitative data and interviews with think tank practitioners the interplay between state and market dynamics and the development of different types of think tanks is analysed Although think tanks develop along different institutional trajectories it is concluded that the Anglo American tradition has had a significant cross cutting impact in Europe in recent years The contention over the politics of think tanks runs deeper at the EU level than in the member states and reflects disagreement over how the EU should develop in the future This text will be of key interest to scholars students and practitioners of political communication public policy European politics and comparative politics

Towards a Cultural Political Economy Ngai-Ling Sum, Bob Jessop, 2013-11-29 This fascinating volume offers a critique of recent institutional and cultural turns in heterodox economics and political economy Using seven case studies as examples the authors explore how research on sense and meaning making can deepen critical s

International Relations Theories Timothy Dunne, Milja Kurki, Steve Smith, 2013-01-03 Drawing on a wealth of expertise from an international team of contributors the second edition of International Relations Theories presents a diverse selection of theoretical positions Arguing that theory is central to explaining the dynamics of world politics editors Tim Dunne Milja Kurki and Steve Smith cover a wide variety of theoretical positions from the historically dominant traditions to powerful critical voices since the 1980s The editors have brought together a team of international contributors each specializing in a different theory The contributors explain the theoretical background to their positions before showing how and why their theories

matter The book opens up space for analysis and debate allowing students to decide which theories they find most useful in explaining and understanding international relations *Demystifying Chinese Management* Malcolm Warner, Chris Rowley, 2015-10-14 Today with a new leadership in place the People's Republic of China enters a challenging new phase as an emerging economic superpower The Chinese economy has dramatically changed over the three decades since Deng Xiaoping launched his economic reforms in 1978 It has been transformed from a command economy dominated by state owned enterprises to a market socialist economy with a wide range of ownership forms both public and private In turn its managers and management have correspondingly undergone a major sea change This edited collection attempts to demystify Chinese management highlighting recent research into these significant changes and their implications in a wide range of business enterprises both in China and overseas It points to the strategic challenges and issues in terms of realizing the managerial version of the Chinese Dream The topics covered include business schools in China corporate social responsibility financial services impression management international human resource management international competitive strategy choices internationalization of firms and the role of science parks The book was originally published as a special issue of Asia Pacific Business Review

Globalisation and Seed Sovereignty in Sub-Saharan Africa Clare O'Grady Walshe, 2019-04-16 It is my expectation that respect for the critical importance of seed sovereignty will in due course be recognised by member states of the United Nations to be as critical to global peace and security as the UN Charter demands in respect of State sovereign equality justice human rights and economic and social wellbeing for all peoples Denis J Halliday UN Assistant Secretary General 1994-98 A constructive contribution to our understanding of what is going wrong and what can go right in the complex area of seed sovereignty Dervla Murphy renowned travel writer and adventurer Keeping seed diversity alive is the secret ingredient not just for the good nutrient dense food that every cook gardener and farmer producer needs but for strengthening our resilience in the face of multiple environmental threats This compelling and timely book helps us to understand what we are up against and how we can overcome it Darina Allen internationally renowned cook founder of Ballymaloe Cookery school and President of the East Cork Convivium of Slow Food This book studies the relationship between globalisation and seed sovereignty in Sub Saharan Africa It provides comparative case studies of the most recent Kenyan and Ethiopian seed laws as well as a study of seed sovereignty on the ground in a locality within Ethiopia Based on extensive fieldwork it identifies the interests and motivations of transnational seed corporations global philanthropic organisations state actors and local farmers It finds significant differences in the wording of seed laws and the exercise of seed sovereignty applying theories of globalisation to help us better understand these varied outcomes It shows that seed sovereignty has the potential to be shared between local national regional and global authorities but in different ways in different countries and localities In the face of what might sometimes appear to be unstoppable global forces these findings suggest that the exercise of seed sovereignty can be transformed even in a highly globalised world The

The Oxford Handbook of Public Policy Michael Moran, Martin Rein, Robert E. Goodin, 2006

The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines Public policy is the business end of political science It is where theory meets practice in the pursuit of the public good Political scientists approach public policy in myriad ways Some approach the policy process descriptively asking how the need for public intervention comes to be perceived a policy response formulated enacted implemented and all too often subverted perverted altered or abandoned Others approach public policy more prescriptively offering politically informed suggestions for how normatively valued goals can and should be pursued either through particular policies or through alternative processes for making policy Some offer their advice from the Olympian heights of detached academic observers others as engaged scholars cum advocates while still others seek to instil more reflective attitudes among policy practitioners themselves toward their own practices The Oxford Handbook of Public Policy mines all these traditions using an innovative structure that responds to the very latest scholarship Its chapters touch upon institutional and historical sources and analytical methods how policy is made how it is evaluated and how it is constrained In these ways the Handbook shows how the combined wisdom of political science as a whole can be brought to bear on political attempts to improve the human condition
