Lord's Firsts Philip Barker, 2014-05-15 A history of the ground related in a series of firsts **A.P. Moller and the Danish Oil** Morten Hahn-Pedersen, 1999 **The Policy of Denmark Towards the Duchies of Schleswig-Holstein, from the Year 1806 to the Breaking Out of the War in March, 1848. From the German of D. and S. Johann Gustav Droysen (and SAMWER (Carl Friedrich Lucian))**, 1850 *American Firms in Europe* Hubert Bonin, Ferry de Goey, 2009 The Americanization of Europe and the strategic initiatives of American firms abroad have been well studied The expansion of American firms in Europe however lacked a comprehensive study This book gathers the works of two dozen economic and business historians from across Europe preceded by Mira Wilkins comparative essay The collection addresses the timetable and pace of American direct investment in Europe the patterns followed in each country according to the specificities of each industry and service sector and the strategies followed by the different firms The studies go beyond the facts scrutinizing the immaterial aspects of this business history especially European perceptions of American firms and the essential stakes of corporate images and identities The Europeanization of American firms is a key issue including social relations management commercial policies brand image connections and embeddedness The authors gauge the reaction of public authorities and lobbies industrialists and trade unions Graphs and tables provide data while overviews of ads published by American affiliates fuel analyses of consumer perception **Chambers' Encyclopædia**, 1891 *The Encyclopædia Britannica*, 1890

The Reception of Jane Austen in Europe Anthony Mandal, Brian Southam, 2007-10-13 This volume of international research provides a wide ranging account of Jane Austen's reception across the length and breadth of Europe from Russia and Finland in the North to Italy and Spain in the South In historical terms the survey ranges from the near contemporary since Austen's novels were available in French very soon after their original publication to modern times in those countries which for various reasons linguistic historical or ideological have taken up the novels only in recent years For many Austen's novels are valued for their romantic content as love stories but increasingly they are being perceived as sophisticated ironic narratives In this the quality of translation has been a significant factor and the many film and television adaptations have played an important part in establishing Austen's reputation amongst the public at large It will be seen from this that across Europe Austen's reception history is far from uniform and has been shaped by a complex of extra literary forces *Among the Firsts: Lieutenant Colonel Gerhard L. Bolland's Unconventional War* Matthew T. Bolland, 2022-05-19 In his own words the war of the doubly pioneering Lt Col Gerhard L Bolland 82nd Airborne paratrooper on D Day and senior OSS field operative on Operation Rype Unconventional warfare tactics can have a considerable effect on the outcome of any war During World War II the United States government developed and employed two new methods of fighting The first was the development of paratroop units as they were first called The second was the formation of a covert and sabotage operations branch called the Office of Strategic Services OSS Lt Colonel Bolland was involved in both of these firsts During the D Day invasion he

parachuted behind enemy lines jumping out of the 82nd Airborne lead aircraft with General James Gavin After fighting with the 507th Parachute Infantry Regiment for thirty three days straight he returned to England and became involved with the OSS Scandinavian Section He served as Field Commander for their Operation code named Rype This was the only American military undertaking albeit covert in Norway during the entire course of the war As a young boy growing up in rural western Minnesota Bolland got his military start with the Minnesota National Guard before being accepted to West Point solely on merit His military career lasted seventeen years Lt Colonel Bolland ended up with numerous decorations including the Norwegian Liberation Medal and Citation the Bronze Star for valor the French Fourragere of Croix de Guerre with Palms and posthumously the Congressional Gold medal awarded to the OSS Society on behalf of all former OSS members that served during the war His story reveals the struggles successes failures and ultimate victories detailing what went right and what went wrong with these new unconventional methods of fighting

Energy Abstracts for Policy Analysis, 1982 The Literary World, 1890 *Petroleum Geochemistry in Exploration of the Norwegian Shelf* Norwegian Petroleum Society, 2012-12-06 This volume is the record of a three day symposium entitled Organic Geochemistry in Exploration of the Norwegian Shelf which was sponsored by the Norwegian Petroleum Society Norsk Petroleumsforening and held at the Rogalands Regional College Stavanger on 22-24 October 1984 Twenty nine papers were presented and all but one are published in full herein The aim of the conference was to focus on the application of geochemical methods to the current and highly active exploration of the Norwegian offshore Emphasis was on practical interpretation and case histories rather than laboratory methods and techniques and a strong attendance was sought among geologists and seismic interpreters active in exploration in Norway and Northwest Europe generally On all counts the symposium was a great success with a total of 213 participants registered In his opening address Mr Egil Bergsager director of the Norwegian Petroleum Directorate observed that during the 1970s petroleum geochemistry emerged from being a somewhat academic pursuit into a practical aid in exploration for hydrocarbons This first stage when many of the basic

methods were developed has now led in the 1980s to an expansion into applications in regional geological studies including mathematical modelling of thermal history hydrocarbon migration and basin development
