Dennis Hopper A System Of Moments:

Dennis Hopper Kerry Brougher, Dennis Hopper, 2001 Edited by Peter Noever Essays by Rudi Fuchs and Henry Hopkins
Abel Ferrara Nicole Brenez, 2006-12-20 Nicole Brenez argues for Abel Ferrara's place in a line of grand inventors who have blurred distinctions between industry and avant garde film including Orson Welles Monte Hellman and Nicholas Ray Rather than merely reworking genre film Brenez understands Ferrara's oeuvre as formulating new archetypes that depict the evil of the modern world Focusing as much on the human figure as on elements of storytelling she argues that films such as *Bad Lieutenant* express this evil through visionary characters struggling against the inadmissible behavior morality images and narratives *Post-Westerns* Neil Campbell, 2020-04-01 During the post World War II period the Western like America's other great film genres appeared to collapse as a result of revisionism and the emergence of new forms Perhaps however as theorists like Gilles Deleuze suggest it remains simply maintaining its empty frame Yet this frame is far from empty as *Post Westerns* shows us rather than collapse the Western instead found a new form through which to scrutinize and question the very assumptions on which the genre was based Employing the ideas of critics such as Deleuze Jacques Derrida and Jacques Rancière Neil Campbell examines the haunted inheritance of the Western in contemporary U S culture His book reveals how close examination of certain postwar films including *Bad Day at Black Rock* *The Misfits* *Lone Star* *Easy Rider* *Gas Food Lodging* *Down in the Valley* and *No Country for Old Men* reconfigures our notions of region and nation the Western and indeed the West itself Campbell suggests that post Westerns are in fact ghost Westerns haunted by the earlier form's devices and styles in ways that at once acknowledge and call into question the West both as such and in its persistent ideological framing of the national identity and values *Five Easy Decades* Dennis McDougal, 2008-12-01 Praise for *Five Easy Decades* How Jack Nicholson Became the Biggest Movie Star in Modern Times Dennis McDougal is a rare Hollywood reporter honest fearless nobody's fool This is unvarnished Jack for Jack lovers and Jack skeptics but also for anyone interested in the state of American culture and celebrity I always read Mr McDougal for pointers but worry that he will end up in a tin drum off the coast of New Jersey Patrick McGilligan author of *Jack's Life* and *Alfred Hitchcock A Life in Darkness and Light* Praise for *Privileged Son* Otis Chandler and the Rise and Fall of the L A Times *Dynasty* A great freeway pileup part biography part dysfunctional family chronicle and part institutional and urban history with generous dollops of scandal and gossip Hendrick Hertzberg *The New Yorker* McDougal has managed to scale the high walls that have long protected the Chandler clan and returned with wicked tales told by angry ex wives and jealous siblings *The Washington Post* Praise for *The Last Mogul* Lew Wasserman MCA and the Hidden History of Hollywood Real glamour needs a dark side That is part of the fascination of Dennis McDougal's wonderful book *The Economist* Thoroughly reported and engrossing the most noteworthy trait of MCA was how it hid its power *The New York Times Book Review* Over the years I've read hundreds of books on Hollywood and the movie business and this one is right at the top Michael Blowen *The Boston Globe* Allan

Music and Sound in the Films of Dennis Hopper Stephen Lee Naish, 2024-02-16 Across his directorial films American filmmaker Dennis Hopper used music and sound to propel the narrative signpost the era in which the films were made and delineate the characters place within American culture This book explores five of Hopper's films to show how this deep engagement with music to build character and setting continued throughout his career as Hopper used folk punk hip hop and jazz to shape the worlds of his films in ways that influenced other filmmakers and foreshadowed the advent of the music video format The author traces Hopper's distinctive approach to the use of music through films from 1969 to 1990 including his innovative use of popular rock pop and folk in *Easy Rider* his blending of diegetic performances of folk and Peruvian indigenous music in *The Last Movie* his use of punk rock in *Out of the Blue* incorporation of hip hop and rap in *Colors* and commissioning of a jazz blues soundtrack by Miles Davis and John Lee Hooker for *The Hot Spot* Uncovering the film soundtrack as a vital piece of the narrative this concise and accessible book offers insights for academic readers in music and film studies as well as all those interested in Hopper's work
