

Departure.

While the far farewell music thins and fails,
And the broad bottoms rip the bearing brine -
All smalling slowly to the gray sea line -
And each significant red smoke-shaft pales,

Keen sense of severance everywhere prevails,
Which shapes the late long tramp of mounting men
To seeming words that ask and ask again:
"How long, O striving Teutons, Slavs, and Gaels

Must your wroth reasonings trade on lives like these,
That are as puppets in a playing hand? -
When shall the saner softer polities
Whereof we dream, have play in each proud land,
And patriotism, grown Godlike, scorn to stand
Bondslave to realms, but circle earth and seas?"

The Early Poetry of Charles Wright Robert D. Denham, 2009-01-27 This companion covers Charles Wright's first two trilogies *Country Music* 1982 and *The World of the Ten Thousand Things* 1990 providing biographical details information on Wright's sources and influences and historical notes It pays special attention to the way that Wright's poems work together and the links that are formed between them While each poem is given its own commentary the author argues that they work together in a concentrated whole to document a man's spiritual journey Notes on Arrival and Departure Rachel Rose, 2009-03-13 Rachel Rose follows her award winning first book with a dazzling urgent collection of new poems that look unflinchingly at our errors and our longings in images that range from the disturbing to the spectacular Anchoring the collection is a rich unsentimental suite of lyrics on the journey of pregnancy and new motherhood These poems are humanist lushly imagined and compellingly voiced **Death Poems** Russ Kick, 2025-09-12 Pretty much every poet in every age has written about death and dying Along with love it might be the most popular subject in poetry Yet until now no anthology has gathered the best and most famous of these verses in one place This collection ranges dramatically With more than 320 poems it goes across all of history from the ancients straight through to today Across countries and languages across schools of poetry You'll find a plethora of approaches witty humorous deadly serious tear jerking wise profound angry spiritual atheistic uncertain highly personal political mythic earthy and only occasionally morbid Every angle you can think of is covered the deaths of children lost loves funeral rites close calls eating meat serial killers the death penalty roadkill the Underworld reincarnation elegies for famous people death as an equalizer death as a junk man death as a child the death of God the death of death You'll find death poetry's greatest hits including *Because I Could Not Stop for Death* by Emily Dickinson *To an Athlete Dying Young* by A E Housman *Do not go gentle into that good night* by Dylan Thomas *When Lilacs Last in the Dooryard Bloom'd* by Walt Whitman *Annabel Lee* by Edgar Allan Poe The rest of the band includes Jane Austen Mary Jo Bang Willis Barnstone Charles Baudelaire William Blake Charlotte Brontë Lord Byron Lucille Clifton Andrei Codrescu Wanda Coleman Billy Collins Ralph Waldo Emerson T S Eliot Nick Flynn Benjamin Franklin Robert Frost Kimiko Hahn Homer Victor Hugo Langston Hughes James Joyce C S Lewis Amy Lowell W S Merwin Edna St Vincent Millay Pablo Neruda Thich Nhat Hanh Friedrich Nietzsche Wilfred Owen Rainer Maria Rilke Christina Rossetti Rumi Sappho Shakespeare Wallace Stevens Ruth Stone Wislawa Szymborska W B Yeats and a few hundred more *Death in Winterreise* Lauri Suurpää, 2014-01-06 Lauri Suurpää brings together two rigorous methodologies Greimassian semiotics and Schenkerian analysis to provide a unique perspective on the expressive power of Franz Schubert's song cycle Focusing on the final songs Suurpää deftly combines textual and tonal analysis to reveal death as a symbolic presence if not actual character in the musical narrative Suurpää demonstrates the incongruities between semantic content and musical representation as it surfaces throughout the final songs This close reading of the winter songs coupled with creative applications of theory and a thorough

Poems Johann Wolfgang von Goethe, 1899 [Theory into Poetry](#), 2022-05-20 At the beginning of the 21st century there is still no generally accepted comprehensive definition of the lyric or differentiated modern toolkit for its analysis The reception of poetry is largely characterised either by an empathetic identification of critics with the lyric persona or by exclusive interest in formal patterning The present volume seeks to remedy this deficit All the contributors theorise the lyric to overcome the impasse of an impressionistic and narrowly formalistic critical debate on the genre Their papers focus on a variety of different questions the problem of establishing a framework for definition and classification the search for dynamic and potent critical approaches investigations of poetry's cultural performance and its fundamental relevance for the construction of group cohesion The essays collected in this volume offer a consciously polyphonic range of theories and interpretations suggesting to the reader a variety of theoretical frameworks and practical illustrations of how a discussion of poetry may be firmly grounded in modern literary theory
