Depeche Mode , Depeche Mode FAQ Michael Christopher,2020-12-28 The preeminent synth pop outfit for four decades Depeche Mode have endured an ever shifting musical landscape rising above fads and battles with personal demons somehow managing to retain a hold on the charts and the audience the latter which continues to grow as new generations discover them and become devotees Depeche Mode FAQ All That s Left to Know About the World s Finest Synth Pop Band shows how a group of schoolmates influenced by the likes of Kraftwerk Joy Division and mid period David Bowie carved out their own musical niche until they became one of the most influential bands to come out of England Depeche Mode were Europe s best kept secret in the early 80s with the albums Construction Time Again and the perhaps tongue in cheek titled Music for the Masses They became a worldwide phenomenon as the 90s dawned with the landmark LP Violator containing the smash hits Personal Jesus Enjoy the Silence and Policy of Truth But success came at a price as depression alcoholism drug addiction and personnel departures threatened to derail the band It wasn t a question of whether the music of Depeche Mode would be able to withstand fickle industry changes but rather if the members of the group themselves could make it out alive Depeche Mode FAQ shows how they did becoming legends in the process **Depeche Mode - The Early Years**

1981-1993 Trevor Baker,2013-04-25 Depeche Mode are one of the UK s most popular global bands a multi million selling phenomenon their last album Sounds Of The Universe went top three in 25 countries worldwide But it is their astonishing series of early albums that made them such a legend among their hardcore army of fans Mostly ignored by the UK press at the time LPs such as Some Great Reward Black Celebration and Music For The Masses have grown in stature with every passing year as a new generation of artists have proclaimed their influence Now for the first time with Depeche Mode The Early Years those early classics from their 1981 debut Speak And Spell to 1993 s Songs Of Faith And Devotion are examined in depth with interviews from session musicians and studio engineers who saw their creation first hand In 2013 with a new album about to drop Depeche Mode seem more relevant and important than they ever did and a new generation of fans are waiting to discover them The first and only book to focus specifically on the early years of this globally massive band a slant which will strongly appeal to their massive devoted fanbase Depeche Mode have sold over 73 million records worldwide

Stripped: Depeche Mode Jonathan Miller,2009-11-05 An electrifying new biography about the four Essex lads who became award winning stadium superstars and champions of synth pop Jonathan Miller s groundbreaking book features in depth interviews with founder member Vince Clarke and producers Gareth Jones and Mark Bell and contains never before seen interviews with the band members themselves With additional input from Gary Human Howard Jones and Thomas Dolby this is a unique portrait of a band that almost lost control when their lives went off the rails and lead singer Dave Gahan s heroin addiction nearly killed him In the end Depeche Mode not only survived they triumphed racking up a staggering 40 million plus album sales on the way This is their amazing story told in full for the first time Born out of the post punk

backlash in the early 80 s Depeche Mode took their name from a phrase in a French style magazine and became the definitive international synth pop group Vince Clarke Andy Fletcher and Martin Gore had started out as an Essex guitar band but it was their bright and upbeat synthesizer driven brand of pop fronted by Dave Gahan that was to find global acceptance and enjoy unlikely success in the US Despite a handful of early plaudits in the music press the group won only intermittent critical acceptance over the years its often light musical approach contrasting with lyrics that sometimes plunge into darker topics like S M religious fetishism and the scourge of capitalism But whatever the music press said the fans finally bought into Depeche Mode in a big way Their Violator tour at the start of the 90s sold millions of records and turned them into major US concert stars In true rock style Depeche Mode s members have suffered their share of internal strife over a long career Dave Gahan reinvented himself as a lead singer with both a harder musical edge and a near fatal drug habit while internal acrimony often marred the later stages of their career Jonathan Miller has made an exemplary job of telling the Depeche Mode saga in its entirety and goes a long way towards explaining how the group have managed to thrive when almost all their post punk contemporaries fell by the wayside long ago
