Der Schatz Der Sierra Madre Roman:

Der Schatz der Sierra Madre B. Traven, 1960 B. Travens Erzählwerk in der Konstellation von Sprachen und Kulturen Günter Dammann, 2005 Der Schatz der Sierra Madre B. Traven, 1978 *The Treasure of the Sierra Madre* B. Traven, 2023-01-09 The Treasure of the Sierra Madre originally titled Der Schatz der Sierra Madre is a 1927 adventure novel by German author B. Traven whose identity remains unknown. In the book, two destitute American men in Mexico of the 1920s join an older American prospector in a search for gold. John Huston adapted the book as a 1948 film of the same name. The novel is set in the decade following the global upheavals of the First World War and social revolutions in Russia and Mexico. The United States is an emerging economic and political power. European and US corporations are aggressively seeking foreign markets, natural resources, and cheap labor. Elements within the Catholic Church are struggling to retain their authority as liberal Mexican administrations institute social reforms, including an 8-hour day, literacy programs, and health care. This is the context of the story. The author employs a third-person omniscient in a dramatic progressive structure where Howard is the focal character. Three stories within a story provide historical and social significance for the outer narrative.
