Der Westwall Then And Now:

Victory Was Beyond Their Grasp Douglas E. Nash, 2015-03-09 For both students of the German Army in World War II as well as those interested in the late 1944 campaign this is a must read The NYMAS Review As the Allies were approaching the German frontier at the beginning of September 1944 the German Armed Forces attempted to regain the strategic initiative While the wonder weapons such as the V 1 flying bomb the V 2 missile and the Messerschmitt Me 262 jet fighter are widely recognized as being the most prominent of these initiatives upon which Germany pinned so much hope the Volks Grenadier Divisions VGDs are practically unknown Often confused with the Volkssturm the Home Guard militia VGDs have suffered an undeserved reputation as second rate formations filled with young boys and old men suited to serve only as cannon fodder This groundbreaking book now in a new edition shows that VGDs were actually conceived as a new elite corps loyal to the National Socialist Party composed of men from all branches of Hitler s Wehrmacht and equipped with the finest ground combat weapons available Whether fighting from defensive positions or spearheading offensives such as the Battle of the Bulge VGDs initially gave a good account of themselves in battle Using previously unpublished unit records Allied intelligence and interrogation reports and above all interviews with survivors the author has crafted an in depth look at a late war German infantry company including many photographs from the veterans themselves In this book we follow along with the men of the 272nd VGD s Fusilier Company from their first battles in the H rtgen Forest to their final defeat in the Harz Mountains Along the way we learn the enormous potential of VGDs and feel their soldiers heartbreak at their failure
