Derrida and Feminism Ellen K. Feder, Mary C. Rawlinson, Emily Zakin, 2015-12-22 The first ever compilation of articles that highlights the intersection of Derridean and feminist theories a work that represents the extensive and diverse response feminist theorists have had to Derrida particularly to the issues of gender identity and the construction of the subject

Yielding Gender Penelope Deutscher, 2002-01-22 Traditional accounts of the feminist history of philosophy have viewed reason as associated with masculinity and subsequent debates have been framed by this assumption Yet recent debates in deconstruction have shown that gender has never been a stable matter In the history of philosophy female and woman are full of ambiguity What does deconstruction have to offer feminist criticism of the history of philosophy Yielding Gender explores this question by examining three crucial areas the issue of gender as troubled deconstruction and feminist criticism of the history of philosophy The first part of the book discusses the work of Judith Butler Jacques Derrida and contemporary French feminist philosophy including key figures such as Luce Irigaray Particular attention is given to the possibilities offered by deconstruction for understanding the history of philosophy The second part considers and then challenges feminist interpretations of some key figures in the history of philosophy Penelope Deutscher sketches how Rousseau St Augustine and Simone de Beauvoir have described gender and argues that their readings of gender are in fact empowered by gender's own contradiction and instability rather than limited by it

Feminism and Power Mary Caputi, 2013-05-16 Feminism and Power the Need for Critical Theory is a six chapter manuscript which offers an important critique of power feminism The latter having produced such spinoffs as grrrl power choice babe lipstick and stiletto feminisms encourages women to be strong self sufficient feisty and independent While I have no argument with much of that tough minded ideal I ask whether this brave new girl doesn't too readily acquiesce in a neo liberal ideology whose underlying tenets derive from American

rugged individualism At its worst this strain within Third Wave feminism contains no critique of capitalism no distance on neoliberal theory no effort to address the injustices contained in globalization s asymmetries and the industrialized North s exploitation of developing countries Feminism and Power the Need for Critical Theory therefore argues that the critical theories of Theodor Adorno and Jacques Derrida have much to offer feminism and a feminist understanding of female empowerment Its pages rely on Adorno s assertion that it is only by allowing the sufferer to speak that we can unveil social truth rather than be duped by the bravado of victory culture Similarly it demonstrates how Derrida s insistence on the trace as well as the asymmetries of friendship and hospitality lead feminism away from the perils of contented triumphalism The book promotes listening as a paradigmatic feminist gesture rather than always speaking up and out *Deconstruction, Feminist Theology, and the Problem of Difference* Ellen T. Armour, 1999-06-15 Ellen T Armour shows how the writings of Jacques Derrida and Luce Irigaray can be used to uncover feminism s white presumptions so that race and gender can be thought of differently In clear concise terms she explores the possibilities and limitations for feminist theology of Derrida s conception of woman and Irigaray s multiple woman as well as Derrida s thinking on race and Irigaray s work on religion

Derrida and the Writing of the Body Jones Irwin, 2016-04-22 Michel Foucault refers to 1965 1970 as in philosophical terms the five brief impassioned jubilant enigmatic years This book reinterprets Jacques Derrida s work from this period most especially in *L'écriture et la Différence* Writing and Difference and argues that a transformation takes place here which has been marginalized in readings of his work to date Irwin follows with a look at how the grammatological opening becomes crucial for Derrida s work in the 1970s and beyond incorporating one of his last readings of embodiment from 2000 By drawing our attention to the politics of desire and sexuality this groundbreaking book engages with the work of key continental theorists including Artaud Bataille Nietzsche Heidegger Habermas and Cixous whilst also examining Derrida s relationship with Plato and feminist theory It will appeal to a wide range of readers within the social sciences and philosophy particularly those with interests in gender and sexuality social theory continental thought queer studies and literary theory

Feminist Interpretations of Martin Heidegger Nancy J. Holland, Patricia Huntington, 2010-11-01 The 14 essays included in this collection illustrate the ways in which feminist readings can deepen understanding of Heidegger s philosophy They illuminate both the richness and the limitations of the resources Heidegger s work can provide for feminist thought

Feminism and Deconstruction Diane Elam, 2006-10-19 At last an intelligent and accessible introduction to the relationship between feminism and deconstruction In this incisive and illuminating book Diane Elam unravels the contemporary relevance of feminism and deconstruction how we can still understand and talk about the materiality of women s bodies whether gender can be distinguished from sex the place of ethics and political action in the light of postmodernist theory Clearly and brilliantly written *Feminism and Deconstruction* is essential reading for anyone who needs a no nonsense but stimulating guide through one of the mazes of contemporary theory *The Cambridge History of Literary Criticism:*

Volume 9, Twentieth-Century Historical, Philosophical and Psychological Perspectives George Alexander Kennedy, Christa Knellwolf, 1989 This ninth volume in *The Cambridge History of Literary Criticism* presents a wide ranging survey of developments in literary criticism and theory during the last century Drawing on the combined expertise of a large team of specialist scholars it offers an authoritative account of the various movements of thought that have made the late twentieth century such a richly productive period in the history of criticism The aim has been to cover developments which have had greatest impact on the academic study of literature along with background chapters that place those movements in a broader intellectual national and socio cultural perspective In comparison with Volumes Seven and Eight also devoted to twentieth century developments there is marked emphasis on the rethinking of historical and philosophical approaches which have emerged especially during the past two decades as among the most challenging areas of debate

Changing Difference Catherine Malabou, 2011-09-26 Woman has never been able to define herself any other way than in terms of the violence done to her In this work Malabou begins with philosophy asking what is the life of a woman philosopher

Feminist Interpretations of Hans-Georg Gadamer Lorraine Code, 2010-11-01 Fifteen essays examine the work of German philosopher Hans Georg Gadamer to provide feminist interpretations of his views on science language history literature and other topics

Reading Marginally David Rutledge, 1996 This study in examining the work of Jacques Derrida and its relevance to feminist biblical interpretation provides valuable new insights into the theological implications of gender issues reading writing and postmodern thought

Feminist Conversations Christina Zwarg, 1995 In a new account of the relationship between Margaret Fuller and Ralph Waldo Emerson Christina Zwarg recreates a feminist conversation that has gone unheard In Zwarg's view the intimate yet restrained letters between the two writers are most significant in confronting the challenges posed by gender and desire Focusing on their exploration of Charles Fourier's utopianism and particularly his concept of passionate attraction Zwarg offers the only detailed reading of Emerson's letters to Fuller

Research Handbook on Feminist Engagement with International Law Susan Harris Rimmer, Kate Ogg, For almost 30 years scholars and advocates have been exploring the interaction and potential between the rights and well being of women and the promise of international law This collection posits that the next frontier for international law is increasing its relevance beneficence and impact for women in the developing world and to deal with a much wider range of issues through a feminist lens

French Philosophy in the Twentieth Century Gary Gutting, 2001-05-10 A clear and comprehensive account of the history of French philosophy in the twentieth century

A Readers Guide to Contemporary Feminist Literary Criticism Maggie Humm, 2015-07-17 This introduction to feminist literary criticism in its international contexts discusses a broad range of complex critical writings and then identifies and explains the main developments and debates within each approach Each chapter has an easy to use format comprising an introductory overview an explanation of key themes and techniques a detailed account of the work of specific critics and a summary which includes critiques of the approach Each

chapter is accompanied by a guide to the primary texts and further reading **Ethics of Eros** Tina Chanter, 2016-02-04

Ethics of Eros sheds light on contemporary feminist discourse by questioning the basic distinctions and categories in feminist theory Tina Chanter uses the work of Luce Irigaray as the focus for a critique of French and Anglo American feminism as it is articulated in the debate over essentialism While these two branches of feminism represent opposing views Chanter advocates a productive exchange between the two *Men in Feminism (RLE Feminist Theory)* Alice Jardine, Paul Smith, 2013-05-20

What are men doing in feminist discourse Although many feminists have commented on the relation actual or possible of men to feminist thinking and practice and although some male academics have written about feminism there has so far been little shared discussion Men in Feminism is the first substantial attempt to produce a dialogue between feminists and their male allies This lively book comprised of essays by both men and women is a controversial sally in the current debate over the future of feminist theory Its focus is one seemingly direct and yet surprisingly prickly question the actual and potential relationship of men to the now impressive and widely recognized body of feminist writing Each essay attempts to assess the benefits or damage of male participation in feminism several of the contributions stand in direct dialogue with others The editors present mediate and reflect upon the agreements and arguments in the book as well as between themselves as editors Their dialogue afterword draws together the questions at the heart of the volume Offering few comfortable answers Men in Feminism will open up discussion of this theoretical and thoroughly political issue **Coming to Terms (RLE Feminist Theory)** Elizabeth Weed, 2012-11-27

For over a decade feminist studies have occupied an extraordinary position in the United States On the one hand they have contributed to the development of a strong identity politics on the other they have been part of the post structuralist critique of the unified subject its experience truth and presence and of the massive challenge to Western metaphysics and humanism Along with race and ethnic studies feminist enquiry has moved beyond the fiction of a unitary feminism to address the differences within the study of difference The essays in this volume all address feminism s relationships to theory and politics at the level of the criticism and production of knowledge Readers and students of politics history literature philosophy sociology and the sciences anyone with a stake in theory and politics will benefit from this powerful book
