Lazenby**

Arms Armour Of The Samurai:

Arms and Armor of the Samurai Ian Bottomley,1996 This book presents details of the development of arms and armor in the Samurai s seven hundred year history *Arms & Armour of the Samurai* Ian Bottomley,Anthony Hopson,1988
Arms and Armour of the Samurai I. Bottomley,A. P. Hopson,1996 **Arms and Armor of the Samurai** Ian Bottomley,Anthony Hopson,1996 The history of arms armor and weaponry of the Samurai in ancient Japan **Arms & Armor of the Samurai** Ian Bottomley,1988 Samurai Armour Trevor Absolon,2017 For beauty precision and strength nothing has ever matched the combination of form and function found in the armour of the samurai For a samurai the consummate warrior his suit of armour was so much more than just protective equipment that could save his life in the heat of battle it was the embodiment of his personality social status and very soul This volume the first in a two part series on the armour of the samurai traces first the history of the samurai themselves and then examines the history and evolution of the cuirass or dou the armour protecting the samurai s chest Drawing on over 20 years of research and technical work by Trevor Absolon a leading expert this is a complete study of this fundamental aspect of samurai armour construction Illustrated throughout with photographs and diagrams Publisher s description *Art of the Samurai* 日本美術,Metropolitan Museum of Art (New York, N.Y.),2009 This extensively illustrated catalogue is published in conjunction with the first comprehensive exhibition devoted to the arts of the samurai including the finest examples of swords the spirit of the samurai as well as sword mountings and fittings armor and helmets saddles textiles and paintings The works in the catalogue drawn from public and private collections in Japan include 34 officially designated National Treasures and 64 Important Cultural Properties the largest number ever to be shown together at one time Dating from the 5th to the early 20th century these majestic objects offer a complete picture of samurai culture and its unique blend of the martial and the refined Many of the greatest Japanese swordsmiths are represented in this volume from early masters such as Yasuie 12th century and Tomomitsu 14th century to the Edo period smiths Nagasone Kotetsu and Kiyomaro The blades by these and other masters cherished as much for their beauty as for their cutting efficiency were equipped with elaborate hilts and scabbards prized for their exquisite craftsmanship and fine materials such as silk rayskin gold lacquer and certain alloys unique to Japan Japanese armor is also fully surveyed from the rarest iron armor of the Kofun period 5th century to the inventive ceremonial helmets made toward the end of the age of the samurai Book Jacket Journeys to Japan; Review & Analysis Kalman Dubov, The Grand Voyage on the Holland America flagship Amsterdam to Asia and the Pacific remains one of the most memorable adventures I have had the privilege of being part of I was thrilled to join the ship in San Diego California listening to world class scholars offering in depth lectures on the places we would visit and to then see these countries first hand This volume reviews the port of San Diego the point of departure and the ship s visits to several ports of call in Japan While these ports were interesting research on Japan s long reach of history offers up many troubling aspects of this unique people I pondered their history and unique

way of looking at themselves and the rest of the world How is it possible for example for a people to create the highest forms of etiquette and graceful decorum and to then conduct themselves with utter contempt for basic morality towards others During World War Two the massacres committed by the Japanese army in nearly every quadrant of their military and political reach during the Showa Empire begs the question of how common decency and ethical behavior can be so thoroughly absent as if it never existed Even today the Japanese government refuses to acknowledge or offer a public apology for wartime acts done during this period I explore this very troubling issue wondering where the lines of civility and conformity begin and end The Japanese are a strange people and I was frustrated at these two extremes of exemplary behavior and simultaneous contempt of others It is my contention that a refusal to acknowledge the past in conjunction with a reappraisal of what went wrong in that previous leadership will eventually and inevitably force this issue into the present There is therefore a huge divergence between the Germans and the Japanese The former reappraised their horrific past recognizing that a change from that past is a mandatory aspect of their social discourse Even a Nazi salute in Germany is outlawed and a criminal offense In contrast the Japanese have barely tolerated criticisms of its own leaders during that period of darkness This is a troubling volume in which I explore with an open mind wondering if there is an answer to these troubling questions In the Shinto Directive formulated and implemented by General MacArthur following Japan's unconditional surrender formalized belief in the emperor's divinity was outlawed Today beautiful Shinto shrines dot the Japanese countryside Citizens can be seen washing hands and rinsing their mouths before entering these sacred spaces then lighting incense while offering a prayer Inevitably I wonder as to the moral component of a people who are outwardly decorous even recreating the common toothpick into a form of exceptional grace while being unable to acknowledge common humanity There are also modern aspects of Japanese society that are difficult to comprehend Thousands of Japanese youth for reasons that defy common sense give up on themselves and their future by adopting the hikikomori lifestyle living in their parent's home not interacting with their peers and even refusing to emerge from their bedrooms for decades Parents tolerate this odd behavior refusing to confront their child even refusing to acknowledge the presence of their child as the years pass Similarly are the jouhatsu people who suddenly and without the slightest outward change suddenly and inexplicably disappear Desperate to find the loved one the government refuses to assist because of Japanese strict privacy laws I describe these aspects of Japanese society together with others similarly different from Western society These are aspects of the Asian face that inscrutable and essentially unknown quantum so different from that of the West Knowing the facts together with the statistics accompanying those facts does not imply understanding the As a Westerner I review these manifestations without understanding the Japanese soul its core identity and substance I can therefore only recount the facts and leave the rest to the reader These questions aside I very much enjoyed walking Japanese streets riding its trains and seeing its people I also had occasion to chat with several Japanese who expressed surprise at my awareness of their culture while I was unable to adequately answer

my queries And they too seemed perplexed by my queries confounded by the imponderables dividing the Western the Eastern way of living a life

Samurai Arms, Armour and the Tactics of Warfare Antony Cummins, 2018-10-18 This book is part of the unique Book of Samurai series that comprises the works of 17th century samurai tactician Natori Sanj_r_ Masazumi retainer and advisor to the lords of Kish_ domain It offers an unparalleled insight into the weaponry and armour of the samurai era as well as tactical advice for use on the battlefield and off _ wisdom that can be applied to many scenarios today Heieki Y_h_ the first scroll translated in this book offers advice for every possible situation from moving troops to besieging a castle to fighting on the open battlefield From turning thieves or cowards to good service to practising external listening in order to obtain information from as many sources as possible to penetrating the deeper motives of those who slander or praise others the advice here is thought provoking and paints a vivid picture of samurai Japan at war Heigu Y_h_ the second scroll gives us a rare and precious glimpse into samurai arms and armour including their construction status regulations and connected ceremonies mythology and Buddhist doctrine a helmet s ventilation hole for example allows access to the 98 000 gods of war There is an accessible introduction and a glossary as well as 130 line drawings that include illustrations of arms and armour strategic diagrams and beautiful examples of Japanese calligraphy

Samurai Mitsuo Kure, 2007 Samurai Arms Armor Costume is one of the first books to show the history and development of clothing armor and weaponry of Japan s samurai warrior class using reenactment photographic material Covering almost a thousand years and all of the major periodicals of Japanese history nearly fifty modes of dress are described and illustrated in full color Most importantly these depict the ever evolving fighting outfits of the samurai class and its warriors However also shown are their everyday and formal wear including female costumes which are particularly beautiful and fascinating

New York Magazine, 1991-11-11 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Handbook to Life in Medieval and Early Modern Japan William E. Deal, 2007 This book is an introduction the Japanese history culture and society from 1185 the beginning of the Kamakura period through the end of the Edo period in 1868
