Medicina Alternativa Revista Conhecer Fantástico, Conhecer Fantástico, Curiosidades, On Line Editora, Como aponta Claudio Blanc na primeira matéria desta edição as terapias consideradas alternativas ou não convencionais têm como princípio a existência de uma força vital que regula a mente e o corpo humanos Na página 05 uma das afirmações que encontramos a maioria das abordagens alternativas está baseada no vitalismo conceito de que as funções do corpo existem e são reguladas por uma força vital que não pode ser mensurada por métodos científicos O princípio de cura se sustenta na ideia de que as doenças devem ser tratadas através do estímulo da habilidade do corpo de curar a si mesmo Em vez de tratar os sintomas os vitalistas procuram fortalecer o organismo Estas palavras resumem com fidelidade aquilo que representa a chamada medicina alternativa que se desenvolveu em muitos casos a partir de brechas ou insucessos da terapia allopática ou convencional Mas há também aqueles tratamentos que vêm desde muito tempo sendo cultivados pelos mais diferentes povos e que apresentam resultados animadores como o caso do dōin do shiatsu do jin shin e do reiki No entanto importante salientar que correntes da medicina consideradas tradicionais em determinadas regiões do planeta podem ser tomadas como alternativas em outras partes do mundo como acontece com a acupuntura que faz parte da medicina tradicional chinesa e vista no Ocidente como um tratamento não convencional Acreditando ou não nos resultados destes modos de encarar e tratar o ser humano muito importante conhecer o que existe dispor Mesmo porque não são poucas as vezes em que nos deparamos com tratamentos que não surtem os efeitos desejados E nestes momentos outras alternativas são sempre algo a ser considerado
