Aromatherapy And Massage:

Hot Stone Massage Alison Trulock, 2008 Hot stone massage is a unique variant of massage therapy that employs heated stones to release physical tension and calm the nervous system. The stones' warmth and weight help the recipient focus more intently on the massage and to be more receptive to its benefits. This superb introduction explains everything about this ancient healing practice from which stones to choose, color, smoothness, shape, and mineral content, matter to which strokes to use. Along with attractive instructional photos throughout, there's information on setting up the massage, working different parts of the body, stimulating the chakra points, and alleviating specific symptoms including muscular aches, back pain, arthritis, circulatory problems, and insomnia. *Aromatherapy, Massage and Relaxation in Cancer Care* Dr Peter A. Mackereth, Ann Carter, 2016-09-21 This book offers integrated approaches to aromatherapy, massage, and relaxation therapies for cancer care. Highly illustrated and practical approach. An essential text covering the Level 3 NVQ units related to body massage and aromatherapy. Emphasis on good practice. **Aromatherapy Massage** Margie Hare, 2004 Aromatherapy is a healing therapy based on the use of pure essential oils for physical and emotional health and wellbeing. These all-natural oils have a powerful therapeutic affect but can also relieve stress and anxiety, bring balance and harmony, delight the senses, and lift the spirits. Essential oils derived from the flowers, leaves, and other parts of plants are highly concentrated, and it is important to understand when and how to use them. Aromatherapist Margie Hare explains how the oils are derived, how to blend and use them, and which oils to use as natural remedies for many common ailments. Aromatherapy Massage is especially beneficial. It can be stimulating or relaxing, depending on the oils used and the technique applied. Both the book and the DVD feature aromatherapist Margie Hare's excellent step-by-step guide to the art of massage with essential oils. The massage techniques are fully illustrated, practical, and easy to follow. Book jacket. **Aromatherapy Massage** Margie Hare, 2004 *Massage and Aromatherapy* Andrew Vickers, Caroline Stevensen, Steve Van Toller, 2013-11-11 This book aims to give health professionals a balanced and independent overview of massage and aromatherapy. I have written it because, despite growing interest, there is a dearth of professional literature on this subject. This book aims to cover a number of topics which are under-represented in existing publications. These include scientific research in massage and aromatherapy, the use of the therapies in medical settings, the knowledge base of massage and aromatherapy, professional and managerial issues, safety. Understanding of these subjects is essential for any reasoned evaluation of massage and aromatherapy. Yet this book is probably the first to provide information suitable for this task. At the current time of writing, almost all books on massage and aromatherapy have been written with
