Shweder,1986-03-15 What is the nature of the social sciences What kinds of knowledge can they and should they hope to create Are objective viewpoints possible and can universal laws be discovered Questions like these have been asked with increasing urgency in recent years as some philosophers and researchers have perceived a crisis in the social sciences Metatheory in Social Science offers many provocative arguments and analyses of basic conceptual frameworks for the study of human behavior These are offered primarily by practicing researchers and are related to problems in disciplines as diverse as sociology psychology psychiatry anthropology and philosophy of science While various points of view are expressed in these nineteen essays they have in common several themes including the comparison of social and natural science the role of knowledge in meeting the demands of society and its pressing problems and the nature and role of subjectivity in science Some authors hold that subjectivity cannot be studied scientifically others argue that it can and must be if progress in knowledge is to be made The essays demonstrate the philosophical pluralism they discuss and give a wide range of alternative positions on the future of the social and behavioral sciences in a postpositivist intellectual world Through My Eyes Living My Life Welcome to My World Samantha Burke,2002 **Celestial** Shaquille Louis Brown,2010-12-10 Celestial begins with a thrust as the readers find themselves following Eli Louis Church a soldier who has been called to battle a deadly new enemy They show no mercy and Eli witnesses an ally s demise He soon finds himself in a fight that goes beyond the bounds of reality The enemy holds a cast of powerful characters from a giant who controls fire to a mad scientist who constructs mechanical beasts This new enemy has made itself known but for what purpose Celestial takes another twist when Holland Foster realizes what she is She stumbles upon a strange new found power as her veins surge with energy She has some connection to the new threat to humanity but does she want this power Celestial is full of action and excitement while keeping the story and literary elements strong and prominent I have found that it can interest those looking for a relaxing but exciting read and those who are enthralled by surprises and twists I believe I ve found a formula that is of my natural skill and instinct when it comes to writing a book and I hope everyone who reads it will enjoy it Thank you **The Excavations at Ancient Halieis, Vol. 1** Marian Holland McAllister,2005-11-24 Other contributions include a study of the fortifications that are now submerged in the ancient harbor a study of the city mint and a report on an engineering study to establish the elevations at the site **Journal of Proceedings of the First Branch City Council of Baltimore at the Sessions of ...** Baltimore (Md.).
