**Arrival of the Gods** Douglas Fox,2022-09-06      **The Finitude of Being** Joan Stambaugh,2016-03-22      **The Emergency of Being** Richard Polt,2013-07-23 The heart of history for Heidegger is not a sequence of occurrences but the eruption of significance at critical junctures that bring us into our own by making all being including our being into an urgent issue In emergency being emerges from The Emergency of Being The esoteric Contributions to Philosophy often considered Martin Heidegger s second main work after Being and Time is crucial to any interpretation of his thought Here Heidegger proposes that being takes place as appropriation Richard Polt s independent minded account of the Contributions interprets appropriation as an event of emergency that demands to be thought in a future subjunctive mode Polt explores the roots of appropriation in Heidegger s earlier philosophy Heidegger s search for a way of thinking suited to appropriation and the implications of appropriation for time space human existence and beings as a whole In his concluding chapter Polt reflects critically on the difficulties of the radically antirationalist and antimodern thought of the Contributions Polt s original reading neither reduces this challenging text to familiar concepts nor refutes it but engages it in a confrontation an encounter that respects a way of thinking by struggling with it He describes this most private work of Heidegger s philosophy as a dissonant symphony that imperfectly weaves together its moments into a vast fugue under the leitmotif of appropriation This fugue is seeded with possibilities that are waiting for us its listeners to develop them Some are dead ends viruses that can lead only to a monolithic monotonous misunderstanding of history Others are embryonic insights that promise to deepen our thought and perhaps our lives if we find the right way to make them our own      [The Second Coming of the Star Gods](#) Page Bryant,2004-02-01 Set amidst the haunting mysterious beauty of Ancient Egypt The Second Coming of the Star Gods is an epic tale of magic political intrigue and mythology Rich in historical and mystical detail the story centers on Khem and Tiye two young apprentice priestesses in the Temple of the Sun As the girls are initiated into the secret arts of dream interpretation astronomy and astral travel a battle for the great empire s throne is being waged between the Pharaoh and his half brother a battle in which the young apprentices will unwittingly play the decisive role Engaging and hypnotic The Second Coming of the Star Gods creates characters and a world so real you won t want to soon leave She masterfully recreates Egypt s 4th Dynasty the Pyramid Age a time in which gods goddesses and magicians were the true rulers of the land      **The Coming of the Gods: Description and analysis** James Jemut Masing,1997      **Jacob - Journey of A God** Eamon Blake,2024 Jacob Journey of a God is the first in a gripping series of five books It chronicles the journey of a troubled youth who since his twelfth birthday has been haunted by disturbing visions showing horrific events set in the past As the visions escalate he learns of a future filled with turbulent and violent times It s 2016 and although living the normal life of a Dublin teenager school studies rugby and girls he soon discovers his true identity His mother tells him the story of his birth and her efforts to protect him from forces beyond his comprehension He begins to understand his extraordinary abilities

especially when he realises those abilities are actually the powers of a God Amidst the unfolding drama of his life Jacob's visions show him to be leading a battle against two malevolent forces one is The Darkness and the other the nefarious Prince of Hell Both have made him a target of their venom they know he has been chosen to be the defender of the Light and they fear his power Why does The Darkness loathe the Light What fuels the Prince of Hell's hatred of Jacob In the face of these existential questions Jacob will embrace his divine destiny and become the God he was born to be

**Ethics and Time** Nimi Wariboko, 2010-10-14 Ethics and Time attempts to locate ethical thinking within the response to the questions raised by temporal orientation Time is the matrix and Moloch of social life and for the purpose of this book the starting point for ethical reflection Nimi Wariboko boldly attempts to reconceptualize temporal orientation and begin a new discussion of time and ethics using the creative synthesis of ethology political philosophy sociological and intercultural perspectives Most academic discourse contextualizes temporal orientation in terms of either times of origin and time preference Wariboko identifies a third option developing the theory and methodology that render it an object of ethical analysis and liberatory thought He suggests that temporal orientation is the production of new temporalities that allow humans to manifest their potentialities and creatively resist obstacles that impede their thriving Wariboko liberates the notion and habit of temporal orientation from excessive concern with conservatism and utilitarianism showing how ethicists can use the theory of temporal orientation to question all present temporal conditions in the name of freedom

**For a Philosophy of Freedom and Strife** Günter Figal, 1998-01-01 This first book length work of the prominent German philosopher Gunter Figal to appear in English offers a radical defense of metaphysical philosophy in the era of postmodern thought For Figal metaphysics does not represent an anachronistic and pernicious mode of thought that ought to be overcome but rather is a type of thinking that proceeds from a recognition of the necessary coherence of everything with its opposite It is this agonistic relationship of opposites that Figal following Heraclitus terms strife Rather than regarding the conflict of opposites as necessarily resulting in the dissolution of meaning and sense as many contemporary thinkers maintain Figal contends that sense and meaning can only come into existence metaphysically that is to say as a consequence of strife And the context within which strife occurs is freedom Using these concepts of strife and freedom Figal proposes new and provocative readings of Plato Hegel Nietzsche and Kierkegaard as well as of some of the most controversial figures of twentieth century philosophy
