Capitalism-Culture and Educational Praxis Andrew Gitlin,2022-12-06 This book focuses on educational praxis connecting work inside schools with work outside school to produce a revitalized critical theory of education that shows its slide away from Marxism and toward culturalism The chapters outline a knowledge production process in three connected parts a critical history conceptual extensions and praxis **Herbert Marcuse** Malcolm Miles,2011-12-05 When capitalism is clearly catastrophically out of control and its excesses cannot be sustained socially or ecologically the ideas of Herbert Marcuse become as relevant as they were in the 1960s This is the first English introduction to Marcuse to be published for decades and deals specifically with his aesthetic theories and their relation to a critical theory of society Although Marcuse is best known as a critic of consumer society epitomised in the classic One Dimensional Man Malcolm Miles provides an insight into how Marcuse s aesthetic theories evolved within his broader attitudes from his anxiety at the rise of fascism in the 1930s through heady optimism of the 1960s to acceptance in the 1970s that radical art becomes an invaluable progressive force when political change has become deadlocked Marcuse s aesthetics of liberation in which art assumes a primary role in interrupting the operation of capitalism made him a key figure for the student movement in the 1960s As diverse forms of resistance rise once more a new generation of students scholars and activists will find Marcuse s radical theory essential to their struggle **Excursion for Miracles** Mark Franko,2005-04-27 How extraordinary everyday relationships shape dance

Education, Science and Truth Rasoul Nejadmehr,2009-03-04 What is the main problem of contemporary education Rasoul Nejadmehr argues that the cardinal problem with education is that it does not have an adequate notion of truth underpinning it Thinkers mainly tend to veer towards two poles absolutism and relativism While a one sided tendency toward absolutism leads to reified categories of thought and alienation a tendency toward relativism leads to lack of universality and nihilism Education Science and Truth suggests a way out by bridging not only divides between and within analytical and continental philosophy but also those of modernism and postmodernism By using a range of issues disciplines and literature Nejadmehr formulates a new version of the concept of objectivity based on the inclusion of multiple perspectives including ones from art philosophy and marginalized groups **Cultural Theory** Imre Szeman,Timothy Kaposy,2010-04-26 Cultural Theory An Anthology is a collection of the essential readings that have shaped and defined the field of contemporary cultural theory Features a historically diverse and methodologically concise collection of readings including rare essays such as Pierre Bourdieu s Forms of Capital 1986 Gilles Deleuze Postscript on Societies of Control 1992 and Fredric Jameson s Reification

and Utopia in Mass Culture 1979 Offers a radical new approach to teaching and studying cultural theory with material arranged around the central areas of inquiry in contemporary cultural study the status and significance of culture itself power ideology temporality space and scale and subjectivity Section introductions designed to assist the student reader provide an overview of each piece explaining the context in which it was written and offering a brief intellectual biography of the author A large annotated bibliography of primary and secondary works for each author and topic promotes further research and discussion Features a useful glossary of critical terms

Art Workers Julia Bryan-Wilson, 2009 From artists to art workers Carl Andre s work ethic Robert Morris s art strike Lucy Lippard s feminist labor Hans Haacke s paperwork

Secularization in Contemporary Religious Radicalism Corneliu Simut, 2019-05-21 The concept of secularization has grown to become one of the most important features of contemporary religious thought This book introduces and examines the thinking of sixteen key theologians philosophers and historians of religion to explain a why by the late nineteenth century the traditional concept of God as an ontologically real being came to be considered no longer necessary and b how the new perspective on God which accepts him only as an idea turned into the preferred approach of today s religion and philosophy namely religious radicalism

The Ruthless Critique of Everything Existing Andrew Feenberg, 2023-02-28 For several years after 1968 Herbert Marcuse was one of the most famous philosophers in the world He became the face of Frankfurt School Critical Theory for a generation in turmoil His fame rested on two remarkable books Eros and Civilization and One Dimensional Man These two books represent the utopian hopes and dystopian fears of the time In the 1960s and 70s young people seeking a theoretical basis for their revolution found it in his work Marcuse not only supported their struggles against imperialism and race and gender discrimination he foresaw the far reaching implications of the destruction of the natural environment Marcuse s Marxism was influenced by Husserl and Heidegger Hegel and Freud These eclectic sources grounded an original critique of advanced capitalism focused on the social construction of subjectivity and technology Marcuse contrasted the one dimensionality of conformist experience with the new sensibility of the New Left The movement challenged a society that delivered the goods but devastated the planet with its destructive science and technology A socialist revolution would fail if it did not transform these instruments into means of liberation both of nature

and human beings This aspiration is alive today in the radical struggle over climate change Marcuse offers theoretical resources for understanding that struggle

Critical Theory and Authoritarian Populism Jeremiah

Morelock,2018-12-17 After President Trump s election BREXIT and the widespread rise of far Right political parties much public discussion has intensely focused on populism and authoritarianism In the middle of the twentieth century members of the early Frankfurt School prolifically studied and theorized fascism and anti Semitism in Germany and the United States In this volume leading European and American scholars apply insights from the early Frankfurt School to present day authoritarian populism including the Trump phenomenon and related developments across the globe Chapters are arranged into three sections exploring different aspects of the topic theories historical foundations and manifestations via social media Contributions examine the vital political psychological and anthropological theories of early Frankfurt School thinkers and how their insights could be applied now amidst the insecurities and confusions of twenty first century life The many theorists considered include Adorno Fromm L wenthal and Marcuse alongside analysis of Austrian Facebook pages and Trump s tweets and operatic media drama This book is a major contribution towards deeper understanding of populism s resurgence in the age of digital capitalism

Critical Theory: The Basics Martin

Shuster,2024-05-27 Critical Theory The Basics brings clarity to a topic that is confusingly bandied about with various meanings today in popular and academic culture First defined by Max Horkheimer in the 1930s critical theory now extends far beyond its original German context around the Frankfurt School and the emergence of Nazism We now often speak of critical theories of race gender anti colonialism and so forth This book introduces especially the core program of the first generation of the Frankfurt School including Horkheimer Theodor W Adorno Erich Fromm and Herbert Marcuse and shows how this program remains crucial to understanding the problems ideologies and systems of the modern world including capitalism racism sexism and the enduring problems of colonialism It explores basic questions like What is critical theory What can critical theory be What should it be Why and how does critical theory remain vital to understanding the contemporary world including notions of self society politics art religion culture race gender and class With suggestions for

further reading this book is an ideal starting point for anyone seeking an accessible but robust introduction to the richness and complexity of this tradition and to its continuing importance today *Marcuse in the Twenty-First Century* Robert Kirsch, Sarah Surak, 2018-12-07 This book engages the critical theory of political philosopher Herbert Marcuse to imagine spaces of resistance and liberation from the repressive forces of late capitalism Marcuse an influential counterculture voice in the 1960s highlighted the smooth democratic unfreedom of postwar capitalism a critique that is well adapted to the current context The compilation begins with a previously unpublished lecture delivered by Marcuse in 1966 addressing the inadequacy of philosophy in its current form arguing how it may be a force for liberation and social change This lecture provides a theoretical mandate for the volume s original contributions from international scholars engaging how topics such as higher education aesthetics and political organization can contribute to the project of building a critical rationality for a qualitatively better world offering an alternative to the bleak landscape of neoliberalism The essays in this volume as whole engage the current context with an urgency appropriate to the problems facing an encroaching authoritarianism in political society with an interdisciplinary lens that speaks to the complexity of the problems facing modern society The chapters originally published as a special issue in *New Political Science* *Modernism and the Frankfurt School* Tyrus Miller, 2014-05-14 Provides a single volume introduction to the important connection of Frankfurt School thought and modernist culture Tyrus Miller s book offers readers a focused introduction to the Frankfurt School s important attempts to relate the social political and philosophical conditions of modernity to innovations in twentieth century art literature and culture The book pursues this interaction of modernity and modernist aesthetics in a two sided dialectical approach Not only Miller suggests can the Frankfurt School s penetrating critical analyses of the phenomena of modernity help us develop more nuanced historically informed and contextually sensitive analyses of modernist culture but also modernist culture provides a field of problems examples and practices that intimately affected the formation of the Frankfurt School s theoretical ideas The individual chapters which include detailed discussions of Walter Benjamin Theodor Adorno Herbert Marcuse as well as a survey of later Frankfurt School influenced thinkers discuss the ideas of a given figure with an emphasis on particular artistic media or contexts Benjamin with lyric poetry and architecture as urban art forms Adorno with music Marcuse with the liberationist art performances and happenings of the 1960s Key Features Introduces well studied major figures such as Benjamin and Adorno in a new light while connecting their ideas with problems in modernist art and culture Offers a clear thorough and relevant survey of major ideas and figures Provides a revisionary view of the rigorous connection of Frankfurt School theory and modernist culture
