challenges of post socialist transition This history and its legacy is addressed in this book through national and regional case studies ranging from the Baltics to the Balkans An equally significant part of the book is dedicated to the present and future of feminist curating as well as of other politicised forms of curatorial activities e g queer curating In addition to the theoretical or historical accounts presented the collection includes two highly relevant interviews with curators Bojana Pejic on the block buster exhibition Gender Check 2009 2010 in Vienna and Warsaw and Airi Triisberg and Rebeka P ldsam on Untold Stories 2011 the first international queer exhibition in Tallinn Estonia

Contemporary Art and Feminism Jacqueline Millner, Catriona Moore, 2021-07-05 This important new book examines contemporary art while foregrounding the key role feminism has played in enabling current modes of artmaking spectatorship and theoretical discourse Contemporary Art and Feminism carefully outlines the links between feminist theory and practice of the past four decades of contemporary art and offers a radical re reading of the contemporary movement Rather than focus on filling in the gaps of accepted histories by adding the missing female queer First Nations and women artists of colour the authors seek to revise broader understandings of contemporary practice by providing case studies contextualised in a robust art historical and theoretical basis Readers are encouraged to see where art ideas come from and evaluate past and present art strategies What strategies materials or tropes are less relevant in today s networked event driven art economies What strategies and themes should we keep hold of or develop in new ways This is a significant and innovative intervention that is ideal for students in courses on contemporary art within fine arts visual studies history of art gender studies and queer studies

Garrard, 2005-04-11

Reclaiming Feminine Agency identifies female agency as a central theme of recent feminist scholarship offers 23 essays on artists issues from the Renaissance to the present written in the 1990s after **Feminism And Art History** Norma Broude, 2018-02-23 A long needed corrective and alternative view of Western art history these seventeen essays by respected scholars are arranged chronologically and cover every major period from the ancient Egyptian to the present While several of the essays deal with major women artists the book is essentially about Western art history and the extent to which it has been distorted in every period by sexual bias With 306 illustrations *Gendered* Tal Dekel, 2014-08-11 Feminist art and theoretical aspects of feminism are linked via a unique and reciprocal bond whose influence extends far beyond their own bounds into the social cultural political and economic realms as well as into the personal lives of women and men alike This linkage was forged in different places around the world in the 1960s and 1970s It was especially influential in the United States during a decade which witnessed the emergence and growth of the Women s Liberation Civil Rights LGBT and hippie movements and the protest against the Vietnam War In response to these events large numbers of women artists joined the ranks of contemporary political feminist activists their art directly reflecting the concerns of feminist theory and practice This volume adopts an interdisciplinary approach through which it compares American feminist art and artists with their European counterparts In order to elucidate the geographical divide this book takes as a test case the work of Mary Kelly who while born in the USA produced much of her work while living in Britain and under the influence of European thought Challenging traditional disciplinary boundaries it moves beyond an art history survey to discuss the artistic field in relation to feminist theory and politics revealing the continuing relevance of both areas for the contemporary reader While concentrating upon the second wave of feminism in Europe and the USA it also addresses aspects of the third wave and the current state of the feminist movement particularly in respect to the Israeli art scene **Art, Feminism, and Community** Ceren Özpınar, 2024 How do artists communities and art connect with one another How might multiple feminist views be used to interpret art Art Feminism and Community Feminist Art Histories from Turkey 1973 1998 examines the lives and communities of artists and their works from Turkey It suggests that feminisms shape artists relationships and practices It analyses seven major case studies and details rarely seen paintings installations photographs drawings batik and performance art from 1973 to 1998 The work brings together twenty artists and cultural figures in a world of multifaceted relationships that influence the creation of new art Uncovering familial professional and friendship links it recreates transnational networks intellectual collectives political alliances and ethnic communities It demonstrates how artists have

analysed their own experiences in their works reflecting the effects of their communities and lives even though these themes have been mostly overlooked in Turkish art history

The Power of Feminist Art Judith K. Brodsky, 1994 Since its inception nearly 25 years ago the Feminist Art movement has presented a challenge to mainstream modernism that has radically transformed the art world In *The Power of Feminist Art* coeditors Norma Broude and Mary D Garrard professors of art history at The American University in Washington D C bring together many of the influential art historians critics and artists who participated in the events of the 1970s Together they have created this landmark volume the first history and analysis documenting this fertile and dynamic period of artistic growth We learn about the first feminist art education programs with artists Judy Chicago and Miriam Schapiro helping to lay the foundation about the now legendary Womanhouse project and about such banner exhibitions as *Women Artists 1550-1950* organized in 1976 by art historians Linda Nochlin and Ann Sutherland Harris We follow the development of the movement as seen in the various feminist organizations networks exhibitions and publications it generated and most particularly in the emergence of feminist art Performance art social protest and public art and collaboration exploration of such formerly taboo aesthetic areas as Pattern and Decoration and subjects such as divinity and the body viewed from female perspectives are among the multiple aspects of the Feminist Art movement The last section of the book traces the ups and downs of the movement as experienced through the backlash of the 1980s and the resurgence of women's issues in the 1990s Uncompromising probing thoughtful and as provocative and exciting as the period itself *The Power of Feminist Art* is an immensely stunning book Reproductions of hundreds of works of feminist art from the 1970s and beyond by such artists as Judith Baca Harmony Hammond Joyce Kozloff Barbara Kruger Ana Mendieta Alice Neel Faith Ringgold Betye Saar Miriam Schapiro Cindy Sherman Nancy Spero May Stevens and Hannah Wilke and the meticulously researched essays make this an invaluable source book and major contribution to American art and social history

Feminist Art Criticism Arlene Raven, 2018-02-23 From the Preface The essays in Feminist Art Criticism are theoretical and we selected them for several reasons First they show a diversity of concerns These include spirituality sexuality the representation of women in art the necessary inter relationship of theory and action women as artmakers ethnicity language itself so called postfeminism and critiques of the art world the discipline of art history and the practice of art criticism Second the contributors work has not been either widely disseminated or readily available Third the essays especially arranged as they are chronologically demonstrate a continuous feminist discourse in art from the early 1970s through the present a discourse that is neither monolithic nor intellectually trendy but that rather exhibits many elements the polemical Marxist lyrical and poststructuralist being only a few
