Art And Other Serious Matters:

Harold Rosenberg Debra Bricker Balken, 2021-10-06 The biography recounts Rosenberg's full story for the first time. Art critic for The New Yorker from 1962 until 1978, Rosenberg together with Clement Greenberg radically reshaped the interpretation of art in the post World War II period by promoting and examining abstract expression. But Rosenberg was also a social and literary critic; writing about art was just one aspect of his work. Harold Rosenberg: A Critic's Life weaves together Rosenberg's life and literary production cast against the dynamic intellectual and social ferment of his time. Rosenberg's mid-century linking of the New York School with the art establishment together with his observations on the commodification of the artwork and the evisceration of the self in favor of celebrity especially in his often-cited essay 'The Herd of Independent Minds' make this book especially topical.

The Sense of Art Ralph A. Smith, 2014-10-29 Ralph A. Smith provides a theory of aesthetic education that addresses the need to revitalize the capacity for genuine judgment in society, reaffirm the ideal of excellence in culture, and reorder our thoughts about teaching the arts in schools. The book presents an image of the curriculum as itinerary preparing the young to traverse the world of art with adroitness and sensitivity.

The Artless Jew Kalman P. Bland, 2001-07-02 Conventional wisdom holds that Judaism is indifferent or even suspiciously hostile to the visual arts due to the Second Commandment's prohibition on creating graven images. The dictates of monotheism and historical happenstance. This intellectual history of medieval and modern Jewish attitudes toward art and representation overturns the modern assumption of Jewish iconophobia that denies to Jewish culture a visual dimension. Kalman Bland synthesizes evidence from medieval Jewish philosophy, mysticism, poetry, biblical commentaries, travelogues, and law, concluding that premodern Jewish intellectuals held a positive, liberal understanding of the Second Commandment and did in fact articulate a certain Jewish aesthetic. He draws on this insight to consider modern ideas of Jewish art, revealing how they are inextricably linked to diverse notions about modern Jewish identity that are themselves entwined with arguments over Zionism, integration, and anti-Semitism. Through its use of the past to illuminate the present and its analysis of how the present informs our readings of the past, this book establishes a new assessment of Jewish aesthetic theory rooted in historical analysis. Authoritative and original in its identification of authentic Jewish traditions of painting, sculpture, and architecture, this volume will ripple the waters of several disciplines, including Jewish studies, art history, medieval and modern history, and philosophy.

Reinventing Jewish Art in the Age of Multiple Modernities Lola Kantor-Kazovsky, 2022-12-05 Can studying an artist's migration enable the reconfiguration of art history in a new and global mode? Michail Grobman's odyssey in search of a contemporary idiom of Jewish art led him to cross the borders of political blocs and to observe, absorb, and confront different patterns of modernism in his work. His provocative art, his rich archives and collections, his essays, and personal diaries all reveal this complexity and open up a new perspective on post World War II twentieth-century modernism and on the interconnected functioning of its local models.

Modernism's Masculine Subjects Marcia Brennan, 2004

Rejecting the typical view of formalism's exclusive engagement with essentialized and purified notions of abstraction and its disengagement from issues of gender and embodiment Brennan explores the ways in which these categories were intertwined Historically and theoretically Jacket

Into the Light of Things George J. Leonard, 1995-06-15 When John Cage opened his compositions to chance sounds in the 1950s and Andy Warhol began exhibiting paintings of Brillo boxes in the 1960s the art of the commonplace seemed like something radically even frighteningly new But noting an unprecedented shift around 1800 away from the idealism of Western aesthetics Leonard shows that attacks on the art object as outspoken as any made by twentieth century avant gardists can be found in the works of Wordsworth Ruskin Carlyle Emerson and Whitman From Wordsworth to Cage a certain kind of artist sought to re orient humanity's devotion from the next world to this one to situate paradise in the simple produce of the common day Enough of Science and Art Wordsworth began his first book of poems Come forth into the light of things Two hundred years later John Cage would tell us We open our eyes and ears seeing life each day excellent as it is This realization no longer needs art By studying artists together with poets Leonard uncovers the rich tradition that links Wordsworth to Cage and illuminates many figures in between Into the Light of Things transforms our understanding of modern culture Jacket

Semiotics Tejera, 2022-08-01 *Raphael Soyer and the Search for Modern Jewish Art* Samantha Baskind, 2015-12-01 Artist Raphael Soyer 1899-1987 whose Russian Jewish family settled in Manhattan in 1912 was devoted to painting people in their everyday urban lives He came to be known especially for his representations of city workers and the down and out and for his portraits of himself and his friends Although Soyer never identified himself as a Jewish artist Samantha Baskind in the first full length critical study of the artist argues that his work was greatly influenced by his ethnicity and by the Jewish American immigrant experience Baskind examines the painter's art and life in the rich context of religious cultural political and social conditions in the twentieth century United States By promoting an understanding of Soyer as a Jewish American artist she addresses larger questions about the definition and study of modern Jewish art Whereas previous scholars have defined Jewish art simply as art produced by people who were born Jewish Baskind stresses the importance of an artist's cultural identity when defining ethnic art As Baskind explains how Soyer negotiated his Jewish identity in changing ways over his lifetime she offers new strategies for identifying and interpreting Jewish art in general Her analysis of Soyer's work places the artist in a necessary context and provides a valuable new approach to the study of modern Jewish art
