Ark Sakura:

The Ark Sakura Kōbō Abe, 1988 The protagonist of Abe's creation nicknamed Mole by himself and Pig by others is a dreamer and something of a mad inventor. He turns an underground quarry into an ark that can survive a nuclear war and starts to recruit passengers to accompany him on a voyage. [The Ark Sakura](#) Kobo Abe, 2021-06-03 One of Japan's most venerated writers David Mitchell In this unnerving fable from one of Japan's greatest novelists a recluse known as Mole retreats to a vast underground bunker only to find that strange guests booby traps and a giant toilet may prove even greater obstacles than nuclear disaster. As is true of Poe and Kafka Abe creates an unexpected impulsion. One continues reading on and on. New Yorker Abe's depiction of the deadly game of survival is hilarious but at the same time leaves us with a chilling sense of apprehension about the brave new world that awaits us. Los Angeles Times **Rethinking Japan: Literature, visual arts & linguistics** Franco Gatti, 1990 First Published in 1995 Routledge is an imprint of Taylor Francis, an information company **Sublime Voices** Christopher Bolton, 2020-03-17 Since the 1950s Abe Kōbō 1924-1993 has achieved an international reputation for his surreal or grotesque brand of avant-garde literature. From his early forays into science fiction to his more mature psychological novels and films and finally the complicated experimental works produced near the end of his career Abe weaves together a range of voices, the styles of science and the language of literary forms. In Abe's oeuvre this stylistic interplay links questions of language and subjectivity with issues of national identity and technological development in a way that ultimately aspires to become the catalyst for an artistic revolution. While recognizing the disruptions such a revolution might entail Abe's texts embrace these disjunctions as a way of realizing radical new possibilities beyond everyday experience and everyday values. By arguing that the crisis of identity and postwar anomie in Abe's works is inseparable from the need to marshal these different scientific and literary voices Christopher Bolton explores how this reconciliation of ideas and dialects is for Abe part of the process whereby texts and individuals form themselves. A search for identity that must take place at the level of the self and society at large. [Rethinking Japan Vol 1](#). Shock and Naturalization in Contemporary Japanese Literature Carl Cassegr  rd, 2007-03-29 This study introduces the concepts of naturalization and naturalized modernity and uses them as tools for understanding the way modernity has been experienced and portrayed in Japanese literature since the end of the Second World War Special emphasis is given to four leading post war writers Kawabata Yasunari Abe Kobo Murakami Haruki and Murakami Ryu The author argues that notions of shock in modern city life in Japan as exemplified in the writings of Walter Benjamin and George Simmel while present in the work of older Japanese writers do not appear to hold true in much contemporary Japanese literature it is as if the shock impact of change has evolved as a naturalized or Japanized process The author focuses on the implications of this phenomenon both in the context of the theory of modernity and as an opportunity to reevaluate the works of his chosen writers
