Black Struggle, Red Scare Jeff R Woods, 2003-10-31 At the height of the cold war southern segregationists exploited the reigning mood of anxiety by linking the civil rights movement to an international Communist conspiracy Jeff Woods tells a gripping story of fervent crusaders for racial equality swept into the maelstrom of the South's siege mentality of crafty political opportunists who played upon white southerners' very real fear of Communists and of a people who saw lurking enemies and detected red propaganda everywhere In their strange double identity as both defiant Confederate flag wavers fiercely protecting regional sovereignty and as American superpatriots many southerners stood ready to defend against subversives be they red or black Concentrating on the phenomenon at its most intense period Woods makes vivid the fearful synergy that developed between racist forces and the anti Communist cause reveals the often illegal means used to wash the movement red and documents the gross waste of public funds in pursuing an almost nonexistent threat Though ultimately unsuccessful in convincing Americans outside of Dixie that the civil rights protests were controlled by Moscow the southern red scare forced movement activists to distance themselves from the Marxist elements in their midst thereby gaining the sympathy of the American people while losing the support of some of their most passionate antiracist campaigners A product of vast archival research and the latest literature

on this increasingly popular subject this is the first book to consider the southern red scare as a unique regional phenomenon rather than an offshoot of McCarthyism or massive resistance Addressing the fundamental struggle of Americans to balance liberty and security in an atmosphere of racial prejudice and ideological conflict it will be equally compelling for students of civil rights southern history the cold war and American anti Communism *Hillbilly* Anthony Harkins,2004 This text argues that the hillbilly in his various guises has been viewed by mainstream Americans simultaneously as a violent degenerate who threatens the modern order and as a keeper of traditional values and thus symbolic of a nostalgic past free of the problems of contemporary life *Country Music Records* Tony Russell,Bob Pinson,2004-10-07 More than twenty years in the making Country Music Records documents all country music recording sessions from 1921 through 1942 With primary research based on files and session logs from record companies interviews with surviving musicians as well as the 200 000 recordings archived at the Country Music Hall of Fame and Museum s Frist Library and Archives this notable work is the first compendium to accurately report the key details behind all the recording sessions of country music during the pre World War II era This discography documents in alphabetical order by artist every commercial country music recording including unreleased sides and indicates as completely as possible the musicians playing at every session as well as instrumentation This massive undertaking encompasses 2 500 artists 5 000 session musicians and 10 000 songs Summary histories of each key record company are also provided along with a bibliography The discography includes indexes to all song titles and musicians listed *New Destinations of Empire* Emily Mitchell-Eaton,2024-11-01 In 1986 the Compact of Free Association marked the formal end of U S colonialism in the Republic of the Marshall Islands while simultaneously re entrenching imperial power dynamics between the two countries The U S RMI Compact at once enshrined exclusive U S military access to the islands and established the right of visa free migration to the United States for Marshallese citizens leading to a Marshallese diaspora whose largest population resettled in the seemingly unlikely destination of Springdale Arkansas An all white town by design for much of the twentieth century Springdale having nearly quadrupled in population since 1980 has been remade by Marshallese as well as Latinx immigration Through ethnographic policy based and archival research in Gu han Saipan Hawai i Arkansas and Washington D C *New Destinations of Empire* tells the story of these place based transformations revealing how U S empire both causes and constrains mobility for its subjects shaping migrants experiences of racialization citizenship and belonging in new destinations of empire In examining two spatial processes imperialism and migration together Emily Mitchell Eaton reveals connections and flows between presumably distant remote sites like Arkansas and the Marshall Islands showing them to be central to the United States most urgent political issues immigration racial justice militarization and decolonization *On the Air* John Dunning,1998-05-07 Now long out of print John Dunning s *Tune in Yesterday* was the definitive one volume reference on old time radio broadcasting Now in *On the Air* Dunning has completely rethought this classic work reorganizing the material and doubling its coverage to provide a richer and more

informative account of radio's golden age Here are some 1 500 radio shows presented in alphabetical order The great programs of the 30s 40s and 50s are all here Amos n Andy Fibber McGee and Molly The Lone Ranger Major Bowes Original Amateur Hour and The March of Time to name only a few For each Dunning provides a complete broadcast history with the timeslot the network and the name of the show's advertisers He also lists major cast members announcers producers directors writers and sound effects people even the show's theme song There are also umbrella entries such as News Broadcasts which features an engaging essay on radio news with capsule biographies of major broadcasters such as Lowell Thomas and Edward R Murrow Equally important Dunning provides a fascinating account of each program taking us behind the scenes to capture the feel of the performance such as the ghastly sounds of Lights Out a horror drama where heads rolled and bones crunched and providing engrossing biographies of the main people involved in the show A wonderful read for everyone who loves old time radio On the Air is a must purchase for all radio hobbyists and anyone interested in 20th century American history It is an essential reference work for libraries and radio stations Popular Mechanics ,1955-04 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle
