## Armies Of The Middle East:

Armies of the Middle East Otto Van Pivka, 1988-01-01      Armies of the Middle East Otto von Pivka, 1979      *Arab Armies of the Middle-East Wars* Samuel M. Katz, 1987      *Ancient Armies of the Middle East* Terence Wise, 1981      **Arab Armies of the Middle East Wars** Mike Chappell, 1991      **Ancient Armies of the Middle East** Terence Wise, 1998      Arab Armies of the Middle East Wars Ron Volstad, 1995      *Armies of the Middle East* Digby Smith, 1979      Armies of the Middle East, 1979      Armies and State-building in the Modern Middle East Stephanie Cronin, 2013-12-06

The uprisings of 2011 which erupted so unexpectedly and spread across the Middle East once again propelled the armies of the region to the centre of the political stage. Throughout the region the experience of the first decade of the twenty first century provides ample reason to re-examine Middle Eastern armies and the historical context which produced them. By adding an historical understanding to a contemporary political analysis Stephanie Cronin examines the structures and activities of Middle Eastern armies and their role in state and empire building. Focusing on Iran, Afghanistan and Saudi Arabia, *Armies, Tribes and States in the Middle East* presents a clear and concise analysis of the nature of armies and the differing guises military reform has taken throughout the region. Covering the region from the birth of modern armies there in the late nineteenth and early twentieth centuries to the military revolutions of the 1950s and 60s and on to the twenty first century army building exercises seen in Iraq and Afghanistan, Cronin provides a unique and vital presentation of the role of the military in the modern Middle East.      **Arab Armies of the Middle East Wars 1948-73** John Laffin, 1982-06-15

The modern wars of the Middle East began in 1947 when the Syrians, Egyptians, Jordanians and Lebanese were unofficially at war with the Jewish settlers of Palestine. On May 15th the day after Israel was declared a sovereign state the Arab invasion began. Between then and 1973 five wars occurred: those of 1948, the Sinai War, the Six Day War, the 1968-1970 War of Attrition and the 1973 October War. This book examines the organization, training and equipment of the key Arab armies during these conflicts and the variety of uniforms are illustrated by a number of contemporary photographs and full colour artwork.      *Arab Armies of the Middle East Wars (2)* Sam Katz, 1988-03-24

The Six Day War drastically altered the political and military complexion of the Middle East: three Arab armies lay in ruin while Israel achieved regional superpower status. The Arab response to defeat was a thirst for revenge and the process of regrouping to launch the 1973 war was the nearest the Arab world would come to true unity. This book examines the post 1973 development of the armies of Egypt, Jordan and Syria as well as the Palestinian guerrilla and terrorist groups. Backed by photographs and colour illustrations, this book also details the special military and political roles of the armies' elite units.      The British Imperial Army in the Middle East James E. Kitchen, 2014

The First World War has often been understood in terms of the combat experiences of soldiers on the Western Front; those combatants who served in the other theatres of the war have been neglected. Using personal testimonies, official documentation and detailed research from a diverse range of archives, *The British Imperial Army in the Middle East* explores the combat experiences of these soldiers.

The army that fought the Ottoman Empire was a multinational and multi ethnic force drawing personnel from across Britain s empire including Australia New Zealand and India By taking a transnational and imperial perspective on the First World War this book ensures that the campaigns in Egypt and Palestine are considered in the wider context of an empire mobilised to fight a total and global war Bloomsbury Publishing Ancient Armies of the Middle East Terence Wise,1981-03-19 This text by Terence Wise explores some of the fascinating peoples who comprised the ancient armies of the Middle East the Sumerians who were the first to introduce the use of bronze into warfare and were centuries ahead of the Egyptians in the use of the wheel The Akkadians whose citizen army was composed almost entirely of light troops The Babylonians whose people were granted land in return for army service the horned warriors of the Elamites the Egyptians with thier heavy spearmen and archers the tribal and warlike Libyans Nubians and Ethiopians Hyksos the armies of the Hittite Empire the Sea People and others Armies and State-building in the Modern Middle East Stephanie Cronin,2013-12-06 The uprisings of 2011 which erupted so unexpectedly and spread across the Middle East once again propelled the armies of the region to the centre of the political stage Throughout the region the experience of the first decade of the twenty first century provides ample reason to re examine Middle Eastern armies and the historical context which produced them By adding an historical understanding to a contemporary political analysis Stephanie Cronin examines the structures and activities of Middle Eastern armies and their role in state and empire building Focusing on Iran Afghanistan and Saudi Arabia *Armies Tribes and States in the Middle East* presents a clear and concise analysis of the nature of armies and the differing guises military reform has taken throughout the region Covering the region from the birth of modern armies there in the late nineteenth and early twentieth centuries to the military revolutions of the 1950s and 60s and on to the twenty first century army building exercises seen in Iraq and Afghanistan Cronin provides a unique and vital presentation of the role of the military in the modern Middle East *Arab Armies of the Middle East Wars (2).* ,1988 *The Israeli Army in the Middle East Wars 1948-73* John Laffin,2012-08-20 Israel assumes in advance that defeat in war means an end to its state and it wages war accordingly This fact influences the Israeli approach to its army and to the strategy tactics training and conduct of war Surrounded by hostile nations Israel has fought six victorious wars between 1948 and 1973 despite having begun as an irregular impoverished and improvised group Backed by plenty of photographs and eight full page colour plates this detailed text examines the six wars fought between 1948 73 including the substantial Israeli victory of 1967 **The Military in the Middle East** Sydney Nettleton Fisher,1963 Fighting Armies: Antagonists in the Middle East Richard A.
