FOUNDATIONS OF MODERN

Arms Autarky Aggression

Anthony P. Adamthwaite

Arms Autarky Aggression:

Arms, Autarky and Aggression William Carr, 1972-01-01 **Arms, Autarky and Aggression**, 1973 **Arms, Autarky and Aggression. A Study in German Foreign Policy, 1933-1939. Pref. by A. Goodwin**, 1972 *Arms, autarky and Aggression; A Study in German Foreign Policy; 1933-1939. Reprinted with Corrections and Updated Bibliography* William Carr, 1979 **Arms, Autarky and Aggression** William Carr, 1972 **Myths of Empire** Jack L. Snyder, 2013-05-21

Overextension is the common pitfall of empires Why does it occur What are the forces that cause the great powers of the industrial era to pursue aggressive foreign policies Jack Snyder identifies recurrent myths of empire describes the varieties of overextension to which they lead and criticizes the traditional explanations offered by historians and political scientists He tests three competing theories realism misperception and domestic coalition politics against five detailed case studies early twentieth century Germany Japan in the interwar period Great Britain in the Victorian era the Soviet Union after World War II and the United States during the Cold War The resulting insights run counter to much that has been written about these apparently familiar instances of empire building **Calculating Credibility** Daryl G. Press, 2007 Daryl G Press uses historical evidence to answer two crucial questions When a country backs down in a crisis does its credibility suffer How do leaders assess their adversaries credibility Press illuminates the decision making processes behind events such as the crises in Europe that preceded World War II the superpower showdowns over Berlin in the 1950s and 60s and the Cuban Missile Crisis Page 4 of cover **German Diplomatic Relations 1871-1945** William Young, 2006 Examines the continuity of German Foreign Office influence in the formulation of foreign policy under the leadership of Otto von Bismarck 1862 1890 Kaiser William II 1888 1918 the Weimar Republic 1919 1933 and Adolf Hitler 1933 1945 **Fascist Ideology** Aristotle Kallis, 2002-01-04 Fascist Ideology is a comparative study of the expansionist foreign policies of fascist Italy and Nazi Germany from 1922 1945 Fascist Ideology provides a comparative investigation of fascist expansionism by focusing on the close relations between ideology and action under Mussolini and Hitler With an overview of the ideological motivations behind fascist expansionism and their impact on fascist policies this book explores the two main issues which have dominated the historiographical debates on the nature of fascist expansionism whether Italy's and Germany's particular expansionist tendencies can be attributed to a set of generic fascist values or were shaped by the long term uniquely national ambitions and developments since unification whether the pursuit of expansion was opportunistic or followed a grand design in each case **The Routledge Companion to Modern European History since 1763** Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and

Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history

Germany - The Tides of Power Michael Balfour, 2004-03-01 In *Germany The Tides of Power* Michael Balfour sets out to explain the factors which have shaped the German social political and economic character Tracing the movement of power from the Middle Ages onwards he seeks to lead the reader to an understanding of modern Germany why Germany precipitated and lost two major wars this century how the astonishing growth of wealth over the last half century was achieved the meaning behind the recent unification of Germany As German economic expansion continues into the 1990 s Professor Balfour discusses the power held by this technologically advanced nation and considers the acceptance of this power by the rest of the world

Paper and Iron Niall Ferguson, 2002-11-07 Few economic events have had a more profound or enduring impact than the German hyperinflation of 1923 still remembered popularly as a root cause of Hitler's rise to power Yet many historians have argued that inflationary policies were on balance advantageous to post 1918 Germany both boosting growth and helping to reduce reparations The scholarly consensus is that there was no viable alternative to inflation In *Paper and Iron* Niall Ferguson takes a different view He argues that inflation was indeed an economic and political disaster and further that there were alternative economic policies which could have stabilised the German currency in 1920 To explain why these were not adopted he points to long term defects in the political institutions of the Reich which went back as far as the 1890s and which persisted beyond 1918 The book therefore reveals the Wilhelmine origins of Weimar's failure as well as casting light on the origins of the Third Reich

A History of Fascism, 1914-1945 Stanley G. Payne, 1996-07-15 *A History of Fascism* is an invaluable sourcebook offering a rare combination of detailed information and thoughtful analysis It is a masterpiece of comparative history for the comparisons enhance our understanding of each part of the whole The term fascist used so freely these days as a pejorative epithet that has nearly lost its meaning is precisely defined carefully applied and skillfully explained The analysis effectively restores the dimension of evil Susan Zuccotti *The Nation* A magisterial wholly accessible engaging study Payne defines fascism as a form of ultranationalism espousing a myth of national rebirth and marked by extreme elitism mobilization of the masses exaltation of hierarchy and subordination oppression of women and an embrace of violence and war as virtues Publishers Weekly

The Making of the Second World War Anthony P. Adamthwaite, 1992 First Published in 1979 Routledge is an imprint of Taylor Francis an informa company

Reluctant Cold Warriors Vladimir Kontorovich, 2019 During the Cold War Western economic studies of the USSR neglected the military sector of the Soviet economy Were

economic Sovietologists under political pressure and if so in what direction This book has broad relevance for national security uses of social science research today Adapted from dust jacket

Does Conquest Pay? Peter Liberman,1998-08-23 Can foreign invaders successfully exploit industrial economies DOES CONQUEST PAY demonstrates that expansion can in fact provide rewards to aggressor nations and suggests that the international system is more war prone than many optimists claim

Hitler David Welch,2013-06-17 Hitler Profile of a Dictator is a fascinating exploration of Hitler and his role in the Third Reich The book unravels the complex historiographical debate surrounding this notorious figure by examining his personality his ideas and the nature of his power Hitler Profile of a Dictator surveys Hitler s career chronologically and includes coverage of the young idealogue the F hrer State Hitler s role in the outbreak of the Second World War Hitler s involvement in the Holocaust This second edition brings the continuing debate up to date in light of the most recent reseach and speculates on the implications of the Irving trial

A Low, Dishonest Decade Paul N. Hehn,2005-09-26 Focusing on the rivalries among the Great Powers in the search for markets during the world depression of the 1930s the author surveys the five Major Powers and all the Eastern European countries from the Baltic to Turkey But he primarily canvases the economic situations in locations like Czechoslovakia Hungary Poland Romania and Yugoslavia

Perils of Anarchy Michael E. Brown,Sean M. Lynn-Jones,Steven E. Miller,1995-03-27 Current debates about the nature of international politics have centered on the clash between supporters and critics of realism The Perils of Anarchy brings together a number of recent essays written in the realist tradition It includes realist interpretations of the collapse of the Cold War order and of the emerging order that has replaced it the sources of alignment and aggression and the causes of peace A final section provides a counterpoint by raising criticisms of and alternatives to the realist approach Contributors Charles L Glaser Christopher Layne Peter Liberman Lisa L Martin John J Mearsheimer Paul Schroeder Randall Schweller Stephen M Walt Kenneth N Waltz William C Wohlforth Fareed Zakaria An International Security Reader

Life in the Third Reich Richard Bessel,1987 This book reveals that daily German life under the Third Reich involved a complex mixture of bribery and terror of fear and concessions of barbarism and appeals to conventional moral values employed by the Nazis to maintain their grip on society Eight leading historians present essays that shed fresh light on topics as familiar as the role of political violence in Nazi seizure of power and the German view of Hitler himself It also focuses on lesser known aspects of life in the Third Reich such as village life the treatment of social outcasts and the Germans own retrospective view of this period of their history

The Enigmatic Realm of **Arms Autarky Aggression**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
