hit with Forman's many enthusiastic fans **Time Gone By** Sharon E. Laker, 2019-04-11 Time Gone By is a comforting children's tale about a group of mice faced with the death of a loved one. This story is set in an abandoned railway station in the small village of Countesthorpe, Leicestershire, England. After the group's storyteller dies, Titania, the Queen of the Fairies, bestows the storyteller role on a naughty little mouse named Key. At first, the Railway Mice are confused and annoyed. Why did Titania give Key such an important role? Blackberry, the wisest mouse, asks the other mice to give Key a chance. The Queen clearly sees something in Key that we don't, she tells them. At first, Key is nervous, but everyone pulls together to support and encourage him. As he tells the exciting story of The Adventures of Harold Mouse, Key embellishes the tale with actions and slowly brings a ray of light into what had been a sad, dark time for the Railway Mice. More than death, this story is about the celebration of life, living life to its fullest, and caring for those around you. Does Key succeed in his new role as the Railway Mice of Countesthorpe's storyteller? Only time will tell. One thing for sure, though, is Key's ability to keep everyone entertained with his bright and cheery personality **GREBO!** Rich Deakin, 2021-10-07 West Midlands 1980s home to heavy metal. Black Sabbath and Judas Priest are household names, but over the smoking chimneys and factory yards, something new and equally ugly forms. Grebo was a media-constructed music genre that even today sends a shudder down the spines of discerning music fans and critics. A homegrown proto-grunge counterpart to the likes of Butthole Surfers, Mudhoney, early Nirvana, Alice In Chains, and Soundgarden in the US, grebo was a British phenomenon that drew on an eclectic range of influences from punk, 60s garage, and psychedelia through to 70s heavy rock and thrash metal. It foreshadowed rave culture and was steeped in class politics. GAYE BYKERS ON ACID and CRAZYHEAD hailed from Leicester. They were not the first bands to be labelled grebo, but they were the most unashamedly unkempt and came to be considered its greatest exponents. They were a burst of dirty thunder, and almost no one liked them. Based on interviews with band members, friends, fans, and roadies, this book is an uncompromising history of an overlooked music scene. Rich Deakin charts its course via the changing fortunes of the Bykers and Crazyhead, taking us on the booze-filled tour buses behind the dodgy deals and onto the international stage, and back again with a pitstop for a rock movie that swallows lots of money. Their careers were short, but the two bands managed to shake up the UK indie scene and, along the way, became Britain's unlikely ambassadors of rock following the collapse of Soviet Russia. Strap yourself in for a rocket ride of a book. This is GREBO, the complete loud and lousy story **Tea Shop Walks in Leicestershire & Rutland** Paul A. Biggs, Sandra Biggs, 1998 This guide provides details of circular walks ranging from 2 to 8 miles which encompass a variety of tea shops, including a windmill, a steam railway station, a store barn on a working farm, and a 17th-century hall **Towards an Open School** John Watts, 1980 **Leicester and Its Region** Norman Pye, 1972 Prepared for the 1972 meeting of the Association **Education in Recession** Eric Hewton, 2025-08-01 The provision of education is at the centre of a heated and often acrimonious debate, with both administrators and teachers under severe pressures as a result of profound and enforced changes. Education can be said to be in recession in three senses

It is a service provided within an economy which is in recession and consequently faces continuous demands for savings. It is in recession within itself with a dramatic reduction in pupil numbers and accompanying school closures and loss of teaching jobs. Finally those working within it feel that it has lost its position of pre-eminence and respect in the fight against social problems; it faces criticism from all sides and repeated calls for better value for money. First published in 1986, *Education in Recession* explores the crisis brought about by this recession. The author focuses upon those who administer the cuts: the local authorities and in particular one County Shire. He traces the changing circumstances in which local government and education have found themselves since the post-war growth period and examines what now seems to be a 'cuts culture'. The effect upon local government schools, teachers and pupils of recent changes is analysed and portents for the future are studied with considerable concern. Throughout the study of Shire is linked to the wider national scene and related to the debate about the nature of education and the organizations which control it. This book should be read by those in the teaching profession and those about to enter it and those in local government who face the problem of continually finding savings in the service they have striven to build up. It will also be of interest to students and researchers of education.
