Webster, 2000 One of the best books on secret societies ever written Webster was an historical writer who wrote a number of books on the French Revolution After World War I she was intrigued with the Marxist revolt so wrote *World Revolution* examining how and why people continue to revolt As her search went deeper clear meanings surfaced behind our revolutions and they involved an agenda by secret societies This book lays out in historical perspective how these secret societies and subversive movements have operated from behind the scenes Not all of them aspire to rule the world or manipulate politics or world currency but there are some major ones according to Webster that are As a respected writer and world historian she provides proof from within these pages Aberdeen and the Enlightenment Jennifer J.
