

MINDS ON – ART INQUIRY

- In small groups you will be given a piece of Indigenous art. You can look up the source on your phones to see it in colour if you wish.
 - Your job is to create questions based on this piece of art. Basically, what do you want to know?
 - Keep the concepts of worldview, creation stories/myth, values of land and place/exile in mind.

Inquiry-Based Learning Through the Creative Arts for Teachers and Teacher Educators Amanda Nicole Gulla,Molly Hamilton Sherman,2020-12-19 This book is a theoretical and practical guide to implementing an inquiry based approach to teaching which centers creative responses to works of art in curriculum Guided by Maxine Greene s philosophy of Aesthetic Education the authors discuss the social justice implications of marginalized students having access to the arts and opportunities to find their voices through creative expression They aim to demystify the process of inquiry based learning through the arts for teachers and teacher educators by offering examples of lessons taught in high school classrooms and graduate level teaching methods courses Examples of student writing and art work show how creative interactions with the arts can help learners of all ages deepen their skills as readers writers and thinkers **Art Inquiry** Alexandra Meier,Kenneth Meier,2015-07-21 Arts, Health and Wellbeing Stephen Clift,Theo Stickley,2017-06-20 This book

brings together leading UK researchers in the field of arts and health including creative arts therapies The chapters are based on presentations originally given at a UK seminar series on scholarship and research on connections between the creative arts health and wellbeing funded by the Economic and Social Research Council It will be of interest to anyone practising or researching arts and health in both hospitals and community settings Because of the nature of the work the volume is cross disciplinary in theory and multi disciplinary in practice As such it will appeal to a cross section of practitioners and thinkers Research in the field of arts health and wellbeing has developed considerably in recent years and in the dialogue of this book some of the big questions for the agenda are addressed *Art-Centered Learning Across the Curriculum* Julia Marshall, David M. Donahue, 2014-08-15 This handbook provides teachers with a framework for implementing inquiry based substantive art integration across the curriculum along with the background knowledge of models needed to do this Drawing on ideas from Harvard Project Zero the authors make a clear and compelling argument for how contemporary art supports student learning The text features subject specific chapters co written by teaching scholars from that discipline Each chapter includes examples of contemporary art with explanations of how these works explore the fundamental concepts of the academic discipline The book concludes with a chapter on an integrated inquiry based curriculum inspired by contemporary art including guidelines for developing art projects teachers can adapt to their students interests and needs This resource is appropriate for art teachers as well as subject area teachers who are not familiar with using contemporary art in the classroom *Art as Inquiry* Marga Bijvoet, 1997 Explores the continuing development of art from the late 1960s to the development of current movements of art in public places and media art focussing on the roles of individual artists Part I deals with environmental art forms and the art and technology movement in relation to the new ideas of systems analysis and cybernetics Part II looks at artists who moved into the environment and whose work can be interpreted as a layering of different elements Part III examines the introduction of media like video and computers and other digital technologies into the visual arts For students and artists Annotation copyrighted by Book News Inc Portland OR

Art Inquiry ALEXANDRA. O'NEIL MEIER, Kenneth Meier, 2017-07-11 **A/r/tography** Rita L. Irwin, Alex De Cosson, 2004 Twelve contributors explore the relationships between and among the three roles of artist researcher and teacher as they implement arts based educational research Each contributor uses her or his own artistic practices as integral or complementary practices to other forms of inquiry In each case the artist author examines an educational issue and through visual and textual means pursues theoretical and practical considerations Each artist author engages with theory and practice art and text self and other artist and teacher In many respects two points of view are explored art as phenomenon and art making as method Using these points separately or together the artist authors explore the fullness of such inquiry for educational research Through an examination of these art based texts readers will come to appreciate educational practices in deeper and more meaningful ways publisher Art-based Research Shaun McNiff, 1998-01-01 Art therapy and all of the

other creative arts therapies have promoted themselves as ways of expressing what cannot be conveyed in conventional language Why is it that creative arts therapists fail to apply this line of thinking to research In this exciting and innovative book Shaun McNiff one of the field's pioneering educators and authors breaks new ground in defining and inspiring art based research He illustrates how practitioner researchers can become involved in art based inquiries during their educational studies and throughout their careers and shows how new types of research can be created that resonate with the artistic process Clearly and cogently expressed the theoretical arguments are illustrated by numerous case examples and the final part of the book provides a wealth of ideas and thought provoking questions for research This challenging book will prove invaluable to creative art therapy educators students and clinicians who wish to approach artistic inquiry as a way of conducting research It will also find a receptive audience within the larger research community where there is a rising commitment to expanding the theory and practice of research Integrating artistic and scientific procedures in many novel ways this book offers fresh and productive visions of what research can be
