1492 And All That Political Manipulation:

1492 and All that Robert Royal, 1992 The 500th anniversary of the voyage of Christopher Columbus spurred a host of politically motivated groups and organizations to attempt to recast the history of the Americas Most of these revisionists use the past as a tool by which to advance politically correct goals particularly in opposition to the US Through books lobbying campaigns and protests they are seeking to turn the anniversary commemoration into an occasion for repentance rather than celebration

The Myth of Political Correctness John K. Wilson, 1995 The classics of Western culture are out not being taught replaced by second rate and Third World texts White males are a victimized minority on campuses across the country thanks to affirmative action Speech codes have silenced anyone who won't toe the liberal line Feminists wielding their brand of sexual correctness have taken over These are among the prevalent myths about higher education that John K Wilson explodes The phrase political correctness is on everyone's lips on radio and television and in newspapers and magazines The phenomenon itself however has been deceptively described Wilson steps into the nation's favorite cultural fray to reveal that many of the most widely publicized anecdotes about PC are in fact more myth than reality Based on his own experience as a student and in depth research he shows what's really going on beneath the hysteria and alarmism about political correctness and finds that the most disturbing examples of thought policing on campus have come from the right The image of the college campus as a gulag of left wing totalitarianism is false argues Wilson created largely through the exaggeration of deceptive stories by conservatives who hypocritically seek to silence their political opponents Many of today's most controversial topics are here multiculturalism reverse discrimination speech codes date rape and sexual harassment So are the well recognized protagonists in the debate Dinesh D Souza William Bennett and Lynne Cheney among others In lively fashion and in meticulous detail Wilson compares fact to fiction and lays one myth after another to rest revealing the double standard that allows conservative correctness on college campuses to go unchallenged

At the Limits of Political Philosophy James V. Schall, 2010-04 James V Schall presents in a convincing and articulate manner the revelational contribution to political philosophy particularly that which comes out of the Roman Catholic tradition

Ethics Beyond War's End Eric Patterson, 2012-03-02 The wars in Afghanistan and Iraq have focused new attention on a perennial problem how to end wars well What ethical considerations should guide war's settlement and its aftermath In cases of protracted conflicts recurring war failed or failing states or genocide and war crimes is there a framework for establishing an enduring peace that is pragmatic and moral Ethics Beyond War's End provides answers to these questions from the just war tradition Just war thinking engages the difficult decisions of going to war and how war is fought But from this point forward just war theory must also take into account what happens after war ends and the critical issues that follow establishing an enduring order employing political forms of justice and cultivating collective forms of conciliation Top thinkers in the field including Michael Walzer Jean Bethke Elshtain James Turner Johnson and Brian Orend offer powerful contributions to our

understanding of the vital issues associated with late and post conflict in tough real world scenarios that range from the US Civil War to contemporary quagmires in Afghanistan the Middle East and the Congo

The Franciscan Invention of the New World Julia McClure,2016-11-30 This book examines the story of the discovery of America through the prism of the history of the Franciscans a socio religious movement with a unique doctrine of voluntary poverty The Franciscans rapidly developed global dimensions but their often paradoxical relationships with poverty and power offer an alternate account of global history Through this lens Julia McClure offers a deeper history of colonialism not only by extending its chronology but also by exploring the powerful role of ambivalence in the emergence of colonial regimes Other topics discussed include the legal history of property the complexity and politics of global knowledge networks the early and neglected history of the Near Atlantic and the transatlantic inquisition mysticism apocalypticism and religious imaginations of place

My Daily Constitution Vol. I Richard J. Rolwing,2001-02-02 Subtitled A NATURAL LAW PERSPECTIVE 365 essays each 365 words on Uncle Sams birthright genealogy and orientation OR the Constitutions philosophical and historical presuppositions and implications OR Philosophy for Dummies Many modern historians and thinkers describe western history as a progressive movement toward freedom freedom from religious and rational morality For them Uncle Sam rides the current crest of this wave The American government is said to be agnostic about religion and indifferent about philosophy There is no universal anthropology behind political judgements no rational psychology behind political institutions no history behind arguments no epistemology behind communications no metaphysics behind American independence no ethics behind our Constitution no moral authority behind our laws and no logic behind their interpretation In fact there are no bonds to anything past especially since there are no foundations either temporal or ontological for any convictions whatsoever This view grossly distorts Uncle Sams basic orientation and the distortion is really an attempted abortion because many moderns have a phobia about that orientation which is Natural Law

Cultural Movements and Collective Memory T. Kubal,2008-10-13 This book uses political process theory to examine three cultural movements around Christopher Columbus The author examines the religious ethnic and anti colonial movements most successful at rewriting national origin myth demonstrating the political process model while telling the story of how a powerless public mobilized to rewrite its past

Columbus and the Crisis of the West Robert Royal,2020-09-11 Dr Royal examines what actually happened in the decades following 1492 when two widely divergent cultures met and mingled

From a Native Son Ward Churchill,1996 Ward Churchill has emerged over the past decade as one of the strongest and most influential voices of native resistance in North America From a Native Son collects his most important and unflinching essays which explore the themes of

Human Nature in Its Wholeness Daniel N. Robinson,Gladys M. Sweeney,Richard Gill,2006 The doctrinal teaching of the Roman Catholic Church extends over two millennia and seeks to inform and direct lives at many levels personal familial civic and institutional The reach of this teaching extends to law moral and ethical issues politics education science and art No single volume can serve even as a

sketch of this teaching but in the present volume ten internationally renowned scholars address the various dimensions of the Roman Catholic understanding of the human person especially St Thomas Aquinas's affirmation of the rational and social nature of man. The authors present a truly multidisciplinary approach to the topic: the contributors include philosophers, psychologists, political scientists, a theologian and an architect. Special attention is given to the theology and anthropology of Pope John Paul II whose writings vividly condense the searching examination and robust conception of human nature developed over the centuries. Readers are reminded of just how central the Church's teaching has been to Western Civilization in all of its projections and are thus alerted to the conditions likely to preserve or threaten it. The contributors are Hadley Arkes, Jude P. Dougherty, Kevin Flannery, S. J., Robert P. George, Richard Gill, L. C., F. Russell Hittinger, Daniel N. Robinson, Robert Royal, Peter Ryan, S. J., and Carroll William Westfall.

ABOUT THE EDITORS Daniel N. Robinson is professor of philosophy at Oxford University and visiting professor at the Institute for the Psychological Sciences. He is professor emeritus of Georgetown University. Gladys M. Sweeney is dean of the Institute for the Psychological Sciences. Richard Gill, L. C., is director of the women's section of the Legionaries of Christ.

PRAISE FOR THE BOOK This volume offers the possibility of a fruitful dialogue on the question of Catholic identity in higher education. Lucien Richard, Catholic Library World

America-The Last Best Hope Volumes I and II William J. Bennett, 2007-10-14 William J. Bennett reacquaints America with its heritage in two volumes of America: The Last Best Hope. While national test scores reveal that American students know startlingly little about their history, former U.S. Education Secretary William J. Bennett offers one of the most gripping and memorable versions of the American story in print. The two volumes of Bennett's New York Times bestselling epic America: The Last Best Hope cover Columbus's discovery of the New World in the fifteenth century to the fall of world communism in the twentieth. Now both volumes are available in a convenient and attractive slip case complete with a bonus audio CD Remembering Ronald Reagan featuring recollections and commentary by Jeane Kirkpatrick, Edwin Meese, and others. Bill Bennett brings American history to life with stories such as the coup d'etat quelled by a pair of reading glasses, the U.S. senator nearly caned to death on the Senate floor, the presidential pardon for hundreds of Sioux warriors, one ex-president's race to finish his memoirs, and the famous humorist who helped him when Time magazine named Hitler man of the year. Eisenhower's bold actions, documenting the horrors of the Holocaust, Nixon's comic opera uniforms for White House guards, Reagan's most famous example of just saying No, from heroism of the Revolution to the dire hours of the Civil War, from the progressive reforms of the early 1900s to the civil rights reforms of the 1960s, from the high drama of the Space Race to the gut wrenching tension of the Cold War. Bennett slices through the cobwebs of time, memory, and prevailing cynicism to reinvigorate America with an informed patriotism. Praise for America: The Last Best Hope. This is the American history that Abraham Lincoln has long awaited. Harry V. Jaffa, Crisis of the House Divided. Bennett has a gift for choosing the pithy, revealing anecdote and for providing fresh character sketches and critical analyses of the leading figures. This is an American

history that adults will find refreshing and enlightening and that younger readers will find a darn good read Michael Barone US News World Report A worthy and necessary book for our time Michael J Lewis Commentary Bennett has a strong sense of narrative a flair for anecdote and a lively style And the American story really is a remarkable one filled with its share of brilliant leaders and tragic mistakes Bennett brings that story to life Alan Wolfe The Washington Post The role of history is to inform inspire and sometimes provoke us which is why Bill Bennett's wonderfully readable book is so important He puts our nation's triumphs along with its lapses into the context of a narrative about the progress of freedom Every now and then it's useful to be reminded that we are a fortunate people blessed with generations of leaders who repeatedly renewed the meaning of America Walter Isaacson Benjamin Franklin An American Life The importance of America The Last Best Hope probably exceeds anything Dr Bennett has ever written and it is more elegantly crafted and eminently readable than any comprehensive work of history I've read in a very long time It's silly to compare great works of history to great novels but this book truly is a page turner Brad Miner American Compass This lively book acknowledges mistakes and shortcomings yet patriotically asserts that the American experiment in democracy is still a success story School Library Journal

Presentism Sabine Cherenfant, 2018-12-15 The recent wave of statues building names and other monuments memorializing figures like Christopher Columbus and Confederate generals being removed from public spaces and college campuses has brought the reassessment of historical figures to the fore It has raised questions about whom we choose to venerate how historical narratives form and whether it is best to erase problematic figures from the historical record present a new interpretation on them or attempt to be as unbiased as possible by contemporary attitudes when regarding them Readers will learn more about this timely and complicated issue through a wide range of perspectives [Silent Spring at 50](#) Roger Meiners, Pierre Desrochers, Andrew Morriss, 2012-09-18 Widely credited with launching the modern environmental movement when published 50 years ago Rachel Carson's Silent Spring had a profound impact on our society As an iconic work the book has often been shielded from critical inquiry but this landmark anniversary provides an excellent opportunity to reassess its legacy and influence In Silent Spring at 50 The False Crises of Rachel Carson a team of national experts explores the book's historical context the science it was built on and the policy consequences of its core ideas Their findings much of what Carson presented as fact was slanted and today we know much of it is simply wrong [The New Religious Humanists](#) Gregory Wolfe, 1997 In Gregory Wolfe's collection The New Religious Humanists we find the work of a new group of religious intellectuals who have a compelling vision for cultural renewal In his Introduction Wolfe argues that the only viable alternative to the tired debates between Left and Right comes from one of the oldest and most relevant strains of the Judeo-Christian tradition The writers and topics gathered here offer a rich feast for the mind and heart including moving personal narratives meditations on the role of faith in public life and reflections on environmentalism abortion biotechnology and the arts **New Holy Wars** Robert H.
