Authenticating Criteria in Jesus Research and Beyond Kevin B. Burr, 2023-10-16 Are the criteria of authenticity of Jesus research idiosyncratic to New Testament studies vehicles of subjectivity and fundamentally flawed vestiges of form criticism as some claim today If so why do opponents of the criteria approach still use them Or are the criteria the tools of general historiography as others assert If true none have adequately demonstrated where and how principles such as multiple attestation general and historical coherence dissimilarity and embarrassment feature in general historiographic method until now This study analyzes the methods of general historians and Jesus researchers who favor or oppose the criteria and demonstrates that regardless of sub discipline authenticating criteria are inherent to the practice of historiography

Migration, Tourism and Social Sustainability Jaeyeon Choe, Peter Lugosi, 2023-03-21 The distinctions between tourism and migration are increasingly blurred Tourism often drives various forms of mobility and an international workforce is essential to maintaining functioning tourism economies This book explores intersections of tourism and migration considering their relationships with and impacts on social sustainability The chapters explore in a variety of contexts how the planning development and governance of tourism affects the sustainability of communities which consequently influences attitudes towards migrants and tourists They also consider how migrant local connections may evolve creating opportunities for positive symbiotic co existence or intergroup tensions and exploitative relationships The book paves the way for future work examining new forms and interactions between migration and tourism that contribute to social sustainability This book will be of great value to students academics and researchers interested in tourism geography migration diaspora studies and sociology The chapters in this book were originally published as a special issue of *Tourism Geographies*

Capitalism v. Democracy Timothy K. Kuhner, 2014-06-25 As of the latest national elections it costs approximately 1 billion to become president 10 million to become a Senator and 1 million to become a Member of the House High priced campaigns an elite class of donors and spenders superPACs and increasing corporate political power have become the new normal in American politics In Capitalism v Democracy Timothy Kuhner explains how these conditions have corrupted American democracy turning it into a system of rule that favors the wealthy and marginalizes ordinary citizens Kuhner maintains that these conditions have corrupted capitalism as well routing economic competition through political channels and allowing politically powerful companies to evade market forces The Supreme Court has brought about both forms of corruption by striking down campaign finance reforms that limited the role of money in politics Exposing the extreme economic worldview that pollutes constitutional interpretation Kuhner shows how the Court became the architect of American plutocracy Capitalism v Democracy offers the key to understanding why corporations are now citizens money is political speech limits on corporate spending are a form of censorship democracy is a free market and political equality and democratic integrity are unconstitutional constraints on money in politics Supreme Court opinions have dictated these conditions in the name of the Constitution as though the Constitution itself required the privatization of democracy Kuhner explores the reasons behind these opinions reveals that they form a blueprint for free market democracy and demonstrates that this design corrupts both politics and markets He argues that nothing short of a constitutional amendment can set the necessary boundaries between capitalism and democracy
