Curveball Dr. Lonnie J Clinkscale, 2025-03-04 Life unfolds much like a baseball season beginning with the spring of youthful exuberance progressing through the summer grind marked by streaks and slumps and concluding with an autumn of sober reflection Today author Dr Lonnie Clinkscale stands as a successful content man a devoted husband and father and a top administrator for a large urban hospital system in the southern United States However this present day reality starkly contrasts with the author s beginnings In baseball terms Clinkscale was born with two strikes against him He was the fifth of six children and a member of the Black urban poor in gritty Youngstown Ohio during the mid 1960s His home life was fraught with challenges including an abusive alcoholic father and Lonnie struggled with learning disabilities that made him appear intellectually slow and uncommunicative From his grandfather Lonnie absorbed the wisdom of baseball while a streetside ministry called the Needle s Eye instilled in him a deep love for God Built on these foundations Clinkscale embarked on a slow arduous and improbable journey toward personal and professional success This journey was far from linear like a baseball season it twisted and turned shaped by the unexpected challenges that every life encounters A life devoid of surprises would be as unremarkable as baseball without its curveballs The secret lies in managing these surprises in ways that foster growth and compassion ultimately shaping one into a leader who serves others a servant leader

BASEBALL IS THE GREATEST GAME Ted Field, 2024-10-09 Baseball Is The Greatest Game is a thesis proving that baseball is our greatest game and should be regarded as our only National Pastime Besides being a pastoral game of great beauty a double play is like ballet the most graceful thing to watch in any team sport baseball is attendant to our culture and history like no other It matches the seasons and rhythms of our lives coming to us each year with our rising hopes in the spring and leaving us as we retreat into the cold certainty of fall Like no other sport baseball has drawn the affections of our finest writers Besides noted baseball scribes Roger Angel Roger Kahn and Thomas Boswell celebrated authors like Barnard Malamud Phillip Roth and W P Kinsella have been inspired to write works of fiction about baseball that belong on the bookshelves of great literature Baseball doesn t forget its past It comes back to us over and over on a timeless continuum

that allows us to admire and compare the game's present heroes and their accomplishments with all who have gone on before. Most of all, baseball is fun. **Sport Aerodynamics** Helge Noerstrud, 2009-06-23 In sport disciplines such as running, ice skating, bicycling, and cross-country skiing, the aerodynamic drag force constitutes the major obstacle to overcome. Furthermore, in ski jumping and in various activities involving a ball, the aerodynamic lift force comes in addition into action. This book describes the various sport disciplines on the basis of aerodynamic analysis and also covers the biomechanics part by illustrative performance examples. Such treatment of the underlying physical phenomena of sport activities gives a valuable supplement to existing literature on sport. The reader will also be guided to references which exist for the various topics discussed so she or he can go into a deeper study of the particular sport activity at wish. **Tom Candiotti K.P.** Wee, 2014-08-21 Most baseball fans know Tom Candiotti as a knuckleballer, but he began his career as a conventional pitcher in 1983 after becoming just the second player to appear in the major leagues following Tommy John surgery at a time when only Tommy John himself had ever come back from the operation. Candiotti, whose arm recovered, threw fastballs and curveballs in his first two years in the majors before switching over to the knuckleball for the 1986 season. He would then go on to use primarily the knuckleball for the rest of his career, though he threw a good enough curveball to get hitters out. This biography is based on the recollections of Candiotti himself, his former teammates, and managers, newspaper and periodical accounts, and archival resources. **A Game of Moments** Ron Gerrard, 2018-06-12 This collection of new interviews conducted by the author recounts some of the pivotal moments in the careers of professional baseball players and in American history. Negro League players Leon Day, Buck O'Neil, Monte Irvin, Wilmer Fields, and Joe Black speak about their experiences on the other side of the color line. Hank Aaron relates how the challenge of breaking Babe Ruth's home run record was not only on the diamond. Bob Feller, Cecil Travis, Tommy Henrich, and Jerry Coleman describe the effects of World War II on their careers. Bobby Thomson and Ralph Branca address the Shot Heard Round the World in the Giants vs. Dodgers playoff of 1951. **Words From Above**, **Knack Coaching Youth Baseball** Kevin Czerwinski, 2010-05-04 After years of watching, reporting on, and photographing pro baseball, Kevin T. Czerwinski and Beth Balbierz began coaching Little League in their respective home towns. In **Knack Coaching Youth Baseball**, this expert team combines real-life know-how about how to deal with kids with the best lessons they've learned from the pros, creating a reliable, usable, and winning instruction book for youth baseball coaches and for parents who want some ideas for giving their kids a few pointers in the backyard. **Force and Motion** Kyle Kirkland, 2007 Discusses aspects of force and motion and their relevance to daily life. **My Team** Larry Dierker, 2006-07-11 Mantle or Mays? A Rod or Jeter? Biggio or Morgan? Clemens Maddux and Randy Johnson or Pedro Palmer and Carlton? These are questions baseball fans can spend endless hours debating. Former All-Star pitcher and National League Manager of the Year Larry Dierker has his own opinions, and he shares them in **My Team**, his fascinating discussion of the greatest players he has seen in his four decades in the major leagues. Dierker selects twenty-five players for **My Team** and

another twenty five for the opposition the Underdogs or Dogs There are two players at each position five starting pitchers and four relievers When your starters are the likes of Roger Clemens Greg Maddux Bob Gibson Tom Seaver Nolan Ryan and Juan Marichal you don't worry about bullpen depth All are players that Dierker has played with or against or watched in his years as player coach manager and commentator Each athlete must have played at least ten years in the major leagues to qualify and players are judged on their ten best seasons Leadership skills and personality critical components of team chemistry are highly valued So how is it possible to select two teams composed of outstanding ballplayers from the past forty years and not have room for Sandy Koufax Reggie Jackson Carl Yastrzemski or Cal Ripken Jr Dierker explains his choices analyzing each position carefully always putting the team ahead of the individual player He provides statistics to back up his selections and often relates personal anecdotes about the players From his first All Star Game in 1969 Dierker offers a wonderful anecdote about Hank Aaron by then an All Star veteran My Team may start more debates than it settles but Dierker's insights and his passion for the game will enlighten and fascinate true baseball fans
