Beyond the Power of Now L. Ron Gardner, 2012-09 Eckhart Tolle is perhaps the most popular spiritual guru in the world His books have topped the New York Times Bestseller List and his core teaching achievement of liberation via the power of Now has become the guiding light of the New Age movement But according to L Ron Gardner author of Beyond the Power of Now there is a problem a big problem with Tolle s core teaching Tolle never explains what exactly the power of Now is Is it the same thing as Hindu Shakti or the Buddhist Sambhogakaya or the Christian Holy Spirit Tolle doesn t say He continually refers to the Bible and Jesus in his book but shockingly never once mentions the Holy Spirit and how it relates to the Power of Now L Ron makes it clear that the true Power of Now is the Holy Spirit which is the same divine Light energy as Hindu Shakti and the Buddhist Sambhogakaya He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it To some Eckhart Tolle is a New Age visionary describing a new earth that can materialize if mankind en masse awakens to the power of Now But according to L Ron

Gardner he is simply a histrionic ranter full of empty rhetoric Throughout this book L Ron continually points out from different angles the folly of Tolle s New or Now Age chimera and describes the social system that represents mankind s sociopolitical salvation Beyond Tolle s teaching about the power of Now and rhetoric about a new earth L Ron takes the renowned guru to task on virtually every subject he addresses Most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the Now 5 the inner body is the direct link to the Now 6 your cells stop aging when you live in the Now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are Zen masters Eckhart Tolle s teachings are replete with erroneous ideas and L Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions

Tantric Knowledge Gavin Flood,2025-05-06 In this thorough text Hindu Studies scholar Gavin Flood provides an introduction to tantra what it is where it fits into the history of South Asia and beyond what its links are to Hinduism and Buddhism and how contemporary tantra transforms the older tradition The most misrepresented of all Hindu traditions Tantra is a complex interweaving of teachings and practices that pervades Vai nava Saiva Sakta and Smarta traditions Its roots can be traced back to Vedic times and its influence has spread to Jainism Buddhism and beyond In Tantric Knowledge Gavin Flood demystifies tantra illustrating how it is more than just esoteric teachings but is in fact the very fabric of the Hindu worldview While sex and secret ritual are an

element of some practices tantra encompasses much more than that Tantric ideas have shaped core Hindu practices such as temple building worship mantra yoga ayurveda meditation and guru disciple relationships It is a part of everyday life Tantric Knowledge also highlights how tantric traditions claim to possess knowledge about the nature of the universe the nature of ourselves as human beings and how we fit into the wider cosmos around us Tantric knowledge is what the texts and traditions profess The study of these traditions raises interesting questions of both historical and existential importance

Sleep, Death, and Rebirth Zvi Ish-Shalom, 2021-08-17 In the sixteenth century the famous kabbalist Isaac Luria transmitted a secret trove of highly complex mystical practices to a select group of students These meditations were designed to capitalize on sleep and death states in order to effectively split one's soul into multiple parts and which when properly performed permitted the adept to free oneself from the cycle of rebirth Through an in depth analysis of these contemplative practices within the broader context of Lurianic literature Zvi Ish Shalom guides us on a penetrating scholarly journey into a realm of mystical teachings and practices never before available in English illuminating a radically monistic vision of reality at the heart of Kabbalistic metaphysics and practice *Seeing* George Gillespie, 2019-11-14 After years of lucid dreaming the author spontaneously experiences a series of religious encounters with intense light which bring an awareness of the presence of God He describes a number of these encounters in detail The greater part of the book then presents an analysis of these experiences Perhaps the most unique part of the analysis based on the author's study of his hypnopompic lattice imagery is the description of how the internal visual image is constructed and seen three dimensionally In fact the visual image is shown to be identified with the part of oneself that sees the image Every part of the visual field is a nonduality of seer and seen Finally he analyzes the imagery of dreams out of which the experiences of light arise light as visual image and as spiritual event and the awareness of the presence of God His religious experiences of light are shown not to be dreams but to lie in a sense beyond dream imagery and dreaming **Shimmering Mirrors** Patrick Laude, 2017-10-26 A study of comparative metaphysics that explores the concepts of Reality and Appearance and their relevance to contemporary religious consciousness In this pioneering work of comparative metaphysics Patrick Laude delves into Buddhist Christian Hindu Islamic and Jewish concepts of Reality and Appearance to offer a uniquely lucid exploration of metaphysical representations of reality relativity appearance and illusion Laude includes discussions of the Absolute and the Relative in Hindu Advaita Vedānta Kashmiri aivism Sufi waḥdat al wujūd and Madhyamaka Buddhism the metaphysics of salvation in Buddhist and Christian traditions and the metaphysics of evil and the distinction between Reality and Appearance in the Jewish Kabbalah aivism Christian mysticism and the Sufi school of Ibn al Arabī The book explores how a discerning and subtle apprehension of the relationship between Reality and Appearance may help contemporary readers and seekers respond to the acute predicaments of contemporary religious and spiritual consciousness I have rarely read a work that is so lucid in explaining complex philosophical theories across multiple traditions so articulate in constructing concise

ideas and so strategic in assembling a framework for analysis This is a unique and special work of comparative metaphysics rarely found in contemporary works on philosophies of religion Lee Irwin author of *Alchemy of Soul The Art of Spiritual Transformation* *Naked Seeing* Christopher Hatchell, 2014 Buddhism is in many ways a visual tradition with its well known practices of visualization its visual arts its epistemological writings that discuss the act of seeing and its literature filled with images and metaphors of light Some Buddhist traditions are also visionary advocating practices by which meditators seek visions that arise before their eyes *Naked Seeing* investigates such practices in the context of two major esoteric traditions the Wheel of Time Kalacakra and the Great Perfection Dzogchen Both of these experimented with sensory deprivation and developed yogas involving long periods of dwelling in dark rooms or gazing at the open sky These produced unusual experiences of seeing which were used to pursue some of the classic Buddhist questions about appearances emptiness and the nature of reality Along the way these practices gave rise to provocative ideas and suggested that rather than being apprehended through internal insight religious truths might also be seen in the exterior world realized through the gateway of the eyes Christopher Hatchell presents the intellectual and literary histories of these practices and also explores the meditative techniques and physiology that underlie their distinctive visionary experiences The book also offers for the first time complete English translations of three major Tibetan texts on visionary practice a Kalacakra treatise by Yumo Mikyo Dorje The Lamp Illuminating Emptiness a Nyingma Great Perfection work called The Tantra of the Blazing Lamps and a Bon Great Perfection work called Advice on the Six Lamps along with a detailed commentary on this by Drugom Gyalwa Yungdrung *Reclaiming the Tacit Dimension* George Kalamaras, 1994-01-01 This book examines Eastern philosophies of meditative silence in the context of Western rhetoric and discourse theory arguing that silence is an authentic mode of knowing Rather than an emptiness that is nihilistic the void of meditative silence is according to the author a fullness in which meaning occurs Kalamaras calls for a rethinking of the implications of such a concept of silence on contemporary theories of composition and the teaching of writing
