International Faculty in East Asian Higher Education Jonathan Damiani,Peter Ghazarian,2024-12-31 This edited volume offers fresh insights into the experiences of international faculty in East Asia highlighting how they adapt to influence and are influenced by local environments With the global demand for academic work on the rise more scholars are seeking to advance their careers overseas East Asia has become a key destination for these international academics where many institutions depend on recruiting scholars from abroad to act as agents of change and support internationalization efforts This book provides a thorough analysis of foreign scholars in East Asia s evolving academic landscape by examining the challenges faced by faculty administrators and other stakeholders who have served higher education institutions abroad This contribution offers new perspectives on the relocation experiences of international academics in East Asia their adaptation processes and the extent to which theoretical scholarship aligns with the practical realities of international faculty work This book will attract scholars and researchers interested in pursuing faculty work abroad comparative and international education higher education and educational leadership

Language Documentation Lenore A. Grenoble,2010 Language documentation also often called documentary linguistics is a relatively new subfield in linguistics which has emerged in part as a response to the pressing need for collecting describing and archiving material on the increasing number of endangered languages The present book details the most recent developments in this rapidly developing field with papers written by linguists primarily based in academic institutions in North America although many conduct their fieldwork elsewhere The articles in this volume position papers and case studies focus on some of the most critical issues in the field These include 1 the nature of contributions to linguistic theory and method provided by documentary linguistics including the content appropriate for documentation 2 the impact and demands of technology in documentation 3 matters of practice in collaborations among linguists and communities and in the necessary training of students and community members to conduct documentation activities and 4 the ethical issues involved in documentary linguistics
