External Affairs and International Trade Canada, 1996 Diplomacy with a Difference: the Commonwealth Office of High Commissioner, 1880-2006 Lorna Lloyd, 2007-05-30 This book illuminates two familiar phenomena diplomacy and the Commonwealth from a new and unfamiliar angle the atypical way in which the Commonwealth s members came to and continue to engage in official relations with each other This innovative and wide ranging study is based on archival material from four states interviews and correspondence with diplomats and a wide range of secondary sources It shows how members of an empire found it necessary to engage in diplomacy and in so doing created a singular and often remarkably intimate diplomatic system The result is a fascinating multidisciplinary exploration of the evolving Commonwealth and the way in which its 53 members and Ireland conduct diplomacy with one another and in so doing have contributed a distinctive terminology to the diplomatic lexicon Documents on Canadian External Relations Canada.
