Befriending Death Michael Vocino and Alfred G. Killilea,2014-07-28 It is not easy to speak about death in our culture As children of revolution we think of our country as young energetic and future oriented Our ideals of progress and vigor seem contradicted by the concept of death But the silence about death in America is a lost opportunity for people to find insight and support in walking that lonesome valley In Befriending Death over 100 writers respond in one page each to one question In the face of death how do you find meaning and fulfillment in life Penned from people from a variety of backgrounds the essays take death seriously and openly and discuss how the authors find meaning in life This chance for a rare sharing of views on a truly profound subject has attracted commentators who are deeply religious and those who are not religious noted authors and people who have never published a word people celebrated by the world and people ignored by the world As they are all equal in their mortality they are equal in striving for an authentic existence and an honest description of what for them constitutes fulfillment While each essay in Befriending Death is unique together they present a tapestry of courage struggle and insight At a time when we are often overwhelmed by the eagerness of people to provide their opinions on politics and sports here is a rare opportunity to hear people share their most profound views on life and death

A Good Way To Go Colin G. Jamieson,2013 *A Good Way to Go* considering self determination mercy self termination tackles the difficult subjects of living dying suicide and euthanasia but concentrates on the care that can be given The book is aimed at the general public not so much to be authoritative as provide original thoughts and comprehensive enough to provide helpful material to stimulate discussions and provide an overview that might facilitate wholesome changes

in our society It is said to be well written and raising new and interesting points The plea for a more merciful society begins with pastoral help to the dying a better understanding of suicide acceptance of self termination a look at ethics health services and the law in regard to euthanasia It is written from a Christian Western perspective because that is what has brought us to this place of confusion and anxiety about death and dying It is important that we take our bicultural and multicultural future very seriously in an ever increasing secular world and it would be audacious to speak on any other culture s behalf
