Do It Yourself Or Not:

The Red Army's Do-It-Yourself, Nazi-Bashing Guerrilla Warfare Manual Lester Grau, Michael Gress, 2020-01-10
The WWII Soviet guerilla training manual that became an essential text for freedom fighters across the globe complete with illustrations When Germany invaded the Soviet Union during World War II the Red Army began recruiting local partisans to help mount a resistance This edition of The Partisan s Companion is the last and best Red Army manual used to train these men to fight Nazi invaders Besides field craft it covers partisan tactics German counter guerrilla tactics demolitions German and Soviet weapons scouting camouflage anti tank warfare and antiaircraft defense for squad and platoon level instruction It contains the Soviet lessons of two bitter years of war and provides a good look at the tactics and training of a mature partisan force While this handbook was a vital part of Soviet victory over the Nazis its usefulness outlived the Second World War It was later used to train guerrilla groups in the developing world during their wars of national liberation in the 1950s 70s Even the fedayeen guerrillas who fought US and coalition forces in Iraq relied on this manual for training tactics and general approach to combat A selection of the Military Book Club Teaching Mindfulness Skills to Kids and Teens
Christopher Willard, Amy Saltzman, 2015-09-24 Packed with creative effective ideas for bringing mindfulness into the classroom child therapy office or community this book features sample lesson plans and scripts case studies vignettes and more Leading experts describe how to harness the unique benefits of present focused awareness for preschoolers school age kids and teens including at risk youth and those with special needs Strategies for overcoming common obstacles and engaging kids with different learning styles are explored Chapters also share ways to incorporate mindfulness into a broad range of children s activities such as movement sports music games writing and art Giving clinicians and educators practices they can use immediately the book includes clear explanations of relevant research findings **The International Criminal Court** United States. Congress. Senate. Committee on Foreign Relations, 2000 **How to Do it Alone** Grace Anzalone, 2014-10-22 Products and services cost money but they often don t work as well as advertised if they work at all When you re wronged you shouldn t just accept it You should fight back This guidebook gives you the tools and information you need to get media attention to help solve the problem decide whether to pursue legal action determine if you need to hire a lawyer or if you can represent yourself understand and navigate the legal process in various courts You ll also learn the golden rule of negotiation Go to the head and not the tail If you do that and then follow up on your complaint you have a much better chance of getting your problem resolved Whether it s a dispute with a car dealer retail chain independent store or some other type of business you ll learn how to be heard Even those in charge of government agencies will listen to you if you learn How to Do it Alone Selecting the Right Analyses for Your Data W. Paul Vogt, Dianne C. Gardner, Elaine R. Vogt, Lynne M. Haeffele, 2014-05-19 What are the most effective methods to code and analyze data for a particular study This thoughtful and engaging book reviews the selection criteria for coding and analyzing any set of data whether qualitative

quantitative mixed or visual The authors systematically explain when to use verbal numerical graphic or combined codes and when to use qualitative quantitative graphic or mixed methods modes of analysis Chapters on each topic are organized so that researchers can read them sequentially or can easily flip and find answers to specific questions Nontechnical discussions of cutting edge approaches illustrated with real world examples emphasize how to choose rather than how to implement the various analyses The book shows how using the right analysis methods leads to more justifiable conclusions and more persuasive presentations of research results Useful features for teaching or self study Chapter opening preview boxes that highlight useful topics addressed End of chapter summary tables recapping the dos and don ts and advantages and disadvantages of each analytic technique Annotated suggestions for further reading and technical resources on each topic Subject Areas Keywords analyses coding combined methods data analysis data collection dissertation graphical interpretation mixed methods qualitative quantitative research analysis research designs research methods social sciences thesis visual Audience Researchers instructors and graduate students in a range of disciplines including psychology education social work sociology health and management administrators and managers who need to make data driven decisions
