Race and Religion in the Postcolonial British Detective Story Julie H. Kim,2005-07-15 In 1929 Ronald Knox a prominent member of the English Detection Club included in his tongue in cheek Ten Commandments for Detective Novelists the rule that No Chinaman must figure in the story In 1983 Ruth Rendell published *Speaker of Mandarin* reflecting not only a change in British detective fiction but also a dramatic change in the British cultural landscape Like much of the rest of British popular culture the detective novel became more and more ethnically diverse and populated by characters with increasingly varied religious backgrounds Ten essays examine the changing nature of British detective fiction focusing on the shifting view of otherness of such authors as Ruth Rendell Elizabeth George Peter Ackroyd Caroline Graham Christopher Brookmyer Denise Mina and John Mortimer Unlike their American counterparts British detective writers have been until recently overwhelmingly white and the essays here explore how these authors delve into ethnic diversity within a historically homogeneous culture Religion has also played an important role in the genre ranging from the moral certainty of the early part of the 20th century to the skepticism and hostility that is part of contemporary fiction How this transition was made and how it reflects the changing nature of British culture are detailed here [The Queer Cultures of 1930s Prose](#) Charlotte Charteris,2019-01-04 Offering a radical reassessment of 1930s British literature this volume questions the temporal limits of the literary decade and broadens the scope of queer literary studies to consider literary historical responses to a variety of behaviours encompassed by the term queer in its many senses Whilst it is informed by the history of sexuality in twentieth century Europe it is also profoundly concerned with what Christopher Isherwood termed the market value of the Odd Drawing for its methodology on the work of Raymond Williams it traces the impact of the Great War on the development of language examining the use of ten keywords in the prose of Christopher Isherwood Evelyn Waugh and Patrick Hamilton and that of their respective literary milieux in order to establish how queer lives and modern sub cultural identities were forged collaboratively within the fictional realm By utilizing contemporary perspectives on performativity in

conjunction with detailed close readings it repositions these authors as self-conscious agents actively producing their own queer masculinities through calculated acts of linguistic transgression

Detective Fiction in Cuban Society and Culture Stephen Wilkinson, 2006 This book examines Cuban society through a study of its detective fiction and more particularly contemporary Cuban society through the novels of the author and critic Leonardo Padura Fuentes The author traces the development of Cuban detective writing in the light of the work of twentieth-century Western European literary critics and philosophers including Raymond Williams Antonio Gramsci Terry Eagleton Roland Barthes Jean Paul Sartre Michel Foucault Jean-François Lyotard and Jean Baudrillard in order to gain a better understanding of the social and historical context in which this genre emerged The analysis includes discussion of the broader philosophical political and historical issues raised by the Cuban revolution The book concludes that the study of this popular genre in Cuba is of crucial importance to the scholar who wishes to reach as full an understanding of the social dynamics within that society as possible

Detective Agency Priscilla L. Walton, Manina Jones, 1999-05-31 A fun book about genre fiction and the ways women have appropriated the hard-boiled tradition of Sam Spade Philip Marlowe and Mike Hammer and the writings of Hammet Chandler Spillane and others A story of texts movies TV shows and publishing it goes quite beyond textual analysis A bit like Jan Radway's and Tania Modleski's analysis of culture in the making and we'll probably have blurbs from both on the cover of our book

Adapting Detective Fiction Neil McCaw, 2011-01-20

Literature and Justice in Mid-Twentieth-Century Britain Victoria Stewart, 2023 This book examines how ideas about crime and judicial procedure that had developed in a domestic context influenced the representation and understanding of war crimes trials victims of war crimes and war criminals in post-WW II Britain The depiction of Belsen concentration camp and the subsequent British-run trial are a focal point

Graham Greene's Thrillers and the 1930s Brian Diemert, 1996 In *Graham Greene's Thrillers and the 1930s* Brian Diemert examines the first and most prolific phase of Graham Greene's career demonstrating the close relationship between Greene's fiction and the political economic social and literary contexts of the period Situating Greene alongside other young writers who responded to the worsening political climate of the 1930s by promoting social and political reform Diemert argues that Greene believed literature could not be divorced from its social and political milieu and saw popular forms of writing as the best way to inform a wide audience Diemert traces Greene's adaptation of nineteenth-century romance thrillers and classical detective stories into modern political thrillers as a means of presenting serious concerns in an engaging fashion He argues that Greene's popular thrillers were in part a reaction to the high modernism of writers such as James Joyce Gertrude Stein and Virginia Woolf whose esoteric experiments with language were disengaged from immediate social concerns and inaccessible to a large segment of the reading public

Forever England Alison Light, 2013-08-21 Most studies of the interwar years have focussed upon literary elites rendering that past and its literature in almost exclusively male terms In *Forever England* Alison Light argues that we cannot make sense of Englishness in the period or understand

the changes within literary culture unless we recognise the extent to which the female population represented the nation between the wars From the traumatic aftermath of the First World War *Forever England* traces the making of a conservative national temperament which could be defensive and protective yet modernising in outlook In a series of literary analyses the author suggests some of the tones and accents of this new version of Englishness in particular she looks at new kinds of readership and fiction at the historical and emotional significance of the whodunit the burgeoning of historical romance and the creation of a middlebrow culture in the period *Forever England* evokes a powerful sense of period and of the pleasures of reading providing an intimate picture of interwar life from inside the English middle classes As a feminist inquiry it argues from a different kind of social and political history one which makes connections between the interior structures of private life and their more public national forms Controversially it also urges that feminism deal with conservative as well as radical desires and their place in women's lives

Fiction, Crime, and Empire Jon Thompson, 1993 Reading fiction from high and low culture together *Fiction Crime and Empire* skillfully sheds light on how crime fiction responded to the British and American experiences of empire and how forms such as the detective novel spy thrillers and conspiracy fiction articulate powerful cultural responses to imperialism Poe's Dupin stories for example are seen as embodying a highly critical vision of the social forces that were then transforming the United States into a modern democratic industrialized nation a century later Le Carr employs the conventions of espionage fiction to critique the exhausted and morally compromised values of British imperialism By exploring these works through the organizing figure of crime during and after the age of high imperialism Thompson challenges and modifies commonplace definitions of modernism postmodernism and popular or mass culture

[Watching the Detectives](#) Ian F. A. Bell, Graham Daldry, 1990-06-18 In this collection of essays a number of critics offer commentary on the crime fiction genre exploring the kinds of pleasure it offers Looking under the attractive surface of these books the contributors discover a number of complex issues

The English Eliot Steve Ellis, 2015-12-22 This book first published in 1991 supplies a neglected cultural context for T S Eliot's writings of the 1930s and 1940s particularly *Four Quartets* and attempts to disprove the widespread belief in Eliot's unproblematic commitment to England and the Englishness The book traces Eliot's classicism not only in linguistic and formalist terms but also in his construction of England in the *Quartets* and *Quartets* related essays His practice is related to the vigorous polemic concerning the definition of England found in the 1930s and 1940s in material as diverse as landscape painting advertising travel literature and the detective novel This original and provocative text will not only be of interest to students and teachers of Eliot but to those interested in representations of nationality

Class and Culture in Crime Fiction Julie H. Kim, 2014-04-04 The crime fiction world of the late 1970s with its increasingly diverse landscape is a natural beginning for this collection of critical studies focusing on the intersections of class culture and crime each nuanced with shades of gender ethnicity race and politics The ten new essays herein raise broad and complicated questions about the role of class and culture in transatlantic crime fiction beyond the Golden Age How is class understood in detective fiction other than as a socioeconomic marker Can we distinguish between major British and American class concerns as they relate to crime How politically informed is popular detective fiction in responding to economic crises in Scotland Ireland England and the United States When issues of race and gender intersect with concerns of class and culture does the crime writer privilege one or another factor Do values and preoccupations of a primarily middle class readership get reflected in popular detective fiction
