Dogmatics in paperback **Creation, Sin and Reconciliation** Robert Ignatius Letellier, 2016-02-08 This volume considers aspects of the Book of Genesis as the first book of the Torah and hence of the Bible its position is unique especially in its provision of the foundational stories of Creation the emergence of mankind and the beginning of human society Through close reading of chapters 1 11 32 33 and 37 50 the beginning middle and end of Genesis with consideration of the language style and possible implications of the text this approach explores the fundamental themes of Berishit and the enduring relevance of its powerful message for humanity and our place in the world The method is both synchronic a literary exegetical analysis of the received text and diachronic a more historical consideration of other forms of interpretation whether archaeological theological philosophical generic or comparative The mystery of creation and the origins of the world and humankind are enduringly important and with the rise of interest in cosmology and ever growing ecological concerns for the earth and its sustainability nothing could be more topical Where do we come from What is our place in the world What is our responsibility for it Intimately related to Creation are the nature of human origins and the mystery of the beautiful yet disturbing imperfection of human nature and society Why are we as we are What does this mean for concepts of family community and nation The Patriarchal Narratives of the forebears of Ancient Israel Abraham Isaac Jacob and Joseph provide some of the most enduring stories of election mission endeavour and interaction in the annals of world literature The power and unwavering truthfulness of these stories hold a mirror to human behaviour with seemingly fathomless implications They provide a dynamic a positive way forward in reflecting on the intractable hostility that perennially blights the history of humankind The recurrence of universal themes and symbols generated in Genesis and found throughout the Bible and in

wider folk literature emphasizes the conceptual unity of a Great Code of meaning and is pertinent to a canonical reading of Scripture for example Joseph's story prefigures that of Jesus and posits reconciliation as the very harbinger of salvation

Church Doctrine, Volume 3 Paul C. McGlasson, 2015-10-02 The present volume is the third in a five volume study of church doctrine The multivolume set covers the major parts of church doctrine Canon God Creation Reconciliation and Redemption The first volume begins with an introduction to the entire project on why doctrine matters which stresses the ecumenical global and above all biblical horizons of church doctrine as a primary expression of Christian witness The second volume discusses the doctrine of God The purpose of this third volume is to reaffirm the traditional church doctrine of Creation and yet to do so in a way that submits that tradition to the overruling overpowering authority of Scripture God the Creator according to the Bible owns the entire universe it does not belong to humankind We live in service of his covenant of grace but we do so along with our fellow creatures in a common vulnerability and finitude The volume addresses the question of how the church doctrine of Creation speaks to the manifold ecological crisis of our time Church doctrine is not a luxury but a necessity for the living community of faith by which its witness in word and deed is tested against the one true measure of Christ the risen Lord

Revelation and Reason Colin E. Gunton, 2008-11-20 Colin Gunton was a world renowned scholar systematic theologian and Reformed Church minister Revelation and Reason is an in depth analysis derived from the annual lecture seminar course he gave to MA students at King's College London Approximately one third of the work is a direct transcript and analysis of the three two hour lectures Colin Gunton gave at a break neck speed

- 1 From Reason and Revelation to Revelation And Reason
- 2 The Modern Problem in an Historical Context
- 3 Aspects of Karl Barth on Faith And Reason

These lectures were a history analysis and critique of Revelation and Reason in Systematic Theology and Philosophy culminating with Karl Barth The remainder is a transcript of the unrehearsed unscripted extemporaneous responses Colin Gunton gave to MA student's papers on set topics in the Revelation and Reason course seamlessly integrated where relevant with detail from the main three lectures Colin was a creative lecturer and widely read theologian and philosopher These extemporaneous responses show the breadth of his learning and his genius spontaneously to bring to mind relevant ideas from a wealth of theologians and philosophers whilst incisively and piercingly exposing the flaws as well as the strengths under consideration From this wealth of reading Colin gave space to

the free rein of his mind particularly when fielding questions or trying to analyze a particular strand of a theologian's thought

Revelation and Reason is a complementary volume to Colin Gunton's posthumously published *The Barth Lectures Continuum* 2007 and to the first volume of his unfinished *Systematic Theology* also forthcoming from T T Clark

The Barth Lectures Colin E. Gunton, 2007-07-10 Colin Gunton was world renowned as a scholar systematic theologian and Reformed minister however he never lived to fulfill his ambition to write a book devoted solely to Barth Gunton on Barth is an in depth analysis derived from the lecture course he gave most years at King's College London something of an annual institution it was aimed at undergraduates though the majority of those attending were MA PhD students and researchers from America and Germany Approximately half of the work consists of quotations representing an essential understanding Colin was a creative lecturer although he worked from notes he gave space to the free rein of his mind particularly when fielding questions or trying to analyze a particular strand of Barth's thought Colin's understanding and expertise was world renowned He did not take all Barth wrote uncritically he struggled and wrestled with this giant of twentieth century theology as he always said at the beginning of the course Not everyone buys into Barth I don't all the way along the line as I get older I get more and more dissatisfied with the details of his working out of the faith over the years I think I have developed a reasonable view of this great man who is thoroughly exciting and particularly I can guarantee if you do this course that you will be a better theologian by the third year whether or not you agree with him he is a great man to learn to think theologically with

The Reader's Adviser, 1977

Reconsidering Evil Petruschka Schaafsma, 2006 The notion of evil is not undisputed in contemporary philosophy and theology The reasons for this vary from aversion to the use of

a vague comprehensive term like evil to hesitation at the suggestion of an uncontrollable non human power of force that seems to cling to the idea of evil On the other hand in popular discourse speaking of evil prevails one almost keeps stumbling over allusions to it However such language often seems to be incidental and not a natural part of a whole way of thinking Thus the present situation demands a regauging of the notion of evil Reconsidering Evil attempts this regauging by comparing the nature and status of the theme of evil in four different approaches Paul Ricoeur s approach via symbols and myths of evil provides a focus that enables an analysis and comparison of the highly reflective views of Immanuel Kant Karl Jaspers and Karl Barth who represent an ethical tragic and a non theodician theological view respectively This book sets out to determine whether one can claim that speaking of evil is most at home in a specific way of thinking In the final chapter the notion of the end of evil turns out to be very important for understanding the specific character of a religious view of evil In comparison with Kant s ethical view and Jaspers tragic one the broadest or richest understanding of evil is to be found in a religious context However the comparison of the different approaches also shows the possible dangers of this religious view Thus by means of an in depth analysis and comparison of these thinkers the relevance of the theme of evil for present day philosophy of religion is critically examined
