Documental Inside A Poetic Mind:

Documental Marcy Alexis, 2002 I've always thought it too bad that emotions can't be set gently on pages like words. Oh, sure words convey emotions but wouldn't it be nice to be able to put not the word happiness but happiness on a page not the word laughter but the giggle itself not the word pride but the wonderful feeling we older poets feel when we see the youngsters rising up to take not our places but their own. I am so delighted with *Documental Inside a Poetic Mind*. Everyone should read this book. Nikki Giovanni *Poetry in General* Keegan Cook Finberg, 2025-11-04 In the second half of the twentieth century poetry leapt out of books and became an interdisciplinary public form. Poetry entered bureaucratic systems of organization like index card catalogues; it pushed the boundaries of privately owned public parks. Keegan Cook Finberg argues that poetry became an increasingly capacious force during this period because it could speak directly to the degradation of the social democratic notion of the public. *Poetry in General* explores how poets expanded their practice into the realms of politics, work, and everyday life from 1960 to the present, from the apex of the welfare state to an era of privatization and austerity. It considers a compelling array of figures including Yoko Ono, George Brecht, Frank O'Hara, Amiri Baraka, Bernadette Mayer, Eleanor Antin, Adrian Piper, and M. NourbeSe Philip, whose works draw on conceptual techniques to transform official documents and spaces. Finberg shows how these public texts expose the mechanisms of the neoliberal consensus about work and leisure, the state's facilitation of capitalism, and enduring racial and gender inequities. She also provides politically charged ways to interpret and critique racial capitalism, antiabortion legislation, and mass debt. A new literary and institutional history of postwar poetics, this book shows how poetic experiments address the privatization of collective life and rethink the category of the public.

Contested Records Michael Leong, 2020-05-13 Why have so many contemporary poets turned to source material from newspapers to governmental records as inspiration for their poetry? How can citational poems offer a means of social engagement? *Contested Records* analyzes how some of the most well-known twenty-first century North American poets work with fraught documents. Whether it's the legal paperwork detailing the murder of 132 African captives, state transcriptions of the last words of death row inmates, or testimony from miners and rescue workers about a fatal mine disaster, author Michael Leong reveals that much of the power of contemporary poetry rests in its potential to select, adapt, evaluate, and extend public documentation. Examining the use of documents in the works of Kenneth Goldsmith, Vanessa Place, Amiri Baraka, Claudia Rankine, M. NourbeSe Philip, and others, Leong reveals how official records can evoke a wide range of emotions, from hatred to veneration, from indifference to empathy, from desire to disgust. He looks at techniques such as collage, plagiarism, re-reporting, and textual outsourcing and evaluates some of the most loved and reviled contemporary North American poems. Ultimately, Leong finds that if bureaucracy and documentation have the power to police and traumatize through the exercise of state power, then so too can document-based poetry function as an unofficial counterhegemonic and popular practice that authenticates marginalized experiences at the fringes of our cultural

Paul Broca and the Origins of Language in the Brain Leonard L. LaPointe,2012-09-01 Alfonso Reyes and Spain Barbara Bockus Aponte,2013-11-19 Alfonso Reyes the great humanist and man of letters of contemporary Spanish America

began his literary career just before the outbreak of the Mexican Revolution of 1910. He spearheaded the radical shift in Mexico's cultural and philosophical orientation as a leading member of the famous Athenaeum Generation. The crucial years of his literary formation, however, were those he spent in Spain, 1914-1924. He arrived in Madrid unknown and unsure of his future. When he left, he had achieved both professional maturity and wide acclaim as a writer. This book has as its basis the remarkable correspondence between Reyes and some of the leading spirits of the Spanish intellectual world, covering not only his years in Spain but also later exchanges of letters. Although Reyes always made it clear that he was a Mexican and a Spanish American, he became a full-fledged member of the closed aristocracy of Spanish literature. It was the most brilliant period in Spain's cultural history since the Golden Age, and it is richly represented here by Reyes' association with five of its most important figures. Miguel de Unamuno and Ramn del Valle Incln were of the great Generation of '98; among the younger writers were Jos Ortega y Gasset, essayist and philosopher, the Nobel poet Juan Ramn Jimnez, and Ramn Gmez de la Serna, a precursor of surrealism. Alfonso Reyes maintained lifelong friendships with these men, and their exchanges of letters are of a dual significance. They reveal how the years in Spain allowed Reyes to pursue his vocation independently, thereby prompting him to seek universal values. Coincidentally, they provide a unique glimpse into the inner world of those friends and their dreams of a new Spain.
