**Alexander Bestuzhev-Marlinsky and Russian Byronism** Lewis Bagby, 2010-11-01      **Alexander Bestuzhev-Marlinsky** Lauren G. Leighton, 1975      *Stories* Alexander Bestuzhev, 2016-01-05 Alexander Alexandrovich Bestuzhev 3 November O S 23 October 1797 19 June O S 7 June 1837 was a Russian writer and Decembrist After the Decembrist revolt he was sent into exile to Caucasus where Russian Empire was waging the war against the Circassians There writing under the pseudonym Marlinsky He became known as a romantic poet short story writer and novelist He was killed there in a skirmish wikipedia org      *Alexander Bestuzhev-Marlinsky* Lauren G. Leighton, 1975      The Oxford Handbook of European Romanticism Paul Hamilton, 2016 The Oxford Handbook of European Romanticism focuses on the period beginning with the French Revolution and extending to the uprisings of 1848 across Europe It brings together leading scholars in the field to examine the intellectual literary philosophical and political elements of European Romanticism The volume begins with a series of chapters examining key texts written by major writers in languages including French German Italian Spanish Russian Hungarian Greek and Polish amongst others Then follows a second section based on the naturally inter disciplinary quality of Romanticism encapsulated by the different discourses with which writers of the time set up an internal comparative dynamic These chapters highlight the sense a discourse gives of being written knowledgeably against other pretenders to completeness or comprehensiveness of understanding and the Enlightenment encyclopaedic project Discourses typically push their individual claims to resume European culture collaborating and trying to assimilate each other in the process The main examples featuring here are history geography drama theology language geography philosophy political theory the sciences and the media Each chapter offers original and individual interpretation of individual aspects of an inherently comparative world of individual writers and the discursive idioms to which they are historically subject Together the forty one chapters provide a comprehensive and unique overview of European Romanticism

**Lermontov's "A Hero of Our Time"** Lewis Bagby, 2002-06-05 Mikhail Lermontov s book A Hero of Our Time was written in 1840 and is an important work of psychological realism This volume includes articles by theorists from various perspectives      **Reference Guide to Russian Literature** Neil Cornwell, 2013-12-02 First Published in 1998 This volume

will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public      **Jews and Ukrainians in Russia's Literary Borderlands** Amelia Glaser, 2012-02-22 Studies of Eastern European literature have largely confined themselves to a single language culture or nationality In this highly original book Glaser shows how writers working in Russian Ukrainian and Yiddish during much of the nineteenth century and the early part of the twentieth century were in intense conversation with one another The marketplace was both the literal locale at which members of these different societies and cultures interacted with one another and a rich subject for representation in their art It is commonplace to note

the influence of Gogol on Russian literature but Glaser shows him to have been a profound influence on Ukrainian and Yiddish literature as well And she shows how Gogol must be understood not only within the context of his adopted city of St Petersburg but also that of his native Ukraine As Ukrainian and Yiddish literatures developed over this period they were shaped by their geographical and cultural position on the margins of the Russian Empire As distinctive as these writers may seem from one another they are further illuminated by an appreciation of their common relationship to Russia Glaser s book paints a far more complicated portrait than scholars have traditionally allowed of Jewish particularly Yiddish literature in the context of Eastern European and Russian culture

**Writing at Russia's Borders** Katya Hokanson,2008-09-15 It is often assumed that cultural identity is determined in a country s metropolitan centres Given Russia s long tenure as a geographically and socially diverse empire however there is a certain distillation of peripheral experiences and ideas that contributes just as much to theories of national culture as do urban centred perspectives Writing at Russia s Border argues that Russian literature needs to be reexamined in light of the fact that many of its most important nineteenth century texts are peripheral not in significance but in provenance Katya Hokanson makes the case that the fluid and ever changing cultural and linguistic boundaries of Russia s border regions profoundly influenced the nation s literature posing challenges to stereotypical or territorially based conceptions of Russia s imperial military and cultural identity A highly canonical text such as Pushkin s Eugene Onegin 1831 which is set in European Russia is no less dependent on the perspectives of those living at the edges of the Russian Empire than is Tolstoy s The Cossacks 1863 which is explicitly set on Russia s border and has become central to the Russian canon Hokanson cites the influence of these and other peripheral texts as proof that Russia s national identity was dependent upon the experiences of people living in the border areas of an expanding empire Produced at a cultural moment of contrast and exchange the literature of the periphery represented a negotiation of different views of Russian identity an ingredient that was ultimately essential even to literature produced in the major cities Writing at Russia s Border upends popular ideas of national cultural production and is a fascinating study of the social implications of nineteenth century Russian literature

**Authenticity and Fiction in the Russian Literary Journey, 1790-1840** Andreas Schönlé,2000 In illuminating analyses of major texts as well as lesser known but influential works Andreas Schönlé surveys the literary travelogue a form marked by a fully developed narrator s voice interpretive impressions scenic descriptions and extended narrative from its emergence in Russia to the end of the Romantic era

Esoteric Tradition in Russian Romantic Literature Lauren G. Leighton,2010-11-01 It deals extensively with Decembrism the political conspiracy so known after its culmination in a failed attempt to overthrow the tsarist autocracy in December 1825 The Decembrist writers and other romantics influenced by Freemasonry including Kondraty Ryleyev Alexander Bestuzhev Marlinsky and Alexander Pushkin were adept in the application of thaumaturgical skills to literature

**Byron's European Impact** Peter Cochran,2015-05-13 The works of Lord Byron and his friend Sir Walter Scott had an influence on European literature which was immediate and

profound Peter Cochran's book charts that influence on France Germany Italy Spain Poland and Russia with individual chapters on Goethe Pushkin and Baudelaire and one special chapter on Ibsen who called Peer Gynt his Manfred Cochran shows that although Byron's best work is his satirical writing which is aimed in part at his earlier romantic material and its readership his self-correction was not taken on board by many European writers Pushkin being the exception and it was the gloomy Byronic Heroes who held sway These were often read as revolutionaries but were in fact dead end It was a mythical not a literary Byron whom people thought they had read The book ends with chapters on three British writers who seem at last to have read Byron in their different ways accurately Eliot Joyce and Yeats      **Petersburg** Николай Алексеевич Некрасов, Thomas Gaiton Marullo, 2009 This collection of short works forms a documentary of life in the mid nineteenth century metropolis      Contested Russian Tourism Susan Layton, 2021-08-10 This literary cultural history examines imperial Russian tourism's entanglement in the vexed issue of cosmopolitanism understood as receptiveness to the foreign and pitted against provinciality and nationalist anxiety about the allure and the influence of Western Europe The study maps the shift from Enlightenment cosmopolitanism to Byronic cosmopolitanism with special attention to the art pilgrimage abroad For typically middle class Russians daunted by the cultural riches of the West vacationing in the North Caucasus Georgia and the Crimea afforded the compensatory opportunity to play colonizer kings and queens in Asia Drawing on Anna Karenina and other literary classics travel writing journalism and guidebooks the investigation engages with current debates in cosmopolitan studies including the fuzzy paradigm of colonial cosmopolitanism      **Russian Literature** Andrew Baruch Wachtel, Ilya Vinitsky, 2013-05-08 For most English speaking readers Russian literature consists of a small number of individual writers nineteenth century masters such as Dostoevsky Tolstoy and Turgenev or a few well known works Chekhov's plays Brodsky's poems and perhaps Master and Margarita and Doctor Zhivago from the twentieth century The medieval period as well as the brilliant tradition of Russian lyric poetry from the eighteenth century to the present are almost completely terra incognita as are the complex prose experiments of Nikolai Gogol Nikolai Leskov Andrei Belyi and Andrei Platonov Furthermore those writers who have made an impact are generally known outside of the contexts in which they wrote and in which their work has been received In this engaging book Andrew Baruch Wachtel and Ilya Vinitsky provide a comprehensive conceptually challenging history of Russian literature including prose poetry and drama Each of the ten chapters deals with a bounded time period from medieval Russia to the present In a number of cases chapters overlap chronologically thereby allowing a given period to be seen in more than one context To tell the story of each period the authors provide an introductory essay touching on the highpoints of its development and then concentrate on one biography one literary or cultural event and one literary work which serve as prisms through which the main outlines of a given period's development can be discerned Although the focus is on literature individual works lives and events are placed in broad historical context as well as in the framework of parallel developments in Russian art and music      **Tolstoy in Context**

Anna A. Berman,2022-12-22 Likened to a second Tsar in Russia and attaining prophet like status around the globe Tolstoy made an impact on literature and the arts religion philosophy and politics His novels and stories both responded to and helped to reshape the European and Russian literary traditions His non fiction incensed readers and drew a massive following making Tolstoy an important religious force as well as a stubborn polemicist in many fields Through his involvement with Gandhi and the Indian independence movement his aid in relocating the Doukhobors to Canada his correspondence with American abolitionists and his polemics with scientists in the periodical press Tolstoy engaged a vast array of national and international contexts of his time in his life and thought This volume introduces those contexts and situates Tolstoy the man and the writer in the rich and tumultuous period in which his intellectual and creative output came to fruition

*Music and Decadence in European Modernism* Stephen Downes,2010-06-03 Downes presents a detailed examination of the significance of decadence in Central and Eastern European modernist music

**Tolstoy: A Guide for the Perplexed** Jeff Love,2008-11-25 Literature

**Orientalism and the Hebrew Imagination** Yaron Peleg,2018-07-05

Calling into question prevailing notions about Orientalism Yaron Peleg shows how the paradoxical mixture of exoticism and familiarity with which Jews related to Palestine at the beginning of the twentieth century shaped the legacy of Zionism In Peleg s view the tension between romancing the East and colonizing it inspired a revolutionary reform that radically changed Jewish thought during the Hebrew Revival that took place between 1900 and 1930 Orientalism and the Hebrew Imagination introduces a fresh voice to the contentious debate over the concept of Orientalism Zionism has often been labeled a Western colonial movement that sought to displace and silence Palestinian Arabs Based on his readings of key texts Peleg asserts that early Zionists were inspired by Palestinian Arab culture which in turn helped mold modern Jewish gender identity and culture Peleg begins with the new ways in which the lands of the Bible are formulated as a modern Orient in David Frishman s *Bamidbar* He continues by showing how in *The Sons of Arabia* Moshe Smilansky laid the basis for the literary construction of the New Jew modeled after Palestinian Arabs Peleg concludes with a discussion of L A Arielli s 1913 play *Allah Karim* in which both the promise and the problems of the Land of Israel as Orient marked the end of Hebrew Orientalism as a viable cultural option

*Russian Subjects* Monika Greenleaf,Stephen Moeller-Sally,1998 This collection of essays resituates poetic works by Derzhavin Krylov Batisushkov Pushkin Girboedov Lermontov Baratynsky and Pavlova within the force fields of contradictory cultural pressures as are the once best selling prose narratives of Narezhnyi Karamzin Viazemsky and others
