Visions C.G. Jung,2022-05-29 For Jung the beautiful and brilliantly creative 28 year old Christiana Morgan was an inspired force whose path in self analysis paralleled his own quest for personal knowledge By teaching Morgan the trance like technique of active imagination Jung helped her embark on a series of archetypal adventures which she depicted in paintings of great virtuosity and he candidly recounted at a seminar given to some of his closest followers Through his eloquent description of the fiery mythic visions of a woman discovering her repressed sexuality and feminine power Jung reveals how deeply this encounter challenged his understanding of feminine psychology These two volumes bring together for the first time colour reproductions of Morgan s paintings with a complete transcript of the seminar **The Oxford Companion to Fairy Tales** Jack Zipes,2015 This Oxford companion provides an authoritative reference source for fairy tales exploring the tales themselves both ancient and modern the writers who wrote and reworked them and related topics such as film art opera and even advertising **Austrian Information** ,2010 *Cinema and Painting* Angela Dalle Vacche,1996 The visual image is the common denominator of cinema and painting and indeed many filmmakers have used the imagery of paintings to shape or enrich the meaning of their films In this discerning new approach to cinema studies Angela Dalle Vacche discusses how the use of pictorial sources in film enables eight filmmakers to comment on the interplay between the arts on the dialectic of word and image on the relationship between artistic creativity and sexual difference and on the tension between tradition and modernity Specifically Dalle Vacche explores Jean Luc Godard s iconophobia Pierrot Le Fou and Andrei Tarkovsky s iconophilia Andrei Rubleov Kenji Mizoguchi s split allegiances between East and West Five Women around Utamaro Michelangelo Antonioni s melodramatic sensibility Red Desert Eric Rohmer s project to convey interiority through images The Marquise of O F W Murnau s debt to Romantic landscape painting Nosferatu Vincente Minnelli s affinities with American Abstract Expressionism An American in Paris and Alain Cavalier s use of still life and the close up to explore the realms of mysticism and femininity Th r se While addressing issues of influence and intentionality Dalle Vacche concludes that intertextuality is central to an appreciation of the dialogical nature of the filmic medium which in appropriating or rejecting art history defines itself in relation to national traditions and broadly shared visual cultures
